

UNESCO SCIENCE REPORT Towards 2030

Gender

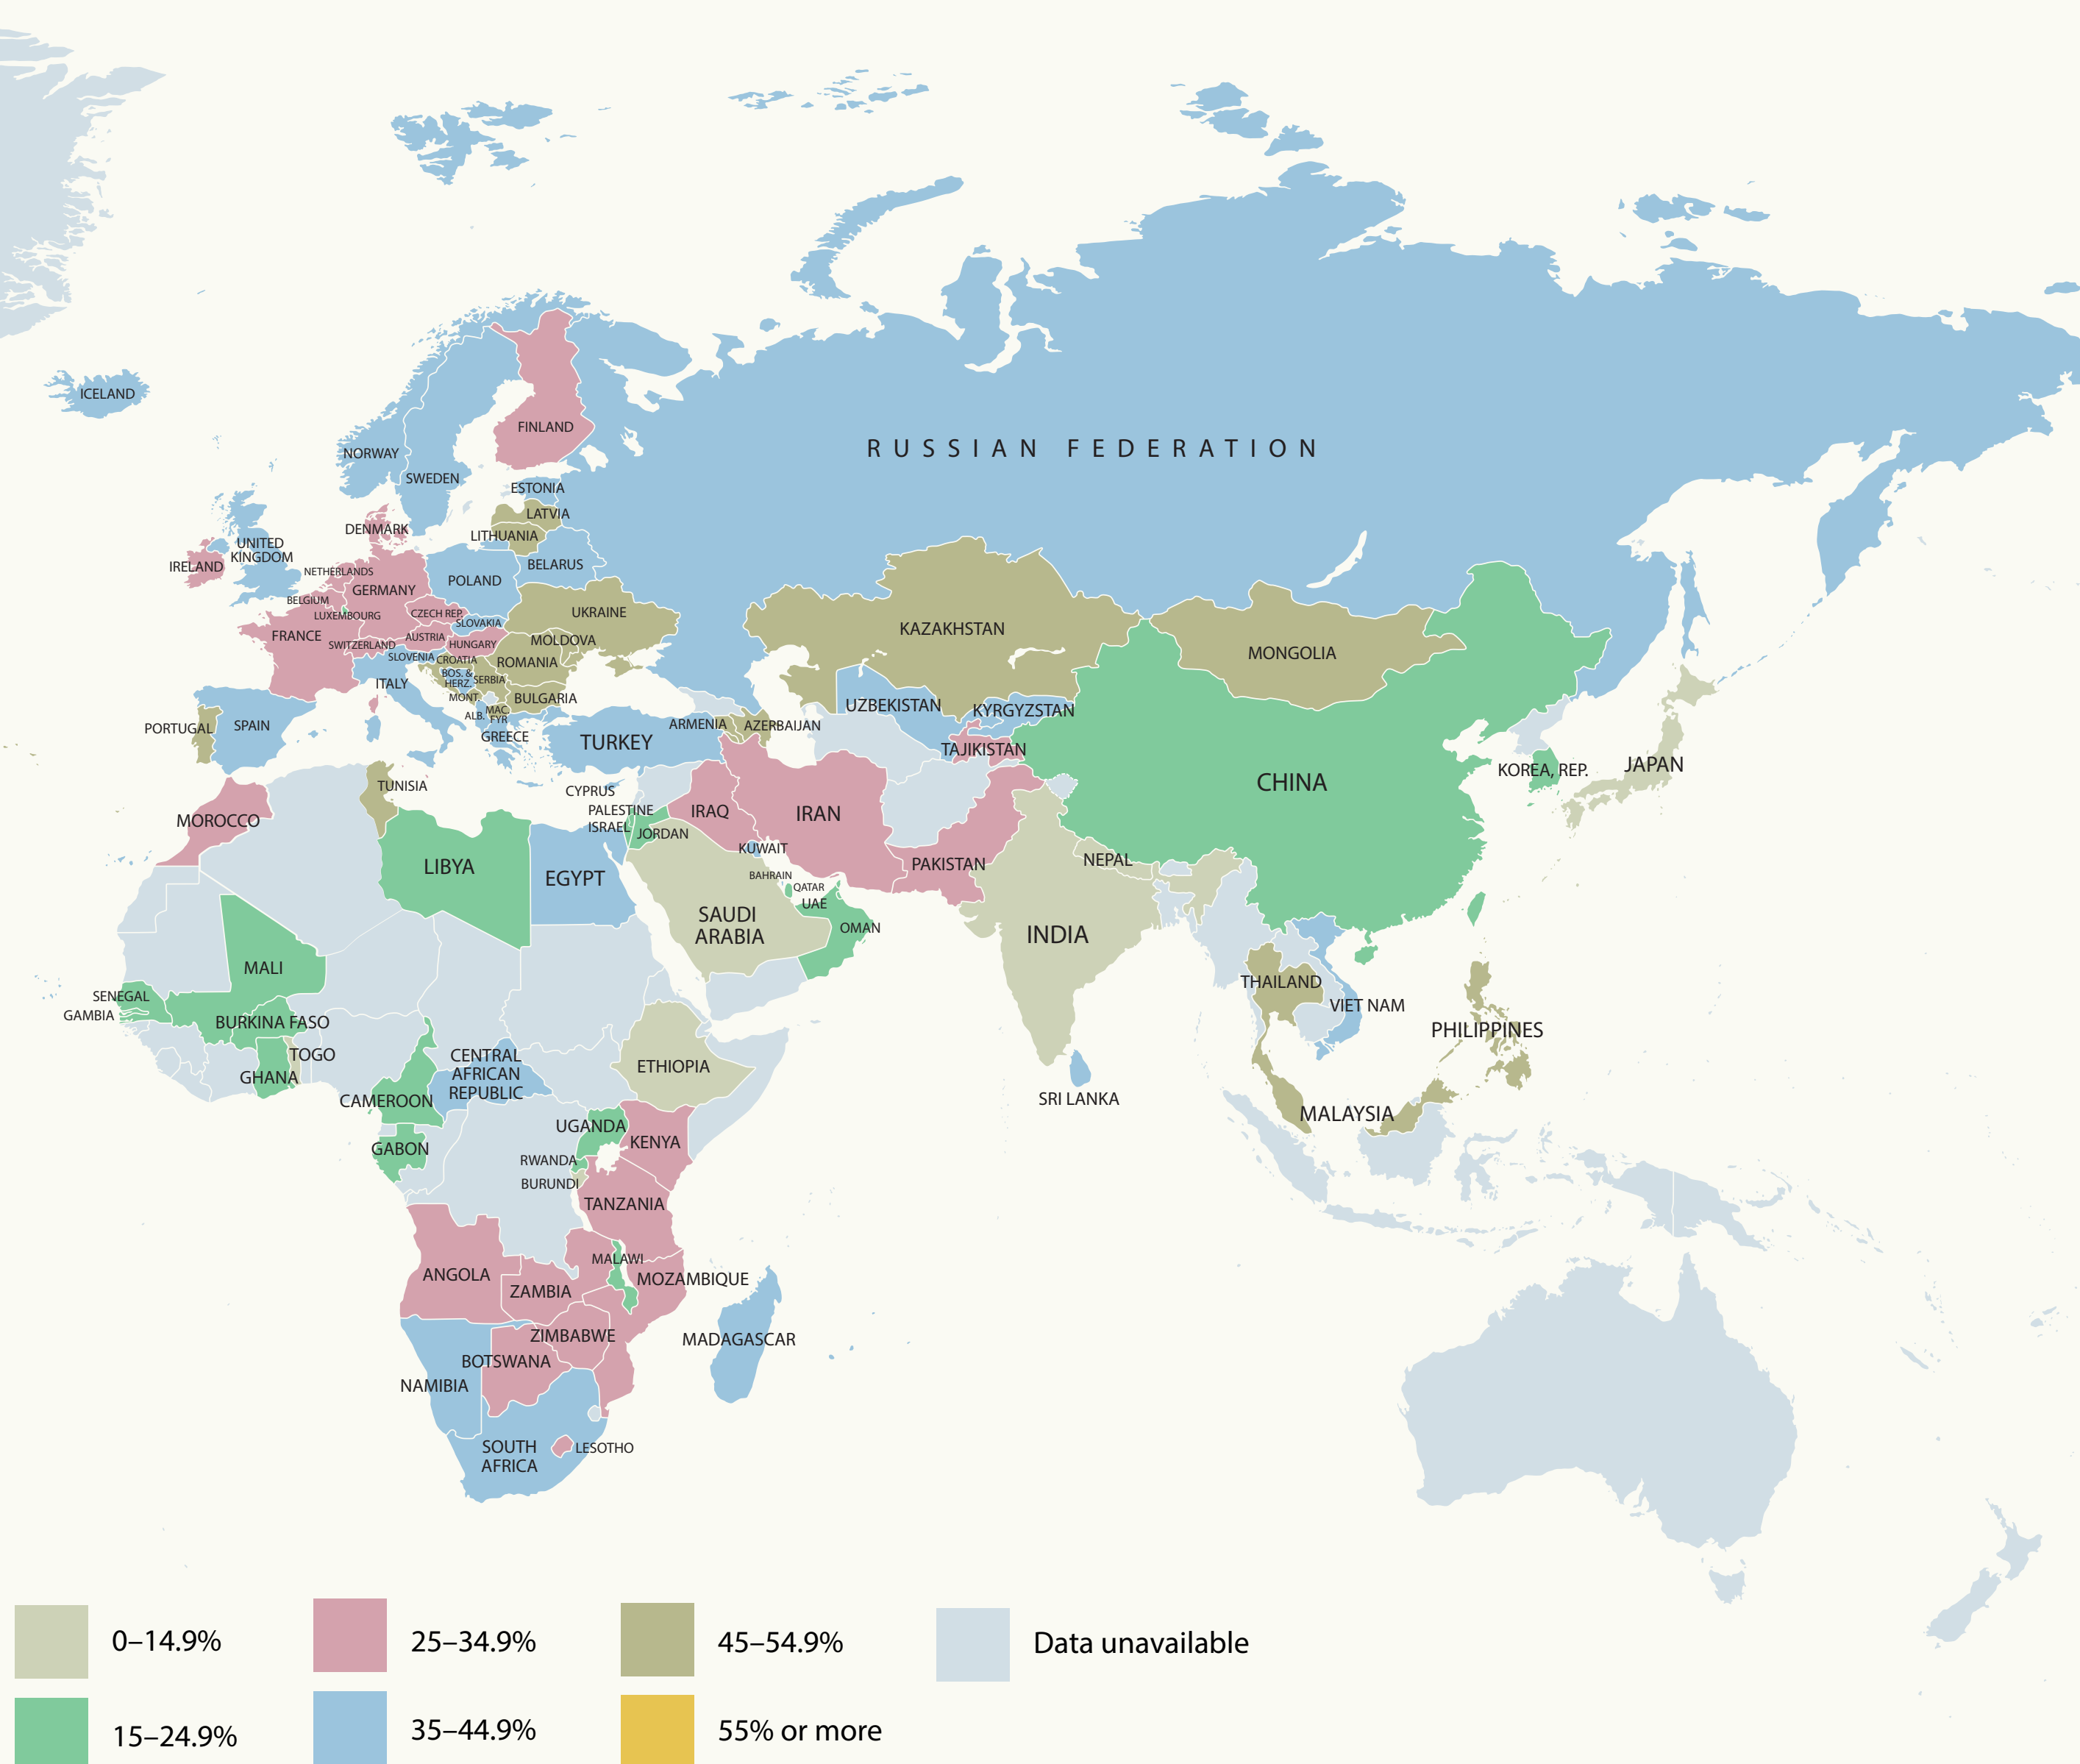

■ The leaky pipeline: women remain a minority in research worldwide.

Share of women in higher education and research, 2013 (%)

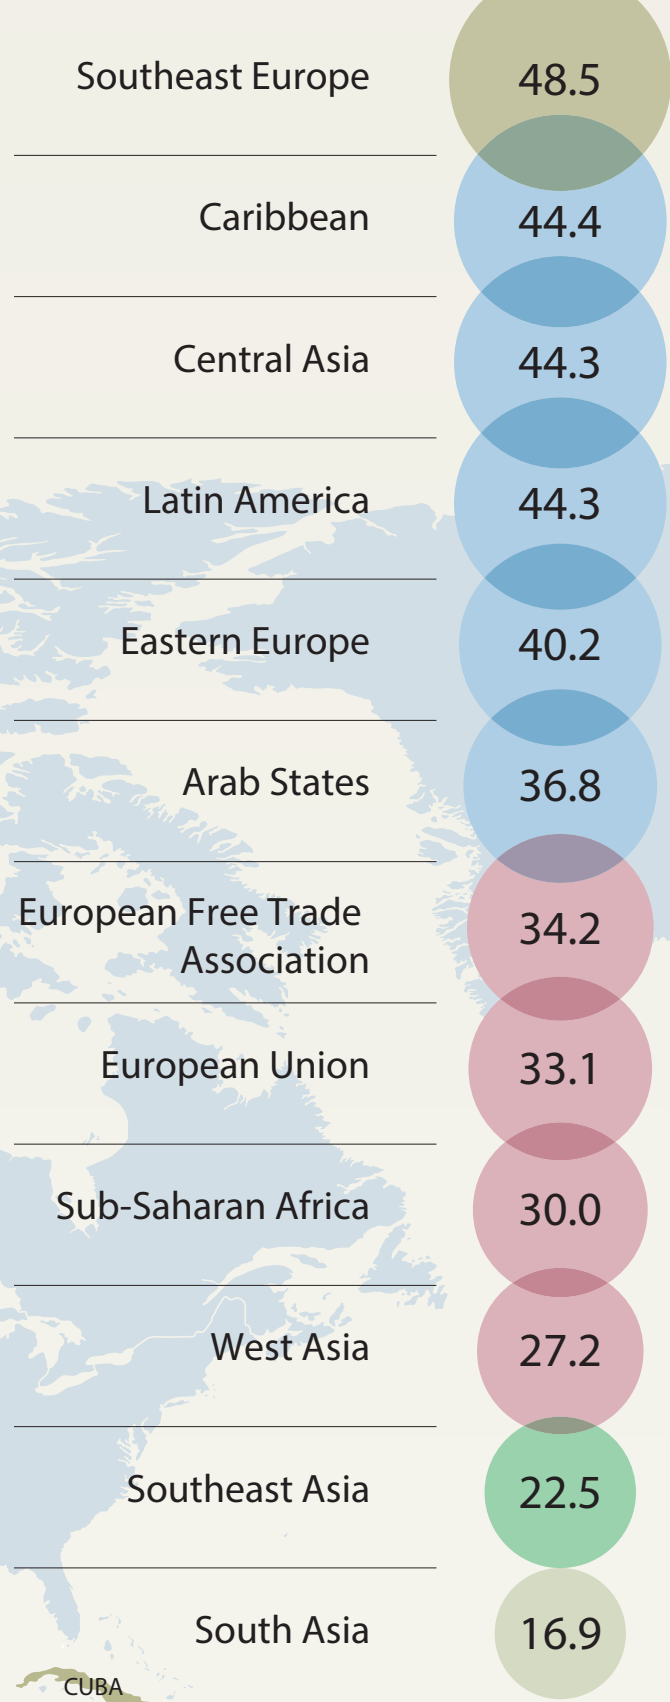

■ There are wide variations from one country and one region to another.

Share of female researchers by country, 2013 or closest year (%)

Regional shares of female researchers, 2013 (%)

Note: The data used in the UNESCO Science Report to make these graphics were extracted from the UNESCO Institute for Statistics' database in July 2015. The designations employed and the presentation of material in this map do not imply the expression of any opinion whatsoever on the part of UNESCO concerning the legal status of any country, territory or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.
