

# Seminar: Education for All 2000-2015

## Achievements and challenges

---

**Date: Tuesday, April 28, 2015 • Venue: Sida Stockholm**

Welcome to the launching of the 2015 Education for All Global Monitoring Report. This year the report includes analysis of both the successes and unfinished business of the Education for All (EFA) period, and outlines factors that influenced progress or lack of progress over the past 15 years. The report also examines the proposed post-2015 education goal and targets, including a new costing exercise to ascertain the annual global cost of the proposed new education agenda.

In the afternoon there will also be a possibility to attend a discussion on the links between education and sustainable development, and which education strategies and policies are most effectively linked to the economic, social, environmental and political priorities of the new sustainable development agenda, especially financing and monitoring issues.
