Introduction

The main finding aids to the General Conference documents are:

- Inventory of bound volumes in the Archives (SID.70/2 Rev)
- list of documents (sessional)
- indexes : sessional and cumulative, also ICONFEX data base
- Unesco list of documents and publications(ULDP), 1972-, also UNESBIB data base

The List of documents is issued after every session and printed in the volume of Records. These lists are reproduced here until 1974 on microfiche for the convenience of having them all together. The list permits to identify individual documents by code and title (subject) for consultation or for ordering on microfiche or as photocopies.
