Item 5.4 of the provisional agenda

REVISION OF THE INTEGRATED COMPREHENSIVE STRATEGY FOR CATEGORY 2 INSTITUTES AND CENTRES UNDER THE AUSPICES OF UNESCO

OUTLINE

Source: 35 C/Resolution 103 and 190 EX/Decision 18 (I).

Background: At its 190th session, the Executive Board adopted 190 EX/Decision 18 (I) proposing to the General Conference a revision of the integrated comprehensive strategy for category 2 institutes and centres (35 C/22 and Corr.), as adopted at the 35th session of the General Conference by 35 C/Resolution 103. The present document reflects the recommendations by the Executive Board and shows proposed amendments (in track changes).

Purpose: To revise the strategy for category 2 institutes and centres as recommended by the Executive Board. The revised strategy shall supersede all relevant prior resolutions by the General Conference on the subject.

Decision required: Paragraph 5.

1. At its 190th session, by its decision 190 EX/Decision 18 (I), paragraph 6, the Executive Board recommended “that the General Conference, at its 37th session, amend the current Integrated Comprehensive Strategy for Category 2 Institutes and Centres so as to further strengthen category 2 status renewal procedures, improve alignment of category 2 institutes/centres’ operations with UNESCO’s results-based management approach and sectoral

strategies, strengthen the monitoring and reporting requirements of the network, and reduce the cost to UNESCO of maintaining this network in terms of human and financial resources, taking into consideration suggestions in paragraph 23 of document 190 EX/18 Part I, as well as the special needs of developing countries”.

2. The related recommendations of document 190 EX/18 Part I, paragraph 23 are as follows:

“... while the current Integrated Comprehensive Strategy for Category 2 Institutes and Centres (35 C/22 and Corr.) does provide a solid basis for the governance of the network as whole, a number of amendments to the strategy and to the related model agreement may need to be considered by the Executive Board for recommendation to the General Conference so as to further strengthen the management of the network and overcome current weaknesses by introducing:

- (i) a clause into the Integrated Comprehensive Strategy which requires all institutes/centres to comply with relevant sector strategies;
- (ii) a modification of model agreement Article 15 and Article 16 of the Integrated Comprehensive Strategy which would remove the possibility of an automatic renewal of institutes/centres in perpetuity, and would specify that the renewal or denunciation of an agreement would have to be decided by the Executive Board based on the results of the renewal assessment;
- (iii) Accordingly, in line with the above, A.4 of the Integrated Comprehensive Strategy would have to be modified to the effect that the denunciation of an agreement due to a negative renewal review assessment would be incumbent upon the Executive Board;
- (iv) a clause which requires all institutes/centres to provide regular and consistent reporting to UNESCO's governing bodies on their contribution to achieve UNESCO's strategic programme objectives through UNESCO's statutory reports (EX/4 and C/3) and through submission of biennial reports;
- (v) a revision of provision E.1.2 stating that Member States or individual institutes/centres should fund the full cost to UNESCO of feasibility studies, UNESCO participation in institute or centre governing bodies, renewal review assessments, and any annual coordination meetings.”

3. At its 192nd session, by its decision 192 EX/Decision 16 (VII) (5) (d), the Executive Board further decided that new proposals for category 2 institutes and centres should be submitted once per biennium.

4. The present document reflects the consolidated proposals for the current strategy (35 C/22 and Corr.) and for the existing model agreement (35 C/22 and Corr., Attachment 2), for the related ruling guidelines for the creation of institutes and centres (35 C/22 and Corr., Attachment 1 and 190 EX/18 Part I, Annex) and for the guidelines for the renewal assessment procedures (190 EX/INF.16).

5. Accordingly, the General Conference may wish to adopt the following resolution:

The General Conference,

Recalling 35 C/Resolution 103, 190 EX/Decision 18 (I), paragraph 6 and, in particular, recommendations contained in 190 EX/18 Part I, paragraph 23, 192 EX/Decision 15 (I) and 192 EX/Decision 16 (VII) (5) (d),

Also recalling documents 190 EX/18 Part I, 190 EX/INF.16, Draft 37 C/4 and Draft 37 C/5,

Having examined document 37 C/18 Part I and its annex,

1. *Decides* to approve the amended integrated comprehensive strategy and its attachments, as recommended by the Executive Board,
2. *Decides* that this integrated comprehensive strategy shall supersede all relevant prior resolutions by the General Conference on the subject,
3. *Requests* the Director-General to apply the strategy to all proposals for the establishment of category 2 institutes and centres and all renewals of existing agreements.

ANNEX

THE PROPOSED REVISED INTEGRATED COMPREHENSIVE STRATEGY FOR CATEGORY 2 INSTITUTES AND CENTRES UNDER THE AUSPICES OF UNESCO

A. Establishment, periodic review and evaluation

A.1 Establishment and designation

- A.1.1 Based on the proposal by one or several Member States and complemented by a feasibility study carried out by the Director-General, the Executive Board recommends to the General Conference the designation of a category 2 institute or centre under the auspices of UNESCO.
- A.1.2 Category 2 institutes and centres can only be established by a resolution of the General Conference. Such a decision must specifically state that the entity in question is to be “under UNESCO’s auspices”.
- A.1.3 The designation as a category 2 institute and centre may be granted to an existing entity or to an institution in the process of being created.
- A.1.4 The Director-General must be explicitly authorized by the General Conference to conclude an agreement with the Member State or Member States concerned on the establishment of a category 2 institute and centre.
- A.1.5 In certain cases, the General Conference may authorize the Executive Board to take a decision on its behalf in designating a category 2 institute or centre.
- A.1.6 Attachment 1 to this strategy sets out guidelines for the procedures to be followed in the creation of institutes or centres under the auspices of UNESCO (category 2).
- A.1.7 Attachment 2 to this strategy contains a generic draft model agreement. In applying the model agreement governing the establishment of such centres enough flexibility should be allowed in order to take into account the legal constraints of Member States in proposing the establishment of such centres.

A.2 Legal responsibility of UNESCO: While category 2 institutes and centres are associated with UNESCO, they are legally outside the Organization. They enjoy legal and functional autonomy. Hence, UNESCO is not legally responsible for them and it shall bear neither responsibility nor liabilities of any kind, be it managerial, financial or otherwise.

A.3 Periodic review and evaluation

- A.3.1 The agreement for the establishment of an institute or centre as a category 2 institute shall be concluded for a definite time period, not exceeding six years. The agreement may be renewed by the Director-General in the light of the review in A.3.2 and A.3.3 and the evaluation referred to in A.3.34 and once the Executive Board has taken its decision.
- A.3.2 At least six months prior to the expiration of the agreement, the Director-General will carry out a review of the activities of the institutes and centres and of their contribution to the strategic programme objectives of the Organization and the strategy for category 2 institutes and centres approved by the General Conference. ~~He will include the results of this review in the report to the Executive Board on the execution of the Programme.~~

A.3.3 The Director-General will include the results of this review in his report to the Executive Board on the execution of the Programme with recommendations as to whether the designation as category 2 institute or centre under the auspices of UNESCO should be maintained, terminated or not renewed. For each institute and centre under review, the termination or non-renewal of an agreement is incumbent upon the Executive Board.

A.3.4 To facilitate the review, the Internal Oversight Service will consider in its planned evaluations of strategic programme objectives, the contribution of the relevant category 2 institutes and centres to the strategic programme objectives under review.

A.4 Termination:

The draft agreement should specify that either of the contracting parties shall be entitled to denounce the agreement concluded, with no legal or financial repercussions, and hence terminate the designation as category 2 institute or centre.

The termination or non-renewal of an agreement shall be authorized by a ~~resolution of the General Conference~~ decision of the Executive Board, on the basis of a recommendation provided by the Director-General.

In the event of a breach of the agreement, the Director-General ~~is authorized~~ can propose to the Executive Board to terminate the agreement immediately.

The termination shall also occur in case the institute or centre ceases to exist.

B. Activities and operations

B.1 Global, regional, subregional or interregional scope: The activities of category 2 institutes and centres must be global, regional, subregional or interregional in scope. These institutes and centres could be sponsored and supported by one Member State or by a broad coalition of Member States. Entities with a national scope only do not qualify for designation as category 2 institutes and centres.

B.2 Contribution to UNESCO's programmes:

B.2.1 Each category 2 entity ~~should~~ shall contribute to the achievement of UNESCO's strategic programme objectives and global priorities of the Organization, as well as ~~and~~ sectoral or intersectoral programme priorities and themes, defined in the C/5 document.

B.2.2 The type, scope and nature of the contribution must be articulated in the original request for creation/association, addressed and assessed in the initial feasibility study by the Director-General, and reconfirmed through subsequent periodic evaluations.

B.3 Formulation of UNESCO Programme Sector strategies for engagement with category 2 centres and institutes on specific themes:

B.3.1 UNESCO's programme sectors shall ~~prepare~~ regularly update specific sector strategies for engagement and interaction with relevant category 2 institutes and centres ~~and institutes~~ on specific themes with which all category 2 entities shall comply.

B.3.2 The sector strategies shall identify areas for joint programme implementation and areas where greater synergies could be promoted, such as contribution by category 2 entities ~~to UNESCO's intersectoral platforms~~, both at the national and regional levels, to UNESCO's contribution to common United Nations country programming exercises as well as to linkages and interaction with field offices (cluster, regional and national offices as appropriate), National Commissions, category 1 centres and UNESCO's manifold

programme networks, including UNESCO Clubs and Centres, ASPnet, UNESCO Chairs and national committees or intergovernmental programmes.

- B.3.3 To facilitate the ~~preparation~~implementation and regular update of specific sector strategies, each UNESCO programme sector shall designate a focal point, who could also be located in a field office.
- B.3.4 Promoting a process of mutual consultation, category 2 entities shall be invited to share their work plans and other relevant material with UNESCO's programme sectors – as programme sectors will undertake to share their work plans and other information material with their relevant category 2 partners.
- B.3.5 Cooperation between UNESCO and category 2 institutes and centres may also include joint publications which shall be subject to the same quality review and approval processes as other UNESCO publications.

B.4 Reporting on results:

- B.4.1 Directors of all category 2 institutes and centres shall be required to submit to UNESCO a biennial report with information on the contribution of the activities of the Institutes or Centres to UNESCO's strategic programme objectives, global and sector priorities as well as sectoral expected results, performed under the scope of the agreement including those in collaboration with field office or offices in whose geographical area they are active as well as with National Commissions for UNESCO, ~~if applicable~~. The biennial reporting should be managed in a simple and concise manner so that the reporting obligation should not hamper operations of centres.
- B.4.2 In line with the results-based management (RBM) approach, programme sectors shall include in their reports on programme implementation (C/3 and EX/4 documents) and in the System of Information on Strategies, Tasks and the Evaluation of Results (SISTER), information on the contributions of activities by category 2 institutes and centres. Such reports shall highlight the value added by these entities and their impact on the attainment of programme results at the Main Lines of Action (MLA) level, whether realized through individual action, joint action with other category 2 entities or through joint implementation with the Secretariat.

C. Coordination and reporting

- C.1 Mapping:** The Director-General shall undertake every two years a mapping exercise of all category 2 institutes and centres, drawing on information provided by sectoral focal points in liaison with the directors and staff of category 2 institutes and centres. This information shall include the thematic specialization and geographic coverage of all category 2 institutes and centres; information on the contribution of each entity to UNESCO's programme results at the MLA level (see B.4.1. and B.4.2. above); information on all costs incurred as a result of interaction with category 2 entities; and the identification of best practices in promoting South-South, North-South and triangular cooperation. This exercise shall not only help to provide information about longer-term trends, but also help avoid redundancies and overlaps with other centres by United Nations-affiliated institutes or centres, such as those of the United Nations University.

- the likely impact of the engagement with the proposed institute/centre on the capacity of the Secretariat to undertake effective coordination of this and other category 2 institutes/centres;
- the financial sustainability of the institute/centre.

- (d) The feasibility study must include a draft agreement and a draft decision for the Executive Board. It must be reviewed and approved through the appropriate internal Secretariat channels.

GUIDELINES FOR THE RENEWAL ASSESSMENT PROCEDURES FOR CATEGORY 2 INSTITUTES AND CENTRES UNDER THE AUSPICES OF UNESCO

Background

1. UNESCO has established a number of category 2 institutes/centres. These institutes/centres serve in their fields of specialization as international or regional centres and poles of expertise/excellence to provide services and technical assistance to Member States, cooperation partners and also internally to the network of UNESCO field offices. In this context, the category 2 institutes/centres are expected to contribute directly to achieving the Strategic Programme Objectives of the Organization and to implementing the Integrated Comprehensive Strategy for the Category 2 Institutes and Centres as contained in the present document. According to this strategy, it is necessary to carry out a formal review before a decision is taken to renew an existing agreement. The relevant provisions of the strategy are copied below for ease of reference.

2. ***A.3 Periodic review and evaluation***

A.3.1 The agreement for the establishment of an institute or centre as a category 2 institute shall be concluded for a definite time period, not exceeding six years. The agreement may be renewed by the Director-General in the light of the review in A.3.2 and A.3.3 and the evaluation referred to in A.3.4 and once the executive Board has taken its decision.

A.3.2 At least six months prior to the expiration of the agreement, the Director-General will carry out a review of the activities of the institutes and centres and of their contribution to the strategic programme objectives of the Organization and the strategy for category 2 institutes and centres approved by the General Conference.

A.3.3 The Director-General will include the results of this review in his report to the Executive Board on the execution of the Programme with his/her recommendations whether the designation as category 2 institute or centre under the auspices of UNESCO shall be maintained, terminated or not renewed. For each institute and centre under review, the termination or non-renewal of an agreement is incumbent upon the Executive Board.

A.3.4 To facilitate the review, the Internal Oversight Service will consider in its planned evaluations of strategic programme objectives, the contribution of the relevant category 2 institutes and centres to the strategic programme objectives under review.

Purpose

3. The result of each review will serve as the basis for the Programme Sector's recommendation to the Director-General as to whether an agreement with a category 2 institute or centre should be renewed.

4. The result of each review will be shared with the institute/centre under review and Member State(s) concerned, and be included in the once-per-biennium report to the Executive Board on the execution of the Programme (EX/4 and C/3 reports), as stipulated in B.4.2 of the Integrated Comprehensive Strategy. The report of each review will also be made available on the relevant sector's website.

Scope

5. In order to meet the purpose of the review described above, the following parameters shall be considered by the expert(s) responsible for conducting the review and writing a report that is consistent with UNESCO's reporting mechanisms.

- (a) Whether the activities effectively pursued by the institute/centre are in conformity with those set out in the Agreement signed with UNESCO;
- (b) The relevance of the institute/centre's programmes and activities to achieving UNESCO's strategic programme objectives and sectoral or intersectoral programme priorities and themes, as defined in the Agreement;
- (c) The effectiveness of the institute/centre's programmes and activities to achieving its stated objectives;
- (d) The quality of coordination and interaction with UNESCO, both at Headquarters and in the field (including UNESCO field offices and UNESCO National Commissions), and other thematically-related category 1 and 2 institutes/centres with regard to planning and implementation of programmes;
- (e) The quality of partnerships with government agencies, public/private partners and donors;
- (f) The nature and quality of organizational arrangements, including management, governance and accountability mechanisms;
- (g) The human and financial resource base and the quality of mechanisms and capacities, as well as context-specific opportunities and risks for ensuring sustainable institutional capacity and viability;
- (h) The process of mobilizing extrabudgetary resources and to what extent such extrabudgetary funding is aligned to the strategic programme objectives of UNESCO.

Roles and responsibilities

6. Category 2 sector focal points are responsible for managing and coordinating the review process. As such, in consultation with IOS, they should draft the TOR's for a review, with IOS backstopping, select independent experts who will conduct the review and prepare the report. The selected expert(s) shall be responsible for conducting the review and preparing the report, based on the TOR provided. The report will be finalized in consultation with the sector focal point, BSP and IOS. The results of the review will then be considered by a sector Review Committee who will recommend to the Director-General whether an existing agreement should be renewed or denounced. The Director-General will then provide the results of these reviews, including the endorsement or rejection to renew a specific agreement, in his/her report to the Executive Board on the execution of the programme (EX/4 and C/3 documents) (as well as reports to any subsidiary bodies as may be envisaged in sector strategies). The approval of the Executive Board will be required before the Director-General can proceed with the renewal of an agreement. Should the Executive Board decide the termination or non-renewal of the agreement, the host Member State(s) shall then be duly informed of such decision.

7. BSP will coordinate with the relevant category 2 sector focal point to include the result of a review undertaken in the Director-General's once-per-biennium report to the Executive Board on the execution of the programme (EX/4 and C/3 documents). The sector responsible for managing and coordinating the review process will be in charge of sharing the report with the concerned Centre/Institute and making the report available on its website.

Review team

8. The review team will consist of independent expert(s) whom the sector focal point will select in consultation with IOS. The CV(s) of the expert(s) will need to demonstrate a good record in the institute/centre's area of expertise and in evaluation practice. Detailed knowledge of the role of UNESCO and its programmes is also highly desirable.

Background documents

9. The institute/centre will make the following documents available to the review team:

- A copy of the existing agreement between the Member State and UNESCO establishing the institute/centre;
- Annual progress reports and biennial self-assessment reports on the contribution to UNESCO's programme objectives;
- Periodic independent audit reports of the financial statements; ;
- List of staff;
- List of key publications;
- List of donors and project partners;
- Minutes of the Governing Board meetings;
- Support provided to Member States;
- Available audit and evaluation reports;
- Account of networking achievements linked with other thematically related category 2 institutes/centres and UNESCO's programmes.

Deliverables

10. Draft review report: The process for preparing the draft review report shall allow adequate time for a discussion of the findings and the recommendations that have been proposed with the relevant UNESCO programme sector and pertinent stakeholders, including the government(s) that proposed the designation of the institute/centre and the institute/centre itself.

11. The final report should be structured as follows:

- Executive summary (maximum four pages);
- Purpose of the review;
- Scope of the review;
- Methodology;
- Findings;
- Recommendation;

- Annexes (including interview list, data collection instruments, key documents consulted, Terms of Reference).

12. The language of the report will be English and/or French.

Logistics

13. The local travel, materials, secretarial support and office space will need to be provided by the institute/centre to be reviewed. The experts will be responsible for telecommunications and printing of documentation. The relevant UNESCO programme sector will facilitate the review process, to the extent possible, by providing any relevant information.

Budget

14. The category 2 institute/centre under review or a sponsoring Member State(s) shall be invited to consider covering all costs related to the preparation of the review, including the mission costs of the expert(s), or to explore the possibility of extrabudgetary resources to cover the cost of a review.

Time schedule

15. The review shall be carried out not later than six months prior to the expiration of the agreement. The duration of the mission of the expert(s) carrying out the review will be determined by the category 2 sectoral focal point, and, if necessary in consultation with the specific responsible focal point in the field, as will the time allotted for the finalization of the report.
