## What is Mobile Learning Week?

**Mobile Learning Week is UNESCO's flagship ICT in education conference.**

The 2017 event will examine how new and affordable technologies can reinforce education in emergency and crisis contexts and expand learning opportunities for displaced people while facilitating their inclusion in national and community systems.

Mobile Learning Week 2017 is being organized in partnership with UNHCR, the United Nations refugee agency, and in collaboration with ITU, the United Nations specialized agency for ICT, under the theme **education in emergencies and crises**. The event will be held from 20 to 24 March 2017 at UNESCO Headquarters in Paris.

## The focus on emergencies and crises

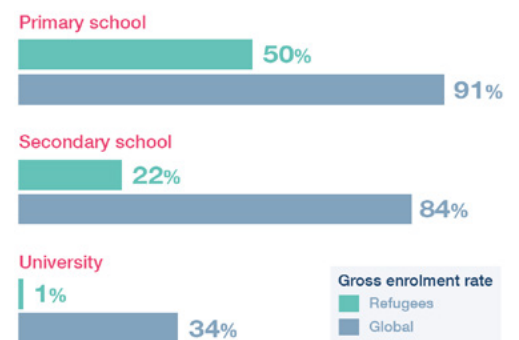

Today the world is experiencing the highest levels of displacement ever recorded. UNHCR estimates that in 2015, 24 people were forced to flee their homes every minute - 4 times more than a decade ago. One out of every 113 people on Earth has been displaced due to conflict or persecution. Displacement is also being fuelled by natural disasters and climate change: earthquakes and other natural phenomena displaced 19.3 million people in 2015 and this figure is expected to rise sharply in future years.

Distressingly, 51% of the world's refugees are children, many of whom have been separated from their parents or are travelling alone. Nine out of ten refugees are hosted in developing regions where schools are sometimes already struggling to educate students in the local community. Even in wealthy countries, an influx of new learners presents considerable challenges—logistical, pedagogical and political.

Trend of global displacement and proportion displaced | 1996-2015

### Refugees are educationally disadvantaged

A mobile device tends to be one of the few possessions taken by people forced to leave their homes, and in many instances displaced people have access to a smartphone. These devices provide a portal to a wide range of tools and services: from connecting with friends and family, to saving documents, to accessing information and translating it into native languages. A mobile phone is often, and for good reason, a lifeline for people who have been displaced or are in an emergency situation.

Mobile technology can also open doors to education and empowerment. A growing offering of applications and services bring learning resources to people regardless of their location, prepare them for work, ease their integration into new communities, fire their imaginations, build resilience, and illuminate routes from an uncertain present to more promising futures. While innovation related to the educational use of mobile technology is flourishing, sustainable strategies to leverage it at scale for vulnerable populations in low-resource settings remain in short supply. Solutions are only just beginning to come into focus.

Mobile Learning Week 2017 will examine how to enlarge these solutions. It will deepen understandings of how affordable technology can help meet the educational needs of learners displaced by emergencies and crises.

## Objectives

Mobile Learning Week 2017 has been designed to facilitate international knowledge-sharing and expand understandings of how technology can:

- Make education more accessible and inclusive
- Preserve the continuity of learning in conflict and disaster contexts
- Open and enrich learning opportunities for refugees and other displaced people
- Assist the integration of learners in new schools and communities
- Foster innovation in the education sector and improve the impact and sustainability of humanitarian intervention

## Subthemes

Mobile Learning Week 2017 will examine solutions to:

- Support learners
- Support teachers
- Support systems

Presentations and workshops throughout the programme are organized around these three subthemes.

## Mobile Learning Week structure

### SYMPOSIUM

MONDAY &  
TUESDAY  
20 - 21 MARCH

The two-day symposium is the core of Mobile Learning Week 2017. The event will feature plenary panel discussions with leaders in the field of displacement, education and technology, and keynote addresses from the Vice Minister of Education in China, the Norwegian Secretary of State, and refugee learners from Africa and the Middle East. The programme will also include 76 breakout presentations, each lasting approximately 20 minutes. The presentations will align with the three Mobile Learning Week subthemes: supporting learners, supporting teachers and supporting systems.

### WORKSHOPS

WEDNESDAY  
22 MARCH

The workshops will showcase innovative mobile learning content, technology, research and projects. Workshop presenters will share practical solutions to improve education for vulnerable and displaced people. The event will feature 16 workshops aligned with the 3 Mobile Learning Week subthemes: supporting learners, supporting teachers and supporting systems. The workshops, each 1 hour 30 minutes in duration, will be held in medium-sized rooms to encourage interactivity and discussion.

### STRATEGY LABS

THURSDAY  
23 MARCH

Strategy labs will be hosted by UNESCO and UNHCR partner organizations to help guide the conceptualization and development of projects to strengthen education for learners in emergency and crisis contexts. A programme of eight half-day sessions will allow participants to contribute to ICT in education initiatives that are being planned by leading international and non-profit organizations.

### POLICY FORUM

FRIDAY  
24 MARCH

The Policy Forum will bring together ministers of education, ministers of ICT and senior representatives from private sector companies to examine how governments can facilitate the acquisition of essential digital skills, particularly for disadvantaged or displaced learners. A programme consisting of four plenary panel discussions will examine how coordinated action and newly affordable mobile devices can help countries address e-skills gaps and expand learning opportunities for all. The Forum will be jointly organized by UNESCO, UNHCR and ITU.

UNESCO and UNHCR will host a series of side events to complement the main Mobile Learning Week programme, including:

#### Demonstrations

A series of eight mobile learning demonstrations will be organized each day in a UNHCR tent located in UNESCO Headquarters. The demonstrations will be coordinated by INEE, the Inter-Agency Network for Education in Emergencies.

#### Family Tent

A UNHCR family tent will be set up outside UNESCO for the duration of Mobile Learning Week. Participants are encouraged to enter the tent and see the living conditions of refugees.

### SIDE EVENTS

20-24 MARCH

#### Exhibition

Organizations supporting Mobile Learning Week will showcase new educational technology, content and research in the UNESCO Foyer.

#### Photo Gallery

UNHCR, in partnership with the German government, will display a series of photographs taken in Kenya and Jordan that tell the stories of refugee students pursuing higher education.

#### Art Installation

Art capturing themes from Mobile Learning Week sessions will be regularly displayed in the UNESCO Foyer.

Days 1 &amp; 2

# Symposium

---

Monday, 20 March 2017

Tuesday, 21 March 2017

UNESCO, Paris

125 avenue de Suffren

## Join world experts as they share solutions to improve education in emergency and crisis contexts

The Symposium will feature keynote speeches, 3 plenary panels, presentations by UNESCO and UNHCR, and **76 unique breakout presentations**.

### Thematic details

Each of the breakout presentations and panels will be dedicated to one of the three following themes:

- Supporting learners
- Supporting teachers
- Supporting systems

French and English interpretation will be provided for all plenary sessions in Room II and for breakout presentations in Room VIII. A reception will be held Monday evening to celebrate the opening of Mobile Learning Week.

## Thematic tracks

Track 1	Supporting learners	<b>ROOM 8</b>
Track 2	Supporting teachers	<b>ROOM 5</b>
Track 3	Supporting systems	<b>ROOM 7</b>
Track 4	Supporting learners	<b>ROOM 6</b>

## Programme – Symposium

Monday, 20 March 2017

9.00 – 10.00	<b>Registration</b>   UNESCO, 125 avenue de Suffren, Paris	
<b>MORNING SESSIONS</b>		
10.00 – 10.25	<b>Opening ceremony</b> (Plenary) Moderator: Qian Tang, Assistant Director-General for Education, UNESCO • Irina Bokova, Director-General, UNESCO • Ralf Gruenert, Representative to France, UNHCR	<b>ROOM 2</b>
10.25 – 10.45	<b>Keynote address</b> • H.E. Zhanyuan Du, Vice Minister of Education, People's Republic of China	<b>ROOM 2</b>
10.45 – 11.05	<b>Keynote address</b> • H.E. Laila Bokhari, State Secretary, Norway	<b>ROOM 2</b>
11.05 – 11.30	<b>COFFEE BREAK</b>	
11.30 – 13.00	<b>TRACK 1   Supporting learners</b>	<b>ROOM 8</b>
	<b>A. Facilitating integration of Arabic-speaking migrants into Swedish society with mobile technology</b> Khaled Al-Sabbagh, Linda Bradley and Lorna Bartram, Chalmers University of Technology	
	<b>B. Using the power of mobile communication for the education of Syrian refugees</b> Aysem Ertopuz, Turkcell	
	<b>C. L'innovation pédagogique en matière d'utilisation des TIC dans l'apprentissage du FLE chez les migrants syriens</b> Dina Elkordy, Independent	
	<b>D. Weidong platform: Worldwide lifelong learning system</b> Dai Shen, Weidong Group	
11.30 – 13.00	<b>TRACK 2   Supporting teachers</b>	<b>ROOM 5</b>
	<b>A. Learning studios for refugees: Access to education and employment opportunities</b> Paolo Dal Santo, HP	
	<b>B. E-learning solutions for refugees camps</b> Noor Al Majali, Orange Jordan	
	<b>C. Designing technology for education of conflict-affected displaced children: Learning from the case of Syrian children</b> George Alain, Open University (UK)	
	<b>D. Project Reconnect: Fostering integration of refugees in Germany with access to online information and education</b> Sybille Fleischmann, NetHope; Carmen Strigel, RTI International	
11.30 – 13.00	<b>TRACK 3   Supporting systems</b>	<b>ROOM 7</b>
	<b>A. The crisis connectivity charter</b> Simon Gray, Eutelsat	
	<b>B. Advancing innovative technology for better learning: Google.org's approach</b> Brigitte Hoyer Gosselink, Google.org	
	<b>C. Designing for independent learning: Kitkit school and designing for all</b> Eugene Chung, Enuma	
	<b>D. Blended learning solutions: Tackling the education emergency in Pakistan</b> Caspar Groeneveld, Knowledge Platform	

## Programme – Symposium (continued)

Monday, 20 March 2017

	<b>TRACK 4   Supporting learners</b>	<b>ROOM 6</b>
11.30 – 13.00	<b>A. Sign language and literacy global prize competition</b> Deborah Backus, All Children Reading: A Grand Challenge for Development	
	<b>B. Empowering teachers with laptop computers and techno-pedagogic training</b> Uri Ben Ari, Athena Fund	
	<b>C. Sesame Street for Syrian children</b> Katie Murphy, International Rescue Committee; Nada Elattar, Sesame Workshop	
	<b>D. Leveraging the ecosystem: How Cambridge English is learning to share</b> Geoff Stead and Anna Lloyd, Cambridge University	
13.00 – 14.00	<b>LUNCH</b>	
<b>AFTERNOON SESSIONS</b>		
14.00 – 14.50	<b>Panel discussion #1   Supporting learners</b> Moderator: Jacqueline Strecker, Learn Lab Manager, UNHCR	<b>ROOM 2</b>
	<ul style="list-style-type: none"> <li>• Kate Radford, Global Programme Manager for 'Can't Wait to Learn', War Child Holland</li> <li>• Martha K. Ferede, Lecturer, Sciences-Po</li> <li>• Steven Duggan, Director for Worldwide Education Strategy, Microsoft</li> <li>• David Banes, Director, David Banes Access and Inclusion Services</li> <li>• Roland Kalamo Lyadunga, Connected Learning facilitator and refugee learner</li> </ul>	
14.50 – 15.30	<b>Speeches</b> Moderator: Mark West, Associate Project Officer, ICT in Education, UNESCO	<b>ROOM 2</b>
	<ul style="list-style-type: none"> <li>• Rosalind Hudnell, President, Intel Foundation</li> <li>• Mansoor Al Awar, Chancellor, Hamdan Bin Mohammed Smart University</li> <li>• Duanrui Wang, Board Chairman, Weidong Group</li> </ul>	
15.30 – 16.00	<b>COFFEE BREAK</b>	
	<b>TRACK 1   Supporting learners</b>	<b>ROOM 8</b>
16.00 – 17.50	<b>A. EduApp4Syria competition: Launch of two winning smartphone games for literacy acquisition in Arabic</b> Liv Marte Nordhaug, Norad	
	<b>B. SIMA: Culturally relevant mobile game to facilitate literacy and numeracy, and improve psycho-social well-being</b> Lucrezia Bisignani, Kukua	
	<b>C. Digital content to support mobile learning for refugee students around the world</b> Maya Goffer, BrainPOP	
	<b>D. From barriers to bonds: Kids teaching kids as the first step to friendships</b> Tudor Clee, Touchable Earth	
	<b>E. Addressing the refugee crisis: Technology, innovation and social enterprises</b> Aline Sara and Reza Rahnema, NaTakallam	
	<b>TRACK 2   Supporting teachers</b>	<b>ROOM 5</b>
16.00 – 17.50	<b>A. Just-in-time mobile learning solutions for teachers by teachers</b> Lucy Haagen, Fazheng International Education Center	
	<b>B. Tools for education and communication: Internet TV channel as a part of Moscow e-school project</b> Roman Ershov, Moscow Center for Technological Modernization of Education; Michael Kozhevnikov and Elizaveta Khamraeva, Prosveshcheniye publishers	

## Programme – Symposium (continued)

Monday, 20 March 2017

16.00 – 17.50	<b>C. Establishing connections: Online teacher training in the Gaza Strip</b> Giovanna Fassetta and Maria Grazia Imperiale, University of Glasgow; Nazmi Al-Masri, Islamic University of Gaza	
	<b>D. Using mobile devices to support professional learning for school leaders in three African countries</b> Paula Cordeiro and Corinne Brion, University of San Diego	
	<b>E. Online education for refugees: A partnership between the United States Department of State and Coursera</b> Lauren Cuzzaniti, Coursera	
	<b>TRACK 3   Supporting systems</b>	<b>ROOM 7</b>
16.00 – 17.50	<b>A. Enabling the next generation of innovators in India through hands-on tech creation</b> Martina Roth, Intel	
	<b>B. Virtual skills school for refugees and displaced women and girls</b> Anna Falth, Meral Guzel and Diana Rusu, UN Women	
	<b>C. The OAS popup schools and iLife skills centres: Technological community centres for populations risking exclusion</b> Jose Maria Anton, Organisation of American States	
	<b>D. Virtual laboratory simulations: Safeguarding STEM education and skills</b> Jan Stahlberg, Labster	
	<b>E. Connect to learn ICT model for education to foster peace</b> Simon Muskett and Zohra Yermeche, Ericsson	
	<b>TRACK 4   Supporting learners</b>	<b>ROOM 6</b>
16.00 – 17.50	<b>A. My course, my lifeline: How technology gives hope to both refugee students and exiled professors</b> Oula Abu-Amsha, Jamiya; Laura Kloetzer, University of Neuchatel	
	<b>B. From camp to campus: MOOCs as pathways to higher education for refugees and displaced people</b> Markus Kressler and Aurore Duroy, Kiron	
	<b>C. Tahdir for Syrians: Building capacity to take action from within</b> Marianne Boqvist, Arab Reform Initiative	
	<b>D. Iran Academia: Accelerating borderless knowledge in a bordered world</b> Ali Reza Kazemi, Iran Academia	
	<b>E. The role of academic cultures and policies in supporting university education in protracted refugee situations</b> Aida Orgocka, York University	
17.50 – 18.40	<b>Panel discussion #2   Supporting teachers</b> Moderator: Tao Zhan, Director of Institute for Information Technologies in Education, UNESCO <ul style="list-style-type: none"> <li>• Edem Adubra, Chief of the Section for Teacher Development, UNESCO</li> <li>• Mary Mendenhall, Assistant Professor of Teaching Practice, Columbia University</li> <li>• Peter Balleis, International Director, Jesuit Refugee Service</li> <li>• Romans Manyiel, Primary School Teacher in Kakuma Refugee Camp, Teachers for Teachers Initiative</li> </ul>	<b>ROOM 2</b>
18.40 – 20.00	<b>RECEPTION</b>	

## Programme – Symposium

Tuesday, 21 March 2017

MORNING SESSIONS		
9.30 – 10.00	<b>Keynote address</b> Ella Ininahazwe, Connected Learning beneficiary and refugee learner, Rwanda	ROOM 2
10.00 – 10.50	<b>Speeches</b> Moderator: Jacqueline Strecker, Learn Lab Manager, UNHCR <ul style="list-style-type: none"> <li>• Rebecca Leege, Director, All Children Reading</li> <li>• Guangfa Wang, President, Fazheng Group and the Beijing Royal School</li> <li>• Genevieve Barrons, Connected Learning Consortium Donor, Open Society Foundation</li> <li>• Uzun Vladimir, President, Prosveshcheniye Publishers</li> </ul>	ROOM 2
10.50 – 11.20	<b>COFFEE BREAK</b>	
11.20 – 13.10	<b>TRACK 1   Supporting learners</b>	ROOM 8
	<b>A. Innovation for education and livelihood</b> Natasha Boskic, University of British Columbia	
	<b>B. Addressing gender inequalities in refugee higher education through low-cost admissions preparation programmes</b> Chrystina Russell, Southern New Hampshire University	
	<b>C. Mobile technology, pedagogy and retention within the BHER Project's university programmes in Dadaab, Kenya</b> Emily Antze, York University	
	<b>D. Technology enhanced higher education for refugees in low-resource environments</b> David Hollow, Jigsaw Consult	
	<b>E. Digital Literacy and MOOCs: A refugee perspective</b> Timothy Read, National University of Distance Education (UNED)	
11.20 – 13.10	<b>TRACK 2   Supporting teachers</b>	ROOM 5
	<b>A. Mobile solutions for teacher development in crises and emergencies</b> Edem Adubra, UNESCO	
	<b>B. The golden teacher</b> Hugh Clench and Jacqui Webber-Gant, Online Training	
	<b>C. Agile mobile solutions for real-time support of refugee students and teachers in emergencies and crises</b> Angela Arnott, Program4Results; George Bester, Saltracker	
	<b>D. South Sudan literacy app</b> Nelson J. Kwaje, WEB4ALL	
	<b>E. Innovative strategies to make mobile online education a reality in Mozambique</b> Wisdom Machacha, Instituto Superior De Cienciase Educacao A Distancia Beira	
11.20 – 13.10	<b>TRACK 3   Supporting systems</b>	ROOM 7
	<b>A. Unlocking talent through technology</b> Dario Gentili, VSO; Andy Ashe, OneBillion; Nicola Pichford, Nottingham University	
	<b>B. Information and educational technologies that facilitate Syrian and Iraqi students' access to education in Turkey</b> Merve Sule Kansiz, Seymanur Dundar and Aysenur Bulbul, Turkish Ministry of National Education	
	<b>C. AmritaRITE: Supporting education after natural disasters</b> Prema Nedungadi and Raghu Raman, Amrita University	
	<b>D. Educational needs assessment and mLearning exploration at a refugee camp in Jordan</b> Helen Crompton, Old Dominion University; Khitam Shraim, Palestine Technical University	

## Programme – Symposium (continued)

Tuesday, 21 March 2017

11.20 – 13.10	E. <b>Xavier Project and Eneza - SMS mobile revision bringing better results for refugees in Kenya</b> Edmund Page, Xavier Project	
	<b>TRACK 4   Supporting learners</b>	<b>ROOM 6</b>
	A. <b>Education in conflict and crisis: How can technology make a difference? A landscape review</b> Alexandra Galeitzke, GIZ; Rebecca Leege, World Vision	
	B. <b>Mobile DIY TV station to broadcast educational content to displaced children for effective learning outcomes</b> Bridget Bannerman, Science Resources Africa	
11.20 – 13.10	C. <b>Locally created videos and cordless projectors revolutionize emergency and crisis response</b> Matthew York and Claire Pelley, One Mobile Projector Per Trainer	
	D. <b>Using radio for alternative education in Liberia during the Ebola crisis</b> Lisa Hartenberger Toby, Education Development Center	
	E. <b>Can ICTs promote early literacy through fast-track self-learning programmes? The global learning XPRIZE experience</b> Zulmira Rodrigues, UNESCO; Matt Keller, XPRIZE Foundation	
13.10 – 14.30	<b>LUNCH</b>	
<b>AFTERNOON SESSIONS</b>		
14.30 – 15.00	<b>Keynote address</b> UNESCO's and UNHCR's work in mobile learning	<b>ROOM 2</b>
15.00 – 16.00	<b>Panel discussion #3   Supporting systems</b> Moderator: Fengchun Miao, Chief of ICT in Education Unit, UNESCO <ul style="list-style-type: none"> <li>• David Edwards, Deputy General Secretary, Education International</li> <li>• Trond Ingebretsen, Director, Norwegian Centre for ICT in Education</li> <li>• Anthony Bloome, Senior Education Technology Specialist, USAID</li> <li>• Ita Sheehy, Senior Education Officer, UNHCR</li> <li>• Brigitte Hoyer Gosselink, Principal, Google.org</li> </ul>	<b>ROOM 2</b>
16.00 – 16.30	<b>COFFEE BREAK</b>	
	<b>TRACK 1   Supporting learners</b>	<b>ROOM 8</b>
	A. <b>Learnings from Ideas Box: A field-ready toolkit to create learning centres for the community</b> Muy-Cheng Peich, Bibliothèques Sans Frontières	
	B. <b>LearnSyria: From books to bytes in a humanitarian crisis</b> Deanna Del Vecchio, Rumie	
16.30 – 18.20	C. <b>Fiction for social change: Stories to promote awareness and tolerance</b> Carol Mignon Hardie, FunDza Literacy Trust	
	D. <b>Empowering parents to be first teachers: Worldreader's Read to Kids programme</b> Wendy Smith, Worldreader; Jennifer Young, Pearson	
	E. <b>Cloud-based libraries: Transcending political and economic barriers to improve educational outcomes</b> Tanyella Evans, Library For All	

## Programme – Symposium (continued)

Tuesday, 21 March 2017

	<b>TRACK 2   Supporting teachers</b>	<b>ROOM 5</b>
16.30 – 18.20	<b>A. Use of mobile learning to train teachers in Niger: The UTIFEN project</b> Thierry Karsenti and Aurelien Fievez, University of Montréal	
	<b>B. Design high-quality mobile courses that support students, teachers, teacher educators, and policy? Yes, you can!</b> Jeltsen Peeters, Karen Triquet and Minne Huysmans, Vrije Universiteit Brussel	
	<b>C. Leveraging the US future ready schools initiative with engaging professional learning</b> Mike Lawrence, CUE; Rowland Baker, TICAL	
	<b>D. Teacher training at Kakuma refugee camp, Kenya, through blended learning</b> Nicole Reith and Bijay Dhungana, University of Applied Sciences Utrecht	
	<b>E. Expect the unexpected - Using instant messaging to support learning in low-resource settings</b> Tim Seal, Open University, UK	
	<b>TRACK 3   Supporting systems</b>	<b>ROOM 7</b>
16.30 – 18.20	<b>A. Using OpenEMIS to track and monitor school-age refugee children populations in emergency situations</b> Jon Kapp and Haydee Izaguirre, Community Systems Foundation	
	<b>B. TEXT ILMI: Using low-cost mobile technology to improve public education</b> Heer Shaikh, Harvard University	
	<b>C. School information systems: Tracking learning opportunities school by school</b> Kurt Moses, FHI360	
	<b>D. SSSAMS.org: Real-time, national education data in South Sudan's conflict with SMS reports of individual attendance</b> Charlie Goldsmith, Charlie Goldsmith Associates	
	<b>E. Mitigating the impact of the Syria crisis in Jordan with ICT-based interventions</b> Eddie Dutton, UNESCO Office in Amman	
	<b>TRACK 4   Supporting learners</b>	<b>ROOM 6</b>
16.30 – 18.20	<b>A. Strengthening the quality of education through mobile devices for adult literacy learners: Afghan refugees in Iran</b> Hoda Jaberian, Independent UNESCO and UNHCR consultant	
	<b>B. Essential skills for the 21st century</b> Ahmad Shilleh and Rafiah Al Afri, Hamdan Bin Mohammed Smart University	
	<b>C. UNESCO-Pearson initiative for literacy: Inclusive digital solutions for low-skilled and low-literate youth and adults</b> Steve Vosloo, UNESCO; Gráinne Conole, Independent	
	<b>D. Microsoft and UNESCO partnership for literacy</b> Steven Duggan, Microsoft-UNESCO partnership; Hassan Keynan, UNESCO Institute for Lifelong Learning	
	<b>E. Skills for success Afghanistan: From in-class to blended mobile learning with 5x more students</b> Mike Dawson and Benita Rowe, Ustad Mobile	
18.20 – 18.40	<b>Closing ceremony</b> Moderator: Fengchun Miao, Chief of ICT in Education Unit, UNESCO <ul style="list-style-type: none"> <li>David Atchoarena, Director for Policies and Lifelong Learning Systems, UNESCO</li> <li>Ita Sheehy, Senior Education Officer, UNHCR</li> </ul>	<b>ROOM 2</b>

## Day 3

# Workshops

---

**Wednesday, 22 March 2017**

UNESCO, Paris  
125 avenue de Suffren

## **Learn how leading organizations are leveraging technology to open, expand and enrich educational opportunities for displaced people**

The event will feature a total of **16 workshops**, each 1.5 hours in duration.

### **Thematic details**

Workshops will be dedicated to each of the three MLW subthemes:

- Supporting learners
- Supporting teachers
- Supporting systems

The workshops will allow participants to join interactive sessions about mobile learning content, technology, research and projects. They will highlight how technology is used in emergency and crisis contexts to improve access to learning and strengthen the quality of education.

No interpretation will be provided.

## Programme – Workshops

Wednesday, 22 March 2017

8.30 – 9.15	<b>Registration</b>   UNESCO, 125 avenue de Suffren, Paris	
<b>MORNING SESSIONS</b>		
9.15 – 9.45	<b>Opening plenary</b>   David Atchoarena, Director for Policies and Lifelong Learning Systems, UNESCO	ROOM 2
9:45 – 11:15	<b>Theatricality as a language learning method</b> Irina Vasileva and Elizaveta Khamraeva, Prosveshcheniye Publishers	ROOM 5
	<b>Erasmus+ online linguistic support for refugees: 100,000 refugees learning a language online with OLS</b> Céline Peroni, European Commission; Cédric Bounameaux, Altissia; Pascale Fabre, CLL Language Centres	ROOM 6
	<b>Collaborative and inquiry mobile learning: An innovative co-learning experience among farmers, teachers and students</b> Hongjuan Liu, Yao Yu and Minggui Qu, Beijing Royal School	ROOM 7
	<b>ALECSO Initiatives to promote inclusive education through mobile technologies and ICT for all</b> Mohamed Jemni and Abdullah Muhareb, ALECSO; H.E. Mohamed Anouar Maarouf, Minister of Communication Technologies and Digital Economy (Tunisia); Mohammed Mohsin, MADA	ROOM 8
11:15 – 11:45	<b>COFFEE BREAK</b>	
11:45 – 13:15	<b>So when does scaling start? Can't Wait to Learn explores scale</b> Kate Radford, War Child Holland; Merel van der Woude, Butterfly Works	ROOM 5
	<b>Solar powered digital audio players in teacher education, literacy and peace-building in South Sudan</b> Duku Walter Ladu, Across	ROOM 6
	<b>Intel She Will Connect: More than digital empowerment; changing lives</b> Martina Roth, Intel Corporation	ROOM 7
	<b>EduApp4Syria: Workshop for organizations interested in facilitating field testing of smartphone games for literacy</b> Liv Marte Nordhaug, Norad; Alf Inge Wang, NTNU; Emmanuel Guardiola, Cologne Game Lab – TH-Köln	ROOM 8
13:15 – 14:30	<b>LUNCH</b>	
<b>AFTERNOON SESSIONS</b>		
14.30 – 16.00	<b>Teachers for teachers: Improving teaching practice through training, peer coaching and mobile mentoring in the Kakuma refugee camp in Kenya</b> Mary Mendenhall and Emily Richardson, Teachers College, Columbia University	ROOM 5
	<b>Design of interactive mobile learning content to address the immediate needs of displaced children</b> Abtar Darshan Singh, Hamdan Bin Mohammed Smart University	ROOM 6
	<b>Virtual reality in behavioral health and education for displaced populations</b> Shawn Gross, University of San Diego	ROOM 7
	<b>ICT-based higher education for refugees in the MENA region</b> Alexandra Galeitzke and Emily Andres, GLZ; David Hollow, Jigsaw Consult	ROOM 8
16:00 – 16.30	<b>COFFEE BREAK</b>	

## Programme – Workshops (continued)

Wednesday, 22 March 2017

16.30 – 18.00	<b>Innovating the delivery of higher education for displaced populations</b> Carolyn Tarr and Ashley Haywood, Kepler; Nina Weaver, Southern New Hampshire University	ROOM 5
	<b>Weidong Cloud Education Platform: A lifelong learning system for everyone at anytime and anywhere</b> Dai Shen, Weidong Group	ROOM 6
	<b>Making mobile learning highly viable in contexts with no connectivity or grid power</b> Balaji Venkataraman, Commonwealth of Learning; Mohamed Ally, Athabasca University; Vanita Shinde, Mann Deshi Foundation; Mose Mose, National University of Samoa	ROOM 7
	<b>Global digital library workshop</b> Christer Gundersen, Norwegian Digital Learning Arena; Anthony Bloome, USAID	ROOM 8

## Day 4

# Strategy Labs

---

**Thursday, 23 March 2017**

UNESCO, Paris  
125 avenue de Suffren

## **Contribute to ICT in education projects being planned or implemented by organizations with global reach**

The event will feature **8 half-day strategy labs**.

As a new component of Mobile Learning Week, strategy labs provide UNESCO and UNHCR partners with opportunities to conceptualize, refine or scale-up projects that leverage mobile technology for learning. The labs will draw on the expertise of the conference participants.

No interpretation is provided on this day.

## Programme – Strategy Labs

Thursday, 23 March 2017

MORNING SESSIONS	
9.30 – 12.30 coffee break 10.45-11.15	<b>Educational platforms for displaced communities: Building a shared vision</b> Brigitte Hoyer Gosselink, Google Jamie Alexandre, Learning equality Ariam Mogos, UNICEF Jacqueline Strecker, UNHCR <b>ROOM 3</b>
	<b>EVOKE Literacy: Engage in the online game design inspiring youth as change agents for literacy</b> Rebecca Leege, World Vision Jennifer Young, Pearson Deborah Backus, World Vision Anthony Bloome, USAID <b>ROOM 6</b>
	<b>Refugee coding camps: Empowering learners to build mobile solutions</b> Batoul Hussein, SAP Davide Storti, UNESCO <b>ROOM 7</b>
	<b>Digital innovations for SDG 4: The case of education during emergencies</b> Hani Eskandar, ITU Alex Masika, BRCK <b>ROOM 8</b>
12.30 – 14.00	<b>LUNCH</b>
AFTERNOON SESSIONS	
14.00 – 17.00 coffee break 15.15-15.45	<b>Strengthening the Connected Learning Consortium</b> Erin Hayba, InZone, University of Geneva Barbara Moser-Mercer, InZone, University of Geneva Cindy Bonfini-Hotlosz, Jesuit Distance Education Network Jacqueline Strecker, UNHCR <b>ROOM 3</b>
	<b>EduApp4Syria: Facilitating the field-testing of smartphone games for literacy</b> Liv Marte Nordhaug, Norwegian Agency for Development Cooperation (NORAD) Alf Inge Wang, Norwegian University of Science and Technology (NTNU) <b>ROOM 6</b>
	<b>The International Council for Education Media: Creating mobile learning resources for displaced populations in times of emergency and crisis</b> Hannah Gerber, Sam Houston State University and ICEM Otto Benavides, California State Fresno and ICEM Julene Reed, Lamar University and INEE George Saltsman, Lamar University and INEE Tom Liam Lynch, Pace <b>ROOM 7</b>
	<b>Global Learning XPRIZE: Beyond the competition</b> Matt Keller, XPRIZE Zulmira Rodrigues, UNESCO Emily Church, XPRIZE <b>ROOM 8</b>

United Nations  
Educational, Scientific and  
Cultural Organization

Day 5

# Policy Forum

---

**Friday, 24 March 2017**

UNESCO, Paris  
125 avenue de Suffren

**ROOM 4**

**Examine the role policies play in facilitating the acquisition of e-skills, particularly for disadvantaged and displaced populations**

The event will feature **5 plenary sessions**.

The forum will bring together ministers of education as well as ministers of ICT to discuss the changing skills required in societies increasingly dependent on digital technologies. Participants will consider how e-skills and the growing ubiquity of mobile technology can enable learning that advances progress towards the 2030 Agenda for Sustainable Development, including in contexts of emergencies and crisis.

The forum will be co-organized by UNESCO and ITU, in close collaboration with UNHCR.

Interpretation will be provided in English and French. Turkish interpretation will also be available courtesy of the Delegation of Turkey to UNESCO.

## Programme – Policy Forum

Friday, 24 March 2017

# Side events

---

20-24 March 2017

UNESCO, Paris  
125 avenue de Suffren

## UNESCO and UNHCR will host a series of side events to complement the main Mobile Learning Week programme

### Demonstrations

Miró room

Monday - Wednesday  
20-22 March 2017

A series of 8 mobile learning demonstrations will be organized each day in a UNHCR tent located in UNESCO Headquarters. The demonstrations will allow participants to experience mobile learning solutions first-hand. They will repeat on a rotating schedule from Monday to Wednesday.

10.00	<b>Using video to support education in emergency and crisis contexts</b> Matthew York and Patrice York, One Mobile Projector per Trainer
11.00	<b>Personalizing learning with technology in developing countries</b> Chelsea Waite and Elyse Gainer, Digital Promise
12.00	<b>Teachers for Teachers: Supporting refugee educators</b> Mary Mendenhall and Emily Richardson, Teachers College, Columbia University
13.00	<b>EduApp4Syria: Smartphone games for literacy learning</b> Liv Marte Nordhaug, Kari Moe Jacobsen and Alf Inge Wang, Norad
14.00	<b>Exploring the educational potential of virtual reality</b> Shawn Gross, University of San Diego
15.00	<b>Improving access to higher education through MOOCs and blended learning</b> Adam Roe and Julia Tran Thanh, Kiron Open Higher Education
16.00	<b>Pop-up media centers and digital libraries for education</b> Muy-Cheng Peich, Gregoire Pouget and Javier Bermudez, Bibliothèques Sans Frontières
17.00	<b>Exploring a trilingual e-learning platform</b> Nagi Ghorra, Lebanese Alternative Learning

## Family Tent

### Outside

**Monday - Friday**  
**20-24 March 2017**

A UNHCR family tent will be set up at UNESCO Headquarters for the duration of Mobile Learning Week. Participants are encouraged to enter the tent and see the core relief items like blankets, mosquito nets and eating utensils provisioned by UNHCR and partners in emergency settings. The tent will be located outside UNESCO's Miró Rooms.

## Exhibition

### Foyer

**Monday - Friday**  
**20-24 March 2017**

Organizations supporting Mobile Learning Week will showcase new educational technology, content and research. UNESCO and UNHCR will also exhibit information about their respective mobile learning programmes. The full exhibition will run from Monday to Wednesday; some organizations will exhibit until Friday.

## Photo Gallery

### Miró room

**Monday - Friday**  
**20-24 March 2017**

UNHCR, in partnership with the German government, will display a series of photographs taken in Kenya and Jordan. The photographs show refugee students overcoming obstacles to access higher education. The photo gallery will run from Monday until Friday.

## Art Installation

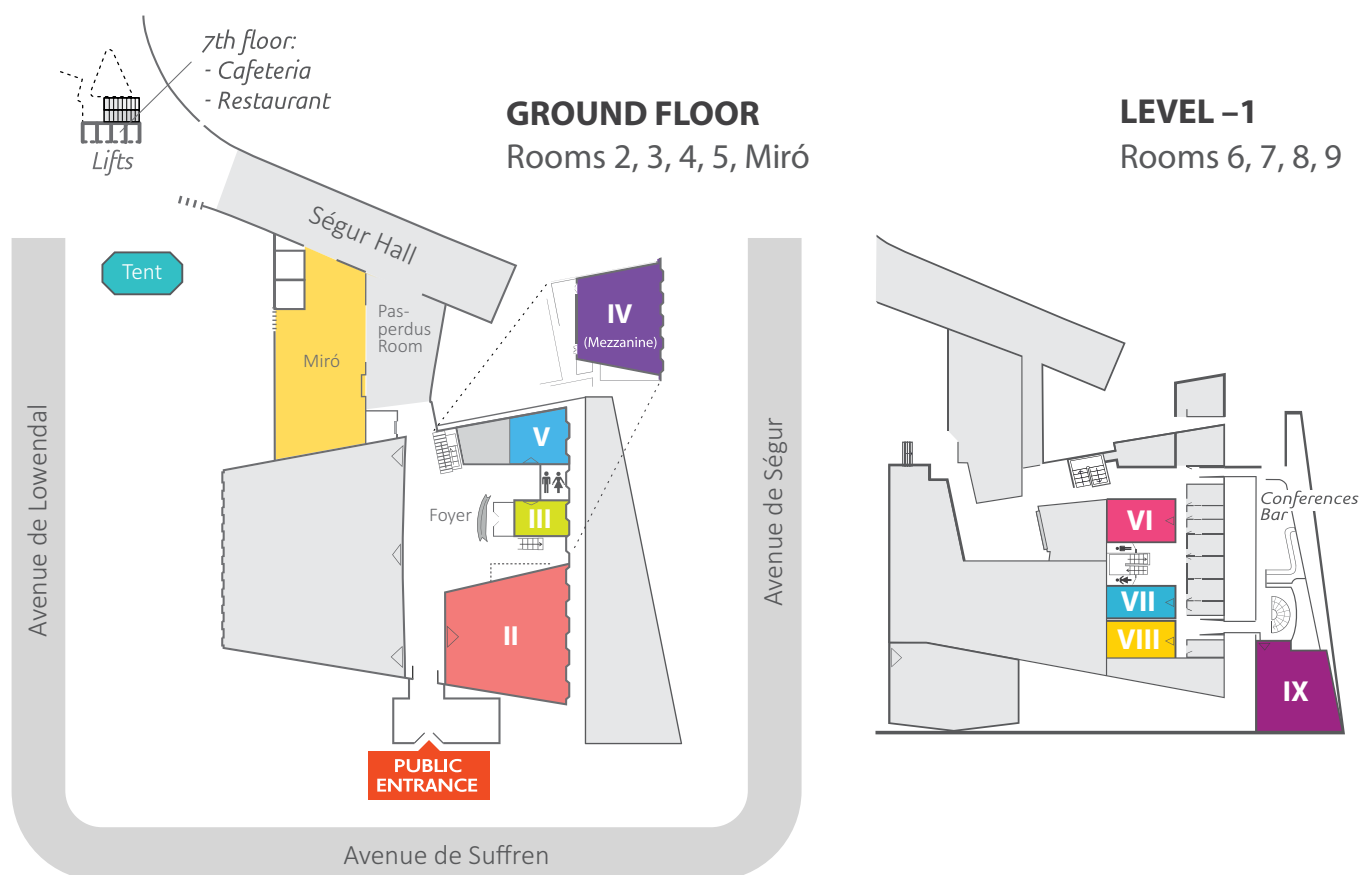

### Foyer & Miró room

**Monday - Friday**  
**20-24 March 2017**

Art will be produced during Mobile Learning Week to capture the outcomes of different conference sessions. The work, to be displayed in the UNESCO Foyer and Miró rooms, will let participants revisit the issues and opinions shared at the event.

# Practicalities

- Participants should register for Mobile Learning Week prior to the event. Registration is free and completed on the conference website: <http://www.unesco.org/new/en/mlw>.
- A coat and luggage check is available in the UNESCO Foyer.
- Coffee, tea and soft drinks will be provided during breaks in the conference programme.
- UNESCO has a cafeteria and coffee shop on the seventh floor. The cafeteria is open from 12:00 to 14:30 daily. There is also a smaller restaurant and coffee shop on the minus one level of UNESCO near Room IX. A large number of restaurants can be found in close proximity to UNESCO, especially on Boulevard Garibaldi and Avenue de la Motte-Picquet.
- UNESCO has a small medical centre in the yellow wing of the second floor.
- The UNESCO WiFi network is called: **hq-air**  
The password is: **uneswifi**
- You are encouraged to Tweet about Mobile Learning Week using the hashtag: **#MLW2017**
- The UNESCO Twitter handle is: **@UNESCO**
