Foreword

This Directory of UNESCO Fellows lists fellowships awarded in 2002-2003 by the Fellowships Section within the framework of both Regular and Extra-budgetary Programmes. It clearly demonstrates UNESCO's commitment to the development of human resource potential. The United Nations and its Specialized Agencies have, for some time, argued that the *sine qua non* for successful development is that it be *people-centered*. Training and fellowship services constitute for UNESCO one of the most strategic means to enhancing people's capacity and to attaining sustainable *people-centered* development.

UNESCO's goal is to build the foundations of peace in the minds of men through co-operation in education, science, culture and communication. UNESCO fellowships, study and travel grants are important tools in promoting international understanding through the intercultural exchange of people. They also aim at contributing towards the genuine sharing of knowledge and expertise in which each party, be it teacher or student, gives and learns.

Convinced that a strategy of alliance building is essential to the attainment of development goals, we welcome your ideas, active partnership and co-operation in making the above-mentioned schemes successful.

Avant-propos

Le présent Répertoire des boursiers de l'UNESCO présente la liste des bourses octroyées en 2002-2003 et administrées par la Section des bourses dans le cadre des programme ordinaire et extra-budgétaire. Cette liste est la preuve tangible de l'importance que l'UNESCO attache à la mise en valeur des ressources humaines. Les Nations Unies et ses agences spécialisées ont affirmé depuis un certain temps déjà que la condition *sine qua non* du succès est qu'il soit *centré sur l'individu*. Les services de formation et de bourse constituent donc, pour l'Organisation, l'un des moyens les plus efficaces pour développer les capacités individuelles et atteindre l'objectif d'un développement humain durable *centré sur les personnes*.

L'UNESCO a pour but d'élever les défenses de la paix dans l'esprit des hommes par la coopération dans les domaines de l'éducation, de la science, de la culture et de la communication. Les bourses, allocations pour voyages d'étude et allocations de voyage contribuent dans une large mesure à la promotion de la compréhension internationale par les échanges interculturels entre les peuples. Elles visent aussi à favoriser un véritable partage où chacun, enseignant ou élève, donne et apprend.

Etant convaincus qu'une stratégie d'alliance est essentielle pour la réalisation de tout objectif de développement, nous serions heureux d'accueillir vos idées et/ou vos propositions de coopération ou de partenariat susceptible de contribuer au plein succès de ces programmes.

Prefacio

Este Repertorio de becas de la UNESCO presenta la lista de las becas concedidas en 2002-2003 por la Sección de Becas en el marco del Programa Ordinario y de los Programas extrapresupuestarios. Esta lista constituye la prueba tangible de la dedicación de la UNESCO al desarrollo de los recursos humanos. Las Naciones Unidas y sus organizaciones especializadas han afirmado ya desde hace tiempo la importancia de la persona como condición *sine qua non* del logro del desarrollo. Los servicios de formación y becas constituyen indudablemente uno de los medios más estratégicos de la Organización para lograr el desarrollo humano sostenible *centrado en las personas*.

El objetivo de la UNESCO es erigir los baluartes de la paz en la mente de los seres humanos mediante la cooperación en educación, ciencia y cultura. Las becas y los subsidios de estudio y de viaje de la UNESCO son instrumentos importantes para la promoción de la comprensión internacional a través del intercambio cultural entre personas. También tienen por objeto contribuir a un auténtico aprovechamiento en común de los conocimientos y de las competencias, en el que todas las partes involucradas, sean profesores o estudiantes, contribuyen y aprenden.

Con la certidumbre de que es esencial una estrategia de establecimiento de alianzas para el logro de los objetivos del desarrollo, nos complace acoger las ideas, la colaboración y la cooperación que Uds. se sirvan brindarnos para el éxito de estos programas.
