

ACTIVITIES CARRIED OUT BY THE NBTE CENTRE OF EXCELLENCE IN THE YEAR 2015

HANDS-ON TRAINING ON SCIENCE LABORATORY EQUIPMENT INSTRUMENTATION FOR LABORATORY TECHNOLOGISTS/SCIENTISTS AND OTHER USERS OF SCIENCE EQUIPMENT IN COLLABORATION WITH THE NIGERIAN INSTITUTE OF SCIENCE LABORATORY TECHNOLOGY, IBADAN (PHASE I, II, & III)

The National Board for Technical Education (NBTE) Centre of Excellence and the Nigerian Institute of Science Laboratory Technology (NISLT), organized a five day hands-on training workshop on Science Laboratory Equipment Instrumentation for Laboratory Technologists and Scientists in Polytechnics and Similar Tertiary Institutions in Nigeria, conducted in three phases, at Kaduna Polytechnic: November, 2014 (with 38 participants), NISLT Headquarters Ibadan; March, 2015 (with 39 participants) and the Federal Polytechnic, Nekede; April, 2015 (with 29 participants).

The workshops were aimed at updating the instrumentation capabilities of Nigerian Laboratory Technologists/Scientists and other users of Science equipment in the Polytechnic and indeed the Technical Education sub-sector to modern analytical instruments in biological, chemical and physical sciences, especially modern digitalized versions and other recent innovations.

The workshop brought together the bright minds in Science and Technology representing a spectrum of Scientists/ Technologists from various institutions featured latest technologies and innovations that can enhance productivity

PHASE I: AT KADUNA POLYTECHNIC, KADUNA (17TH – 21ST NOVEMBER, 2014)

PHASE II: AT NISLT HQ, SAMONDA, IBADAN, OYO STATE (2ND – 6TH MARCH, 2015)

PHASE III: AT FEDERAL POLYTECHNIC, NEKEDE (20TH TO 24TH APRIL, 2015)

FINAL CRITIQUE WORKSHOP ON DEVELOPMENT OF ND/HND CURRICULUM IN RENEWABLE ENERGY TECHNOLOGY (2ND TO 6TH FEBRUARY, 2015) AT NUHU BAMBALI POLYTECHNIC ZARIA

The workshop was conducted from 2nd to 6th February, 2015, at School of Engineering Conference Centre, Nuhu Bammali Polytechnic, Zaria. The main objective was to develop National and Higher National Diploma Curricula for Renewable Energy Technologies as part of the long-term development goal of the NBTE on Greening TVET.

The opening ceremony conducted on 2nd February 2015, was graced by the Rector of Nuhu Bamali Polytechnic, Prof. Dalhatu Yahaya and his principal officers, as well as the representative of the Senior Special Assistant to the President on MDGs, Mr. Donatus Nwaobasi, representative of COREN, Engr. L.U. Okonkwo, representative of the FME-MDGs, Mrs. Taofik Sekinat and the NBTE Director of Programmes, Arc. Thomas O. Adekunle, among other key officers.

The workshop was attended by 20 participants/professionals.

EXECUTIVE SECRETARY, NBTE, DR M. A. KAZAURE, MNI ADDRESSING PARTICIPANTS

THE REPRESENTATIVE OF SSA/MDGs, MR DONATUS NWAOBASI SPEAKING AT THE WORKSHOP
