Item 5.20 of the agenda

**ESTABLISHMENT OF A REGIONAL CENTRE FOR EDUCATIONAL PLANNING
IN THE UNITED ARAB EMIRATES UNDER THE AUSPICES OF UNESCO**

OUTLINE

Source: 21 C/Resolution 40.1, 164 EX/Decision 3.2.1 and 167 EX/Decision 3.3.3.

Background: In October 2001, the Director-General informed the Executive Board at its 162nd session of the request of the UAE for UNESCO support for the establishment of a regional centre for educational planning. In April 2002, he submitted to the Executive Board at its 164th session a report on the feasibility of the establishment of such a centre under the auspices of UNESCO (164 EX/6 and 164 EX/6 Corr.). The report concluded that a regional centre was needed, justified and feasible. The Executive Board welcomed the initiative and invited the Director-General to pursue the discussions with the United Arab Emirates and to present to it and to the General Conference at its 32nd session a report on the establishment of the centre under the auspices of UNESCO (164 EX/Decision 3.2.1). Such discussions were indeed pursued and concluded successfully in August 2003. Considering that all outstanding issues had been cleared, the Executive Board, at its 167th session, endorsed the proposal and recommended that the General Conference approve the establishment of the said centre under the auspices of UNESCO (category 2).

Purpose: The present document contains a report by the Director-General on the conclusion of the negotiation and assessment process and a draft agreement between UNESCO and the Government of the UAE concerning the establishment of the Regional Centre for Educational Planning under UNESCO auspices, as endorsed by the Executive Board, for approval by the General Conference.

Decision required: paragraph 2.

1. At its 167th session (September 2003), the Executive Board considered item 3.3.3: Proposal for the Establishment of a Regional Centre for Educational Planning in the United Arab Emirates under the auspices of UNESCO. Having examined document 167 EX/52 and 167 EX/52 Corr., the Executive Board endorsed the proposal and recommended that the General Conference, at its 32nd session, approve the establishment of the said centre under the auspices of UNESCO (category 2) (167 EX/Decision 3.3.3).

2. In view of the above, the General Conference may consider the following draft resolution:

The General Conference,

Recalling 21 C/Resolution 40.1 concerning the principles and guidelines for the establishment of institutes and centres under UNESCO's auspices,

Further recalling 164 EX/Decision 3.2.1 and 167 EX/Decision 3.3.3 concerning a proposal by the United Arab Emirates to establish a regional centre for educational planning for the Gulf Region,

Having examined document 32 C/65, containing a final report by the Director-General on the proposed establishment of the Regional Centre for Educational Planning in the United Arab Emirates under the auspices of UNESCO,

1. *Welcomes* this initiative of the United Arab Emirates which responds to the pressing need of improving educational planning in the Gulf Region;
2. *Expresses its appreciation* to the Government of the United Arab Emirates for its commitment to fully fund the future Centre including its premises, equipment, staff and running costs;
3. *Approves* the establishment of the said Centre under the auspices of UNESCO (category 2), as recommended by the Executive Board at its 167th session (167 EX/Decision 3.3.3);
4. *Invites* the Director-General to sign the corresponding agreement between UNESCO and the Government of the United Arab Emirates annexed to 167 EX/Decision 3.3.3.

Item 3.3.3 of the provisional agenda

**PROPOSAL FOR THE ESTABLISHMENT OF A REGIONAL CENTRE
FOR EDUCATIONAL PLANNING IN THE UNITED ARAB EMIRATES
UNDER THE AUSPICES OF UNESCO**

SUMMARY

In accordance with 164 EX/Decision 3.2.1, the Director-General submits a report on the establishment of a Regional Centre for Educational Planning in the United Arab Emirates under the auspices of UNESCO, for consideration and onward transmission to the 32nd session of the General Conference. A corresponding draft agreement is presented in the Annex.

Decision proposed: paragraph 14.

1. The discussion on the need for modern educational planning capacity in the United Arab Emirates and possible ways to build such capacity with support from the UNESCO International Institute for Educational Planning (IIEP) began at the initiative of the UAE in early 2000. The Director of IIEP carried out a mission to the UAE in June 2000 in order to explore the possibilities of cooperation in training in educational planning, management and evaluation.
2. During the visit of the Director-General to the UAE in March 2001, His Highness Sheikh Sultan Bin Mohammed Al Qassimi, Ruler of Sharjah, offered a building in Sharjah Cultural City to house a regional centre for educational planning.
3. In June 2001, a joint mission of IIEP and the Ministry of Education and Youth (MoEY) began fact-finding work to explore the need for training in educational planning and management in the UAE and appropriate ways of meeting such needs, for example in the form of a training centre, with possible regional coverage.

4. At the 162nd session of the Executive Board in October 2001, the Director-General informed the Board about the request from the United Arab Emirates for the establishment, with support from UNESCO, of a Regional Centre for Educational Planning and of the work being carried out to explore the feasibility of such a centre.

5. In January 2002, an IIEP mission to the UAE, together with a MoEY team, completed the feasibility study in accordance with the established principles and guidelines (21 C/Resolution 40). It took a critical look at the need for the proposed centre and at its objectives, possible training programme and activities, proposed modes of operation, legal status, structure, staffing, location, costs and financing.

6. The Director-General submitted to the Executive Board at its 164th session in April 2002 a report on the feasibility of the establishment of a regional centre for educational planning under the auspices of UNESCO (164 EX/6 of 16 April 2002 and 164 EX/6 Corr.). The report concludes that a regional centre is needed, justified and, under certain conditions, feasible, and that UNESCO support for such a centre is possible. The Board discussed the report and invited the Director General "... to pursue these discussions [with the United Arab Emirates] and to present to it at its 166th session and to the General Conference at its 32nd session a report on the establishment of the centre under the auspices of UNESCO" (164 EX/Decision 3.2.1).

7. Such discussions were indeed pursued, in particular through correspondence with the Minister of Education and Youth and a UNESCO-UAE meeting held at IIEP in Paris in August 2002. A corresponding report by the Director-General was prepared for submission to the 166th session of the Board (April 2003). However, due to persisting divergence of views, in particular with regard to the category in which the future Centre would be placed, the Director-General was not in a position to submit a conclusive report at that session and the item, in agreement with the national authorities, had to be withdrawn from its agenda.

8. Notwithstanding the above, efforts continued in order to find a satisfactory solution. The Director-General requested the Deputy Director-General to undertake all necessary consultations to that effect. Having studied the different options available, the Deputy Director-General carried out a mission to the United Arab Emirates at the end of August 2003.

9. During this mission, a meeting with the Minister of Education and Youth in Dubai provided an opportunity to make a number of important clarifications. It was highlighted in particular that while the two categories of institutes presented a number of legal, organizational, administrative and functional differences, both were part of the UNESCO network, contributing to the Organization's strategic objectives and involved in the implementation of its priority programmes, as foreseen under the overall strategy with regard to UNESCO institutes and centres (documents 165 EX/20 and 167 EX/16).

10. The Minister found this clarification satisfactory and, on his part, confirmed the commitment of the UAE Government to fully fund the future Centre including its premises, equipment and staff.

11. In response to a specific preoccupation of the Minister regarding the kind of certificates that the future Centre could issue, it was agreed that the Centre could be authorized to issue certificates in UNESCO's name, with the certificate form and content to be mutually agreed, once the quality of the courses delivered by the Centre has been duly assessed and approved by UNESCO.

12. This understanding clearing the last outstanding point, both parties agreed that the proposal, already considered by the Executive Board at its 164th session, could now be resubmitted to the governing bodies for approval.

13. A detailed report on the feasibility of the proposal can be found in document 164 EX/6. The full text of the feasibility study is also available for consultation.

14. Taking into account that the principles and guidelines regarding the establishment of international and regional centres under the auspices of UNESCO have thus been met, the Executive Board may wish to consider the following decision:

The Executive Board,

1. Recalling documents 164 EX/6 and 164 EX/6 Corr. and 164 EX/Decision 3.2.1,
2. Having examined document 167 EX/52, containing a final report by the Director-General on the proposed establishment of the Regional Educational Planning Centre in the United Arab Emirates under the auspices of UNESCO,
3. Notes with satisfaction the successful conclusion of discussions between the Director-General and the national authorities of the United Arab Emirates, allowing completion of all the steps required before approval by the governing bodies;
4. Endorses the proposal, which now fully satisfies the established criteria and procedures and is in line with the overall strategy for category 2 institutes and centres as presented in documents 165 EX/20 and 167 EX/16;
5. Recommends that the General Conference, at its 32nd session, approve the establishment of the said Centre under the auspices of UNESCO (category 2) and invites the Director-General to sign the corresponding agreement between UNESCO and the Government of the United Arab Emirates contained in the Annex to document 167 EX/52.
