This proposal was received by the Secretariat on 20 September 2013.

Explanatory note:

A main priority of UNESCO is the promotion of cultural diversity and heritage. Vital attention will be paid to access to knowledge of the documentary heritage and management of the tangible cultural heritage. In this connection, it is essential to pay special attention to **the use of distance technology giving an authentic experience of heritage sites**. The application of such technology gives impetus to the safeguarding and popularization of cultural expressions.
