DESCRIPTION OF REQUIREMENTS

The United Nations Multidimensional Integrated Stabilization Mission in the Central African Republic (MINUSCA) has a requirement for the supply and delivery of malaria control pesticide that can be used with Jet Thermal Foggers for space spraying. Central African Republic is one of the Malaria endemic countries in Africa. As such, MINUSCA is seeking to identify suitable pesticide products recommended by WHO Pesticide Evaluation Scheme (WHOPES) for malaria vector control. More information can be found at the WHO website at <http://www.who.int/whopes/en>.

MINUSCA will use Jet Thermal Foggers, a WHO recommended Equipment for Vector Control. The Thermal Fogger is designed for different fields of application, indoors or outdoors. It applies Oil Based formulations with the standard fog tube. An optional water tube is available for applying water based formulations. It features:

- Solution tank made of HD-PE
- Fuel tank, fog tube and air pump made of stainless steel
- Maintenance-friendly carburetor made of aluminum

Purpose:

The purpose of this Request for Information (RFI) is to acquire information regarding options and cost of products that are available in the marketplace for the supply and delivery of malaria control pesticide products. It is anticipated that MINUSCA will use the information received from this RFI to develop a future solicitation. This may eventually lead to the launch of an open competitive tender which will result in a contract award.

This RFI will also serve to conduct market research to identify companies capable of providing the required pesticides.

SPECIFIC REQUIREMENTS / INFORMATION (IF ANY)

Instructions:

Companies with the capability of providing the required pesticides products, and with the necessary resources to fulfill the potential requirements are invited to submit, by email, information that addresses the following:

Please note that this RFI does not constitute a solicitation. It does not entail any commitment on the part of MINUSCA, either financial or otherwise.
