

Figure 3.2: Share of female researchers by country, 2013 or closest year (%)

Women have obtained gender parity in Southeast Europe and are on the verge of doing so in the Caribbean, Latin America and Central Asia

Regional shares of female researchers, 2013 (%)

Note: Data are unavailable for North America. The regional averages are based on available data and are derived by using the nearest year's data, whenever data are missing for 2013.

Spotlight on Europe

ICELAND

33.1%

Share of women researchers in the European Union

Note: Data for the most recent year available since 2007. For China, data cover R&D personnel rather than researchers. For Congo, India and Israel, data are based on full-time equivalents rather than head counts.
