What would  
*you*  
change?

**CHANGE IS IN THE HORIZON  
IF NOT ALREADY HAPPENING**

A close-up, low-angle shot of a steering wheel, likely from a classic car. The wheel is made of a dark material, possibly leather or wood, with a prominent chrome horn button in the center. The background is blurred, showing the interior of the car and some light sources, creating a bokeh effect. The overall tone is warm and focused on the mechanical details of the steering wheel.
