- ▶ SEAMEO College is one of the SEAMEO initiatives under the 2011-2020 SEAMEO Strategic Plan. It consists of a series of forums as well as research and development activities. Modules and programmes are developed based on identified and prioritized needs of the target groups including education ministers, high-level education officials, education administrators and practitioners, and youth leaders.
-

New Education Agenda of SEAMEO

Addressing barriers to inclusion and access to basic learning opportunities of all learners through innovations in education delivery and management to provide for the previously inaccessible and vulnerable groups.

02

Addressing Barriers to Inclusion

Achieving universal pre-primary education by 2030, with particular target on the disadvantaged such as poor children; rural communities; marginalised ethnic and linguistic communities; and children with disabilities benefiting the most.

01

Early Childhood Care and Education

Preparing schools leaders, teachers, students, and local communities in managing and maintaining the delivery of education services during emergencies such as conflicts, extreme weather, and natural disasters.

03

Resiliency in the Face of Emergencies

Promoting TVET among learners, teachers and parents with more visible investment and relevant curricula that focus on creativity and innovation, with a clear pathway to lifelong learning higher education and regular labour, skill and learners' mobility.

Promoting Technical and Vocational Education and Training (TVET)

04

SEAMEO

7 Priority Areas 2015-2035

Pursuing a radical reform through systematic analysis of knowledge, skills, and values needed to effectively respond to changing global contexts, particularly to the ever-increasing complexity of the Southeast Asian economic, socio-cultural, and political environment, developing teachers imbued with ASEAN ideals in building ASEAN community.

07

Adopting a 21st Century Curriculum

Making teaching a first choice profession through comprehensive, strategic, and practice-based reforms of teacher management and development systems through more professional preparation at pre-service and in-service processes, following an explicit and shared teacher competency framework and a set of standards applicable across the region.

Revitalising Teacher Education

05

Promoting Harmonisation in Higher Education and Research

Institutional-level harmonisation taking place with Member Countries investing in the strengthening of higher education institutions with each institutions determining their most important needs, supported by research, in order to be able to coordinate and set quality standards with other institutions.
