Open Educational Resources: Online Gender Assessment Tools

The term Open Educational Resources (OER) was adopted at UNESCO's Forum on Open Courseware in 2002

OER are any educational resources that may be

- <u>freely</u> accessed, copied, re-used, adapted and shared
- available under an <u>open license</u> or are in the public domain for use without paying royalties / license fees.

OER are licensed under Creative Commons (CC) licenses

Free vs Open

Free <u>does not mean</u> free to reuse, share or change

Openly licensed resources have clear permissions

Retain: Users have the right to make, archive, and "own" copies of the content

Reuse: Content can be reused in its unaltered form

Revise: Content can be adapted, adjusted, modified or altered

Remix: The original or revised content can be combined with other content to create something new

Redistribute: Copies of the content can be shared with others in its original, revised or remixed form
