Foreword

This Directory of UNESCO Fellows lists fellowships awarded in 2000-2001 by the Fellowships Section. It clearly demonstrates UNESCO's commitment to the development of human resource potential. The United Nations and its Specialized Agencies have, for some time, argued that the sine qua non for successful development is that it be people-centered. Training and fellowship services constitute for UNESCO one of the most strategic means to enhancing people's capacity and to attaining sustainable people-centered development.

UNESCO's goal is to build the foundations of peace in the minds of men through co-operation in education, science, culture and communication. UNESCO fellowships, study and travel grants are important tools in promoting international understanding through the intercultural exchange of people. They also aim at contributing towards the genuine sharing of knowledge and expertise in which each party, be it teacher or student, gives and learns.

Convinced that a strategy of alliance building is essential to the attainment of development goals, we welcome your ideas, active partnership and co-operation in making the above-mentioned schemes successful.

Avant-propos

Le présent Répertoire des boursiers de l'UNESCO présente la liste des bourses octroyées en 2000-2001 et administrées par la Section des bourses. Cette liste est une preuve tangible de l'importance que l'UNESCO attache à la mise en valeur des ressources humaines. Les Nations Unies et ses agences spécialisées ont affirmé depuis un certain temps déjà que la condition sine qua non du succès est qu'il soit centré sur l'individu. Les services de formation et de bourse constituent donc, pour l'Organisation, l'un des moyens les plus efficaces pour développer les capacités individuelles et atteindre l'objectif d'un développement humain durable centré sur les personnes.

L'UNESCO a pour but d'élever les défenses de la paix dans l'esprit des hommes par la coopération dans les domaines de l'éducation, de la science de la culture et de la communication. Les bourses, allocations pour voyages d'étude et allocations de voyage contribuent dans une large mesure à la promotion de la compréhension internationale par les échanges interculturels entre les peuples. Elles visent aussi à favoriser un véritable partage où chacun, soit enseignant soit élève, donne et apprend.

Etant convaincus qu'une stratégie d'alliance est essentielle pour la réalisation de tout objectif de développement, nous serions heureux d'accueillir vos idées et/ou propositions de coopération ou de partenariat susceptible de contribuer au plein succès de ces programmes.

Prefacio

Este Repertorio de becas de la UNESCO presenta la lista de las becas concedidos en 2000-2001 por la Sección de Becas. Esta lista constituye la prueba tangible de la dedicación de la UNESCO al desarrollo de los recursos humanos. Las Naciones Unidas y sus organizaciones especializadas han afirmado ya desde hace tiempo la importancia de la persona como condición sine qua non del logro del desarrollo. Los servicios de formación y becas constituyen indudablemente uno de los medios más estratégicos de la Organización para lograr el desarrollo humano sostenible centrado en las personas.

El objetivo de la UNESCO es erigir los baluartes de la paz en la mente de los seres humanos mediante la cooperación en educación, ciencia, cultura y comunicación. Las becas y los subsidios de estudio y de viaje de la UNESCO son instrumentos importantes para la promoción de la comprensión internacional a través del intercambio cultural entre personas. También tienen por objeto contribuir a un auténtico aprovechamiento en común de los conocimientos y de las competencias, en el que todas las partes involucradas, sean profesores o estudiantes, contribuyen y aprenden.

Con la certidumbre de que es esencial una estrategia de establecimiento de alianzas para el logro de los objetivos del desarrollo, nos complacerá acoger las ideas, la colaboración y la cooperación que Uds. se sirvan brindarnos para el éxito de estos programas.

Introduction

This Directory, prepared by the Fellowships Section, similar to the previous ones, lists fellowships awarded by the Section in 2000-2001 in all the five regions: Africa, Arab States, Asia and the Pacific, Europe and North America, and Latin America and the Caribbean.

For each fellowship, information is provided on: the name and the position of the fellow at the time of the award (when such information is available), field of study, duration, programme according to the sources of financing, country or countries of study.

The diagrams in the following pages indicate the total number* of fellowships awarded to men and women by regions, by programme sectors and by sources of financing. The Annexes provide lists of abbreviations used in the Directory for denoting countries of study, programmes and sources of financing.

Lastly, it should be pointed out that this Directory only contains fellowships administered by the Fellowships Section. Those administered by Programme Sectors at Headquarters as well as UNESCO's Regional Offices do not appear in this Directory. Indeed a complete picture of all fellowships administered by UNESCO, i.e. the Fellowships Section, the Programme Sectors and the UNESCO Regional Offices can be found in the 32 C/3.

* This list of awards for 2000-2001 includes a number of extensions granted to certain beneficiaries

Introduction

Analogue aux précédents, ce Répertoire préparé par la Section des bourses dresse la liste des bourses attribuées par la Section en 2000-2001 dans les cinq régions : Afrique, Amérique latine et les Caraïbes, Asie et pacifique, Etats arabes, Europe et Amérique du Nord.

Les informations fournies pour chaque bourse sont : le nom, les fonctions du bénéficiaire au moment de l'attribution (lorsque ce renseignement est disponible), le domaine d'étude, la durée, le programme selon les principales sources de financement, les pays d'étude.

Les diagrammes figurant dans les pages suivantes indiquent le nombre* total des bourses octroyées aux hommes et aux femmes par région, par secteur de programme et par source de financement. Les annexes comportent une liste des abréviations utilisées pour identifier les pays d'étude, les programmes et les sources de financement.

Enfin, il convient de noter que ce Répertoire ne contient que les bourses administrées par la Section des bourses. Celles administrées par les Secteurs du Programme au Siège de l'UNESCO ainsi que par les bureaux régionaux de l'UNESCO ne figurent pas dans ce Répertoire. En effet, un tableau complet de toutes les bourses administrées par l'UNESCO, à savoir par la Section des bourses, Les Secteur du Programme et les Bureaux régionaux de l'UNESCO peut se trouver dans le 32 C/3.

*La liste des attributions pour 2000-2001 comprend les prolongations de bourse octroyées à certains boursiers
