UNESCO organized media sensitization workshop in Islamabad

UNESCO organized a media sensitization workshop on Enabling Universal Access to Information and Knowledge Platform for disabled persons in Islamabad with the collaboration of Special Talent Exchange Programme.

More than fifty media practitioners, representatives and officials of civil society organizations, government officials and the United Nations personnel participated in the workshop.

Concrete steps were emphasized at the workshop for ensuring barrier-free accessibility to information and knowledge for persons with disabilities.

Key suggestions and recommendations of the workshop will be incorporated in a study on Barrier Faced by Persons with Disabilities in Pakistan to Access Information and Knowledge.
