8. Requests the Director-General to present to it at its 201st session a revised cost-recovery policy, a comparative document on proportionality policy in other United Nations organizations, and the management rate based on the cost-recovery policy conceptual framework.

13. Further requests the Director-General to ensure that any change in the budgeting techniques required for the preparation of document 39 C/5 be explained therein, notably with regard to the constant dollar mechanism, including account reconciliation practices, and the provision for anticipated cost increases.
