ACTIVITIES OF THE BRAZILIAN NATIONAL CONTACT

We regret to inform that the BRAZILIAN NATIONAL COMMITTEE has been discontinued by governmental disposition. But we will make an effort to revert this situation.

In the meantime, we will try to continue to support the IGCP and the Brazilian activities related to it as best as possible.

With this in mind, we support the proposal of the two projects below:

"GEOPARKS IN IBERIAN AMERICA: IDENTIFICATION AND ASSESSMENT OF GEOLOGICAL HERITAGE SITES FOR CONSERVATION AND DISSEMINATION OF MEMORY" with Dr. Gerson Cardoso da Silva Jr. and Katia Leite Mansur as Brazilian co-proposers, and "AQUIFER RECHARGE IN DIFFERENT CLIMATE AND HYDROGEOLOGICAL ENVIRONMENTS IN IBERO-AMERICA: EFFECTS OF CLIMATE AND GLOBAL VARIABILITY", including Dr. Gerson Cardoso as Brazilian co-proposer.
