Pismo podrške inicijativi za upis Bokeljske mornarice na reprezentativnu listu nematerijalne kulturne svjetske baštine

Duboko sam uvjeren da postoje brojni argumentovani razlozi za upis Bokeljske mornarice na reprezentativnu listu nematerijalne kulturne svjetske baštine UNESCO-a.

Bokeljska mornarica je u toku svoje duge i bogate istorije, koja počinje 809 godine, bila protagonista i svjedok društvene, pomorske i kulturne istorije Boke Kotorske, Crne Gore, Jadrana i Mediterana. I pored brojnih izazova i iskušenja uspjela je da opstane i da se, iako više puta ukidana, obnavlja i da se, kao mitska ptica Feniks, ponovo rada iz svoga pepela. U toku vjekova je pokazala izvanredan vitalitet koji je sačuvala do danas, kao i sposobnost da se mijenjajući imena, statute i funkcije stalno prilagođava izmijenjenim istorijskim prilikama, čuvajući istovremeno duhovne, moralne i kulturne vrijednosti koje su ugrađene od početka u njene temelje. Do kraja XVIII vijeka je imala važne socijalne, ekonomske, obrazovne, duhovne ali i vojne funkcije u odbrani Boke Kotorske, Jadrana i evropskog dijela Mediterana i učestvovala je u brojnim pomorskim bitkama i okršajima sa gusarima, braneci tekovine evropske civilizacije. Gubeći vojne funkcije u XIX vijeku se transformisala u memorijalnu organizaciju, koja ne samo čuva istorijske memorije i bogate tradicije, već i afirmiše vrijednosti koje su izdržale probu vjekova i prenosi ih stalno iznova na nove generacije. Njegujući i čuvajući svoje tradicije, koje su precizano normirane njenim Statutom i Pravilnikom o nastupima, odorama i oružju, članovi Mornarice u drevnim uniformama i sa drevnim oružjem nastupaju u predviđenim manifestacijama i plešu tradicionalno kolo, koje je puno duhovnih i pomorskih simbola. Inspirišući brojne naučnike, umjetnike, književnike i muzičare i organizujući kulturne manifestacije, izložbe, koncerte, naučne skupove, svojom izdavačkom djelatnošću i nastupima u inostranstvu, Mornarica ima aktivnu ulogu u savremenom kulturnom i društvenom životu. Ona aktivno saraduje sa kulturnim institucijama u Crnoj Gori i inostranstvu, sa školama i fakultetima, sa raznim društvenim institucijama a posebno sa privrednim i društvenim orgnizacijama iz oblasti pomorstva. Proglašena je kulturnim dobrom Crne Gore i afirmisala se kao jedan od najvažnijih elemenata lokalnog i nacionalnog identiteta.

Njen upis na Reprezentativnu listu nematerijalne kulturne svjetske baštine bi ne samo bio značajan za afirmaciju Mornarice i međunarodnu promociju Boke Kotorske i Crne Gore, već bi obogatio tu listu jednim jedinstvenim kulturnim dobrom. Bokeljska mornarica je, koliko je poznato, najstarija postojeća pomorska organizacija u svijetu. Njenu bogatu istoriju svjedoče brojni dokumenti i eksponati koji se čuvaju u Istorijskom arhivu u Kotoru, Pomorskom muzeju Crne Gore u Kotoru, crkvenim i privatnim zbirkama i arhivima, onima u drugim mediteranskim državama kao i u zbirci i arhivu same Mornarice. Ona je bitno doprinijela stvaranju materijalnih kulturnih dobara Kotora i Boke, koji su proglašeni od UNESCO-a kulturnom baštinom čovječanstva. Sve do kraja XVIII vijeka niko u Boki ko nije bio član Mornarice se nije mogao baviti pomorstvom i pomorskom trgovinom, koji su bili najvažnije privredne djelatnosti iz čijih prihoda se finansirala kultura i umjetnost. Posebno je interesantno da su do kraja XVIII vijeka iz članstva u Mornarici bili isključeni plemići, čime je ona bila posebno važna za afirmaciju drugih, neprivilgovanih društvenih klasa. Danas je Mornarica otvorena za sve osobe bez obzira na pol, uzrast, etničku i

vjersku pripadnost, društveni i ekonomski status. Ona njeguje demokratske vrijednosti i sve najvažnije odluke donosi Skupština koja bira Upravni odbor, admirala, viceadmirala i druge upravne organe.

Članovi Mornarice su plovili Jadranom, Mediteranom i svim morima i oceanima svijeta i dali doprinos razvoju pomorstva raznih država i njihova djelatnost, skopčana sa velikim rizicima i žrtvama, je omogućila razvoj ovog kraja i njegovo stalno povezivanje sa drugim državama, narodima i kulturama. Mornarica već dugo vremena promovira osnovne civilizacijske vrijednosti savremenog svijeta, saradnju, toleranciju, dijalog i otvorenost, čuvajući istovremeno svoje specifične identitetske vrijednosti i tradicije. U vrijeme kada Crna Gora dinamično napreduje prema članstvu u Evropskoj Uniji Mornarica je živi dokaz da smo od početka istorije bili dio evropske civilizacije.

Imajući sve to u vidu siguran sam da duga istorija, originalnost, vitalnost i vrijednosti koje je karakterišu preporučuju Bokeljsku Mornaricu za upis na reprezentativnu listu svjetske kulturne baštine.

Letter of support to the initiative for inscription of Boka Navy in the UNESCO Representative List of Intangible Cultural Heritage of Humanity

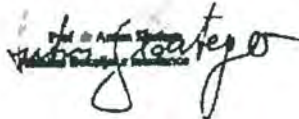

I am deeply convinced that there are many substantial reasons for the inscription of Boka Navy in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

During its long and rich history that begins in the year 809, Boka Navy has been a protagonist and a witness in the social, maritime and cultural history of Boka Bay, Montenegro, the Adriatic Sea and the Mediterranean. Despite many challenges and temptations, it has managed to preserve, although it was abolished several times, it carried on, just like the mythical bird phoenix, rising from its ashes. During the centuries, it has demonstrated extraordinary vitality that it preserved to present-day, as well as the ability to adjust to historical environment by changing its names, statues and functions, at the same time preserving spiritual, moral and cultural values of its founding days. By the end of the XVIII century, it held important social, economic, educational, spiritual and military roles in the Boka Bay, Adriatic and the European part of the Mediterranean and it took part in numerous sea battles and fights with pirates, defending the values of European civilization. By losing its military functions in the XIX century, it transformed into a memorial organization that not only preserves historical memories and the rich tradition, but also affirms the values that were tested through centuries. They are now continuously transmitted to new generations. By nurturing and preserving its tradition, precisely stated in its Statute and the Rulebook on performances, costumes and weaponry, the members of the Navy in ancient costumes and with ancient weapons perform and dance the traditional *kolo*, which is full of spiritual and maritime symbols. Inspiring numerous scientists, artists, writers and musicians and organizing cultural manifestations, exhibitions, concerts, scientific gatherings, with its publishing activities and performances abroad, the Navy holds an active role in the contemporary cultural and social life. It actively cooperates with cultural institutions in Montenegro and abroad, with schools and faculties, with numerous social institutions, especially commercial and social organization in the area of maritime affairs. It has been recognized as a cultural property of Montenegro and has been reaffirmed as one of the most important elements of the local and national identity.

Its inscription in the Representative List of Intangible Cultural Heritage of Humanity would be important for affirmation of the Navy and international promotion of the Boka Bay and Montenegro, but it would also enrich the List with a unique cultural property. As far as it is known, Boka Navy is the oldest existing maritime organization in the world. Its rich history is confirmed by numerous documents and artifacts preserved in the Historical Archive Kotor, Maritime Museum of Montenegro in Kotor, church and private collections and archives, as well as other collections in other Mediterranean countries as well as in the collection and archive of the Navy itself. The Navy has significantly contributed to the creation of material cultural properties of Kotor and Boka, which were recognized as UNESCO world heritage. Up until the end of XVIII century, no one in Boka who was not a member of the Navy could do work in maritime affairs and trade, which were the most important commercial activities that were used to fund culture and art. It is especially interesting to note that by the end of XVIII century, noblemen were excluded from the membership in the Navy, which made it an important organization for affirmation of other, unprivileged social classes. Today the Navy is open for all individuals regardless of gender, age, ethnic and religious affiliations and social and economic

status. The Navy nurtures democratic values and all of its decisions are passed by the Assembly chosen by the Steering Board, the Admiral, Vice Admiral and other managing bodies. Members of the Navy have sailed the Adriatic Sea, the Mediterranean and all the seas and oceans of the world, giving contribution to the development of maritime affairs of other countries. Its activities, tied with big risks and sacrifices, enabled the development of this region and its connections with other states, peoples and cultures. The Navy has long been promotion the basic civilizational values of the modern world, such as cooperation, tolerance, dialogue and openness, preserving at the same time its own specific identity, values and traditions. In the time of Montenegro's dynamic efforts towards the membership in the European Union, the Navy is a living proof that we have been a part of European civilization from the evry beginning. Keeping all that in mind, I am certain that the long history, the originality, the vitality and the values characterizing the Boka Navy recommend it for inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

KOTOR

Poštovani,

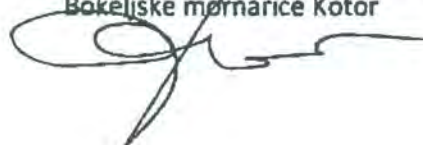

Materijalna kulturna baština neraskidivo je vezana s nematerijalnom kulturnom baštinom, što je posebno slučaj sa Kotorom, koji je već upisan na listu svjetske kulturne baštine UNESCO i Bokeljskom mornaricom. Gradska vlast izražena kroz Statut grada Kotora, crkva sv. Tripuna i Bokeljska mornarica tri su glavne komponente koje su kroz dugi niz stoljeća bila odlučujuće za život i razvoj grada Kotora i bile su i ostale temeljne odrednice za prepoznavanje i definisanje našeg kulturnog i nacionalnog identiteta. Bokeljska mornarica, Tripundanske svečanosti koje ona slavi i kolo sv. Tripuna koje pleše ukazuju danas na kulturnu, tehničku i socijalnu vrijednost i slojevitost našeg nematerijalnog kulturnog nasljeđa i predstavljaju značajan dio ne samo našeg nego i evropskog identiteta. Sama činjenica da se na teritoriji Evrope nije sačuvao niti jedan slični ples ili kolo čijem su stvaranju odlučujuće doprinijeli mediteranski i evropski uticaji, čini Bokeljsku mornaricu izrazom bogatstva i raznolikosti i evropskog kulturnog nasljeđa.

Bokeljska mornarica predstavlja istinsko svjedočanstvo žive kulture i tradicije našeg podneblja, jedinstveno svjedočanstvo koje je ostavilo neizbrisiv trag u kulturološkoj slici sredine u kojoj je nastajala, trajala i traje i danas. Bokeljska mornarica, Tripundanske svečanosti i kolo sv. Tripuna jamac su održivosti identiteta Kotora i Boke Kotorske u doba sveopšte globalizacije, oni su reprezentativni i najvidljiviji element naše kulturne baštine kojima se predstavljamo svijetu. Zbog toga, preporučujem i u potpunosti podržavam njenu nominaciju za upis na UNESCO Reprezentativnu listu nematerijalnog kulturnog nasljedja.

To whom it may concern,

Material cultural heritage has unbreakable ties to the intangible cultural heritage, especially in the case of Kotor, that is already inscribed in the UNESCO World Heritage List, and the Boka Navy. City authority expressed in the Statute of the City of Kotor, St. Tryphon Cathedral and Boka Navy are the three major factors that have been a deciding force through the centuries, having an indisputable influence on the life and development of the city of Kotor. They were and they remain foundational landmarks for recognizing and defining our cultural and national identity. Boka Navy, St. Tryphon Day celebrations and the *kolo* of St. Tryphon point today to the cultural, technical and social value and complexity of our intangible cultural heritage and represent a significant part of not only our but European identity as well. The sole fact that no similar dance or *kolo* that was created through Mediterranean and European influences has been preserved on the territory of Europe makes Boka Navy an expression of richness and diversity of European cultural heritage.

Boka Navy represents a true testimony of a live culture and tradition of our region, a unique testimony that has left an indisputable trace in the cultural landscape of its region, from its inception to present-day. Boka Navy, St. Tryphon celebrations and St. Tryphon *kolo* are a guarantee of the sustainability of Kotor and Boka Bay identity in the period of general globalization. They are representation and the most visible elements of our cultural heritage in the world. For these reasons, I recommend and fully support the nomination of Boka Navy for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

Poštovani Admirale,

Ovim pismom želim, u ime grada Kotora i svoje lično, dati iskrenu i potpunu podršku inicijativi upisa Bokeljske mornarice na listu nematerijalne kulturne baštine UNESCO-a. Bokeljska Mornarica je vjekovni svjedok istorije grada Kotora. Nastala je, razvijala se, doživljavala uspone i padove jednako sa gradom i šire, cijelom Bokom kotorskom. Ona je neizostavni dio naše prošlosti, našeg kulturnog i historijskog razvoja i stoga je u potpunosti opravdana ova inicijativa.

Poštovani Admirale, poštovani članovi, čuvari i poštovaoci tradicije Bokeljske mornarice, u ime gradske uprave i svoje lično, dajem potpunu podršku inicijativi da ovo udruženje uđe, kao što mu i dolikuje, na UNESCO-vu listu i time i na međunarodnom planu dobije pravu potvrdu svoje vrijednosti koju baštini vjekovima na ovim našim prostorima. FOR THE ADMIRAL ANTON SBUTEGA

Respected Admiral,

With this letter I wish to give honest and full support to the initiative of inscription of the Boka Navy on the UNESCO Representative List of Intangible Cultural Heritage of Humanity, in the name of the city and my own personal name. Boka Navy has stood centuries as a witness to the history of Kotor city. It was founded, developed, rising and falling along with the city and wider, the whole region of Boka Bay. It represents an indispensable part of our cultural and historical development, thus making this initiative fully justified.

Respected Admiral, respected members, preserves and admirers of the Boka Navy, in the name of city administration and my own personal name, I hereby give full support to the initiative to have this association inscribed in the UNESCO Representative List of Intangible Cultural Heritage of Humanity. The Navy rightfully deserves this position and it is important that it receives international confirmation of the values it has been preserving for centuries in our region. Kotor and Boka Navy cannot be seen separately, and I am certain that the Navy is soon to belong in the list of UNESCO treasures.

With respect,

**Predlog: Kandidature Bokeljske mornarice Kotor
za upis na UNESCO-vu Reprezentativnu listu
nematerijalnog kulturnog nasljeđa**

Bokeljska mornarica kao dvanaestovjekovna organizacija pomoraca imala je značajnu ulogu u formiranju bogatog istorijsko-pomorskog nasljeđa Kotora, Boke Kotorske i Crne Gore.

Ovo drevno udruženje pomoraca sa svojim obrednim plesom tipa kola, svojom odorom, sa svojim tradicionalnim oružjem i kao organizator Tripundanskih svečanosti, predstavlja kulturnu baštinu sačuvanu kroz vjekove.

U prilog značaju Bokeljske Mornarice za kulturnu baštinu grada Kotora i Crne Gore, govori nam njena bogata i dugovječna istorija još od IX vijeka. Duga je pomorska tradicija grada Kotora, od pominjanja ratnih brodova Kotora iz 867, 1155. i Ugovora Kotora i Omiša o slobodnoj plovidbi Jadranskim morem iz 1167. godine sve do dokumentiranog pomena organizacije pomoraca iz 1353. pod imenom „Pobožno društvo kotorskih pomoraca“ (*Pia Sodalitas Naviculatorum Catharensium*) i donošenja Statuta Bratovštine Svetog Nikole Mornara 1463. godine. Bratovština pomoraca u Kotoru je imala najveći broj članova od svih ostalih bratovština u gradu. Ekonomski bila je najmoćnija organizacija tako da je veoma doprinosila ekonomskom jačanju grada. Poseban ekonomski značaj Bratovštine kotorskih pomoraca ogleda se u tome što je ona pružala svojim članovima trajnu ekonomsku sigurnost.

Da je Kotor morao biti vrlo jaki trgovački centar sa razvijenom trgovačkom i vojnom mornaricom, puno nam govori bogata spomenička kulturna baština koja datira iz tog vremena, a koja ne bi mogla biti stvorena bez jedne jake i organizovane bratovštine, kotorske mornarice.

Kotorska mornarica imala je pored ekonomskog i vaspitni karakter svoga djelovanja. S obzirom da je okupljala u većini mlade ljude ona je preko svojih starijih i iskusnih članova, pomoraca, omogućavala da oni prenose svoje navigaciono iskustvo i znanje mladim pomorcima tako da je ona predstavljala svojevrstu pomorsku školu koja je iznjedrila veliki broj vrsnih pomoraca toga

doba. Njeno djelovanje može se pratiti kroz dokumente Istorijskog arhiva u Kotoru, sve do dvadesetog vijeka.

Pomorski muzej Crne Gore u Kotoru utemeljen je iz prvobitne Zbirke i Muzeja Bokeljske Mornarice od 1880. godine, kada Mornarica formira u svojim prostorijama na Trgu Sv. Tripuna muzejsku zbirku pod nazivom „Kabinet“ Bokeljske Mornarice-Bratovštine kotorskih pomoraca. Na taj način se realizovala ideja o formiranju izvjesne muzejske zbirke. Oko 1900. godine zalaganjem člana Uprave Mornarice, Josipa Jakičevića predstavljena je javnosti Zbirka Bokeljske Mornarice sa raznim predmetima, oružjem, odorama članova Mornarice i drugim predmetima od istorijskog i kulturnog značaja. U formiranju ove Zbirke bio je vrlo aktivan kap. Pavo Kamenarović iz Dobrote, rodoljub i pjesnik, poznat kao obnovitelj Mornarice koja mijenja naziv u „Plemenito tijelo Bokeljske Mornarice“, početkom druge polovine 19. vijeka.

Nakon Prvog svjetskog rata, tačnije 1934. godine u palati Grgurina, današnjem Pomorskom muzeju, otvorena je izložba Narodnog univerziteta Boke kotorske koja je ponovo pokrenula ideju o formiranju Muzeja Bokeljske Mornarice. U februaru 1938. godine, konačno je, za vrijeme Tripundanskih svečanosti, otvoren Muzej Bokeljske Mornarice na prvom spratu palate Grgurina. Za vrijeme Drugog svjetskog rata prekinut je rad Muzeja da bi 1949. godine Ministarstvo pomorstva FNRJ preuzelo ovaj Muzej i dalo mu ime koje i danas nosi. Muzej je svečano otvoren 10. IX 1952. godine i kontinuirano radi do današnjih dana, uspješno nastavljajući da čuva, proučava i prezentira predmete iz ranije Zbirke Bokeljske Mornarice, slijedeći i nastavljajući tradiciju koju je ova Bratovština njegovala vjekovima.

Pomorski muzej Crne Gore u Kotoru je danas usko povezan sa radom Mornarice i u okviru svojih mogućnosti pomaže njen rad. Stoga je u obavezi da kao sljedbenik, ove kulturne baštine od posebne važnosti, predloži njen upis na UNESCO-vu Reprezentativnu listu nematerijalnog kulturnog nasljeđa.

Suggestion: Candidature of Boka Navy Kotor for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity

Boka Navy is an organization of sailors spanning 12 centuries and it had a significant role in the formation of the rich historical and maritime heritage of Kotor, Boka Bay and Montenegro. This ancient association of sailors with its ritual dance called *kolo*, its costumes, its traditional weaponry and its role in the organization of the St. Tryphon celebrations, represents a cultural heritage preserved through the centuries. Its significance for the cultural heritage of the city of Kotor and Montenegro is confirmed by its rich and long history, starting with the IX century. Maritime tradition of the city of Kotor is long, and it remembers Kotor war ships from 867, 1155 and the treaty between Kotor and Omis on the free sailing in the Adriatic Sea from 1167, as well as the documented inscription about the organization of sailors from 1353. The organization was named Pious society of Kotor sailors (*Pia Sodalitas Naviculatorum Catharensium*). In 1463, the Statute of the Brotherhood of St. Nicholas the Sailor was brought to the city. The brotherhood of sailors in Kotor had the most members, compared to other brotherhoods in the city. It was economically the most powerful organization, and it contributed to the economic growth of the city. Its economic significance is especially seen in the fact that it was able to provide its members a long term economic security.

Rich monumental cultural heritage speaks of Kotor as a strong trade center with developed trading and military navy. This could not have been made without a strong and organized brotherhood, Kotor navy.

In addition to economic effect, Kotor navy had an educational aspect. Taking into account that it mostly gathered young people through its older and more experienced members, sailors, it enabled the transmission of navigational experience and knowledge to young sailors. It thus represented a maritime school that brought forward numerous skillful sailors of that time. Its activities can be traced through the documentation kept in the Historical Archive Kotor, all up to the XX century.

Maritime Museum of Montenegro in Kotor was based on the original collection and museum of Boka Navy from 1880, when the Navy founded the institution in its space on the St. Tryphon Square. Its museum collection was called *Kabinet* of the Boka Navy - Brotherhood of Kotor Sailors. In this manner, an idea was realized to form a museum collection. Around 1900, the initiative of the Navy Administration member, Josip Jakicevic, led to the Boka Navy collection being presented to the public, featuring numerous objects, weapons, costumes and other objects of historical and cultural significance. Captain Pavo Kamenarovic from Dobrota, patriot and a poet, was very active in the creation of this collection. He was known as a reformator of the Navy, who changed the name into *The Noble Body of the Boka Navy* in the beginning of the other half of XIX century.

After the WWI, in 1934, in the Grgurina Palace, present-day Maritime Museum, an exhibition was opened by the National University of the Boka Bay. It renewed the idea of creating a museum dedicated to the Boka Navy. In February 1938, finally, during the St. Tryphon

celebrations, Museum of the Boka Navy was opened on the first floor of the Grgurina Palace. Museum stopped working during the WWII, and in 1949, the Maritime Ministry of FNRJ overtook this Museum, giving it its present-day name. Museum was opened on September 10th 1952, and it has worked continuously to the present day, successfully preserving, studying and presenting the objects from the earlier collection of the Boka Navy, following and continuing the tradition that this Brotherhood nurtured for centuries.

Today, Maritime Museum in Kotor has strong ties with the work of the Navy, and it contributes to its activities within its possibilities. Its obligation as a successor to this cultural heritage of special significance is to support its inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

Istorijiski arhiv Kotor je obaviješten od strane kap. Ilije Radovića, viceadmirala Bokeljske mornarice Kotor da je Ministarstvo kulture Crne Gore odlučilo da se iduće 2018. godine Bokeljska mornarica kandiduje za upis na UNESCO Reprerentativnu listu nematerijalnog kulturnog nasljeđa, te da je za potrebe izrade nominacije potrebna podrška naše institucije.

Potvrdu trajanja i značaja Bokeljske mornarice koja baštini pomorsku tradiciju grada Kotora i Boke kotorske pratimo u arhivskoj građi Istorijiskog arhiva Kotor kroz brojna arhivska dokumenta, počevši od 1326. godine. Pored toga, u Istorijiskom arhivu postoji i arhivska zbirka Kotorske mornarice u kojoj se najstariji dokument vezuje za godinu 1548. Sve prethodno rečeno govori u prilog činjenici da je ova drevna bratovština svojim viševjekovnim trajanjem, tradicijom i djelovanjem neraskidivo vezana za ovaj grad i ovu sredinu, pa i šire.

Smatramo da Bokeljska mornarica sa punim pravom zaslužuje da bude upisana na UNESCO Listu nematerijalnog kulturnog nasljeđa.

Subject: Letter of support of the State Archive - Historical Archive Kotor for the nomination of Boka Navy for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity

Historical Archive Kotor has been notified by the captain Ilija Radovic, vice admiral of the Boka Navy Kotor, that the Ministry of Culture of Montenegro has decided to nominate Boka Navy for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity in 2018, and that our support was needed for the purposes of creating a nomination.

The confirmation of duration and significance of Boka Navy, which treasures maritime tradition of the city of Kotor and Boka Bay, we have been following in the archives of the Historical ARchive Kotor through numerous documents, starting with 1326. In addition, the Historical Archive keeps an archive collection of the Kotor Navy in which the oldest document relates to the year 1548. The aforementioned lends credence to the fact that this ancient brotherhood with centuries long traditions and activities is inseparably tied to its city and this region, and wider.

We believe that Boka Navy rightfully deserves the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

BOKELJSKA MORNARICA KOTOR

Poštovani,

BOKELJSKA MORNARICA je viševjekovni simbol grada Kotora, čuvar naše bogate kulture i tradicije nastale na civilizacijskim vrijednostima. Predstavlja jedinstveno kulturno bogatstvo i simbol je zajedništva na ovim prostorima. Figure koje se plešu u kolu, a koje simbolizuju čvrste veze i zajedništvo, najbolji su pokazatelj onoga što Bokeljska Mornarica predstavlja od svog osnivanja do danas, što govore i stihovi Kola koje sa ponosom izvodimo:

„Uljezimo svi u kolo
Rukama ruke pružimo,
Potvrdimo svim okolo
Da slogu bratsku vriječimo:
Potvrdimo uz prigodu
I mi k'o naši djedovi,
Da u rodu, ne zaludu,
Jedne smo majke sinovi.“

Ponosni smo što Bokeljska Mornarica postoji i što se toliko vjekova uspjela održati, čuvajući našu slavnu istoriju, kulturu, zajedništvo... Niti jedna važna manifestacija ili aktivnost, u našem gradu i Boki, ne može se zamisliti bez učešća ove pomorske bratovštine. Tako je bilo kroz istoriju, tako je danas, a tako će, vjerujemo, biti i ubuduće.

Kotor je grad koji je odavno našao mjesto na UNESCO-voj listi svjetske kulturne baštine, pa je sasvim prirodno da Bokeljska Mornarica, već dvanaest vjekova njegov neraskidivi dio, zauzme zasluženo mjesto na UNESCO-voj Reprezentativnoj listi nematerijalne kulturne baštine.

Zbog svega što Bokeljska Mornarica predstavlja iskreno je preporučujemo za UNESCO-vu Reprezentativnu listu nematerijalne kulturne baštine.

Boka Navy Kotor

To whom it may concern,

BOKA NAVY has been a symbol of the city of Kotor for centuries, and it preserves our rich culture and traditions based on civilizational values. It represents a unique cultural heritage and is a symbol of unity in this region. Figures dancing in the *kolo* represent strong ties and unity and they best represent the Boka Navy, from its inception to today, as it is said in the verses of the *kolo*, which we proudly perform:

„Let's all join the *kolo*,
Extend our hands to each other,
Let's confirm it to everyone
That we treasure our brotherly accord
Let's confirm on this occasion,
As our grandfathers did,
That we are, not for nothing,
All one mother's sons.“

We are proud that the Boka Navy exists and that it managed to preserve its existence for so many centuries, thus preserving our glorious history, culture, unity. There are no important celebrations or activities, in our city and in Boka, that can happen without the participation of this maritime brotherhood. This was the case through the history, and it will be so in the future as well.

Kotor is a city that has long found its place in the UNESCO World Heritage List, and it is thus natural that Boka Navy, its indispensable part for 12 centuries, finds its place in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

Due to everything that Boka Navy represents, we sincerely support and recommend it for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity>

Poštovani,

Dajem podršku za upis Bokeljske mornarice Kotor na Reprezentativnu listu nematerijane kulturne baštine UNESCO. Razloge za to je gotovo suvišno navoditi, jer organizacija koja uspješno čuva tradiciju dugu preko 12 vjekova, tradiciju koja je zajednička baština svih nas Bokežja, a koju vizuelno čini prepoznatljivom jedinstveno Bokeško kolo, svakako zaslužuje da bude upisana na UNESCO-vu World Heritage listu.

To whom it may concern,

I give my support for the inscription of Boka Navy Kotor in the UNESCO Representative List of Intangible Cultural Heritage of Humanity. The reasons are many: this is an organization that has preserved the tradition almost 12 centuries long, a tradition common to all of us in Boka. It is visually represented by the unique *koło* of Boka and it certainly deserves to belong on the UNESCO World Heritage List.

Poštovani,

Postojanje Bokeljske mornarice traje vjekovima, a prema Konstantinu Porfirogenetu traje punih 12 vjekova.

Bokeljska mornarica kroz sve svoje segmente zauzima vidno mjesto na kulturnoj mapi Crne Gore, kao jedna od najstarijih i najvažnijih kulturnih nematerijalnih kulturnih dobara Crne Gore.

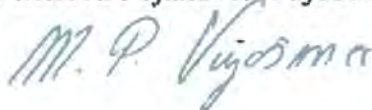

Najbolji svjedok i svjedočanstvo koji nas na to upućuje je i pisani dokument, odnosno Statut iz 1463. godine.

Podatak koji je jako značajan za kulturnu istoriju je upravo taj što je iz kabineta Bokeljske mornarice, davne 1880. godine ponikao Pomorski muzej Crne Gore, koji danas baštini bogatu pomorsku prošlost i istoriju.

Tradicija i istorija svakog vremena su za poštovanje i pamćenje, te samim tim daje mi za pravo da podržim nominaciju Bokeljske mornarice za upis na UNESCO-vu listu nematerijalnog kulturnog naslijeđa.

S poštovanjem,

mr Mileva Pejaković Vujošević

Kotor, 02.11.2017.

To whom it may concern,

Boka Navy has persisted through centuries - according to Constantine VII Porphyrogenitus it exists for 12 full centuries.

Through all its segments, Boka Navy has a significant role in the cultural map of Montenegro, as one of the oldest and most important intangible cultural properties in Montenegro.

The best witness and testimony pointing us to that fact is a written document, Navy's Statute from 1463.

The data of significance for cultural history is the fact that in 1880, Maritime Museum of Montenegro grew from the roots of Boka Navy. Today it preserves the rich history and past of the maritime affairs.

Tradition and history of any period are to be respected and remembered, and thus I find the right to support the nomination of the Boka Navy for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

With respect,

Bokeljska mornarica, kao memorijalna organizacija baštini, čuva i njeguje više vjekovnu tradiciju ovoga kraja, te predstavlja veoma rijetko i bitno kulturno naslijeđe, kao i nacionalno blago današnje Crne Gore.

Vrijednosti izražene u njenom geslu *Fides et Honor* - Vjera i Čast trajno su poticale prošle naraštaje, potiču i mene danas, te želim da ostane takvo za moju djecu i njihovo potomstvo, ali i ne samo za njih. Želim da jedinstveno naslijeđe i vrijednosti Bokeljke mornarice, te drevne organizacije pomoraca, sada i zauvijek, baštini cijelo čovječanstvo kao svoje.

Postovani,

Bokeljska mornarica podjednako pripada Boki, Mediteranu, Evropi i svijetu. Svima, koji drže do očuvanja kulture. Ono što je bastinila i što održava vjekovima, esencija je civilizacije, miroljubivosti i prijateljstva. I primjer ljubavi prema svom zavičaju i moru. Ako je Boka jedan od najljepših zaliva na svijetu, Bokeljska mornarica njena je duša. Tako je oduvijek bilo...

To whom it may concern,

Boka Navy belongs equally to Boka Bay, the Mediterranean, Europe and the world. To all of those who would like to see culture preserved. The values that the Navy treasured and preserved through the centuries represent the essence of a civilization, peace and friendship. It is an example of love towards the homeland and the sea. If Boka Bay is one of the most beautiful bays in the world, Boka Navy represents its soul, and this has always been the case.

Boka Navy Kotor

To whom it may concern,

I believe that Boka Navy should become intangible cultural heritage. This ancient navy had a very important role in the history. It preserved its customs to present-day and has a deep seat in the hearts of all of us tied to it. Of course it deserves to become intangible heritage, what other property would deserve that if not the Navy?

With respect,
Marija Gjurovic

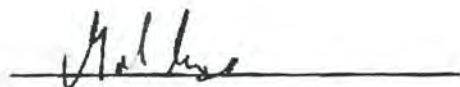

Ja niže potpisani : *Milošević Miroslav* ovim dajem svoj glas kao znak potpore da se bratovština - NVO „ BOKEJSKA MORNARICA KOTOR „ upiše na listu nematerijalne kulturne baštine UNESCO – a.

To whom it may concern,

As Kotor citizens who live with their city, respecting its tradition, culture and customs, we are happy and proud to recommend Boka Navy, the oldest brotherhood of sailors in the world, for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity. NVO BOKELJSKA MORNARICA – KOTOR

Poštovani,

Bokeljska mornarica je kulturno nasljeđe od izuzetnog značaja za Crnu Goru i Boku Kotorsku koje ima tradiciju od preko 1200 godina.

Želim da tako i ostane za buduće generacije koje dolaze kako bi prenosili tu tradiciju na svoja potomstva. Neka ovo jedinstveno nasljeđe koje ima ovoliko dugo trajanje od 12 vjekova, postane dio sve ukupne Evropske i svjetske baštine. Ova drevna organizacija, nekad samo pomoraca, a danas i svih onih koji je osjećaju svojom tradicijom treba da postane članica svjetske organizacije, pa je stoga od sveg srca preporučujem i podržavam njenu nominaciju za upis kao nematerijalnog kulturnog dobra na reprezentativnu listu UNESCO-a.

To whom it may concern,

Boka Navy is a cultural heritage of extraordinary importance for Montenegro and Boka Bay, and it has a tradition over 12 centuries long.

My wish is that it remains a heritage for future generations, so that they can transmit the tradition to their children as well. Let this unique heritage of considerable duration become a part of total European and world heritage. This ancient organization, reserved only for sailors in the past, and now open to all those who feel it as their tradition, should become a member of a world organization, thus I wholeheartedly recommend and support its nomination for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

PODRŠKA:

O PROGLAŠENJU „BOKELJSKE MORNARICE KOTOR“ ZA NEMATERIJALNO KULTURNO DOBRO

Kao rođeni kotoranin čime se osobito ponosim, inicijativu o proglašenju „Bokeljske Mornarice Kotor“ za nematerijalno kulturno dobro, prihvatio sam sa posebnom čašću i ponosom. Prohujali vijekovi, burna historijska i kulturna previranja, katastrofalni zemljotresi nijesu uticali na opstanak, postojanost i očuvanje najsarije intitucije, poslje Crkve u besmrtnom gradu Kotoru, centru Boke Kotorske i Crne Gore.

Drevno geslo slavne nam „Bokeljske Mornarice“ – „FIDES ET HONOR-VJERA I ČAST“ Očuvalo je ovu instituciju do dana današnjih, kao i grad Kotor, koji nikad nije izgubio svoju slobodu, iako je bio često napadan, srećom okupiran od civilizovanih carevina, pa oslobođen bez nepovratnih razaranja, sačuvavši svoje tradicionalne arhitektonske, kulturološke i vjerske osobenosti.

Osvrnut ću se na jedan poseban, za mene kao crnogorca važan događaj od 1.10.1989g.

Prilikom povraćaja zemnih ostataka crnogorskog kralja Nikole I i kraljice Milene, u Crnu Goru, u luci Bar, odred „Bokeljske Mornarice“ na čelu sa admiralom Milošem Miloševićem dočekaio je posmrtnie ostatke sa najvećim počastima, prateći povorku do Cetinja i same sahrane.

Crnoj Gori treba da služi na čast, što se jedna ovakva institucija očuvala do danas, u svom svojem sjaju na njezinoj teritoriji, jednog slobodarskog Bokeljskog naroda koji je svojom tradicijom, kulturom uticao ne samo na državu Crnu Goru, nego i na Evropu.

S toga nesebično podržavam ovu inicijativu, i smatram je sa svih aspekata opravdanom od srca.

SUPPORT TO:

NOMINATION OF BOKA NAVY KOTOR FOR THE INTANGIBLE CULTURAL PROPERTY

I was born in Kotor, of which I am particularly proud, and I was honored to support the initiative for nomination of Boka Navy Kotor for the intangible cultural property. Centuries past, turbulent historical and cultural events and a catastrophic earthquake did not influence its preservation and steadfastness. Boka Navy is the oldest institution, after the Church, in the immortal city of Kotor, center of the Boka Bay and Montenegro.

Ancient motto of our glorious Boka Navy - FIDES ET HONOR - FAITH AND HONOR - has helped preserve this institution to the present day, as well as the city of Kotor, that has never lost its freedom, although it was often attacked. Luckily it was occupied by civilized empires, thus preserving its integrity and traditional architectural, cultural and confessional characteristics.

I want to look back to a one event, very important to me as a Montenegrin. On October 1st 1989, during the return of earthly remains of Montenegrin king Nikola and queen Milena to Montenegro, in the Port Bar, a squad of Boka Navy, lead by admiral Milos Milosevic, waited for the remains and celebrated their arrival with honor, following the procession to Cetinje and the funeral itself.

Montenegro should be honored that an institution such as this has been preserved to present day, in all its glory and on the territory of the free people of Boka whose tradition and culture influenced not only Montenegro, but Europe as well.

For these reasons, I wholeheartedly support this initiative and consider it justified on several levels.

Uvažena gospodo,

Velika mi je čast i zadovoljstvo da imam priliku da dam podršku kandidaturi Bokeljskoj momarici Kotor, koja jeste najreprezentativnija da nas predstavlja u svijetu i koja zaslužuje da se nađe na listi nematerijalne kulturne baštine UNESKO.

Bratovština koja datira čak od IX vijeka i neprekidno postoji do današnjih dana, mijenjajući samo svoje ime.

Bratovština je mediteranskog tipa preko kojih su građani, zanatlije, pomorci i trgovci štitili svoje interese, a od 1859 god. postoji samo kao memorijalna organizacija za čuvanje bogatog nasljedja i tradicije.

Boka Navy Kotor

Respected ladies and gentlemen,

It is my great honor and privilege to have the opportunity to support the candidature of the Boka Navy Kotor, which is the most representative property for our international presentation and which deserves to find its place in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

The brotherhood dates back to the IX century and it exists to present-day, changing only its name.

It is an association of Mediterranean type, and it was used by the citizens, craftsmen, sailors and traders to protect their interests. Since 1859, it has existed only as a memorial organization for preservation of the rich heritage and tradition.

Good luck,

Posmatrajuci Istoriju Bokeljske Mornarice vidimo da se uvijek bavila zastitom interesa svih gradjana Boke Kotorske. Svojevremeno je u proslosti stekla izvrsnu i vojnu vlast i samim tim direktno stala u odbranu svih nas, ukljucujuci nasu kulturu i nacin zivota.

Zahvaljujui njoj Boka Kotorska je uspjela da zadrzi svoju posebnost gledanu kroz prizmu raznolikosti svih nas, povezanih u ljubavi prema Boki Kotorskoj.

Njeno drevno geslo "FIDES et HONOR – VJERA i ČAST" u potpunosti opravdava svo njeno postojanje i djelovanje. Mi Bokelji treba da smo ponosni smo je imamo i sto smo dio nje.

Kotor je clan UNESCO organizacije, samim tim neophodno je da Bokeljska Mornarica bude clan Iste.

To whom it may concern,

When we look at the history of Boka Navy, we can see that it has always dealt with the protection of interests of all Boka Bay citizens. At some point in the past, it had executive and military authority and it served as a defense line for all of us, including our culture and way of life.

Thanks to the Boka Navy, Boka Bay managed to preserve its uniqueness seen through the prism of our diversity, joined in love towards the Bay.

Its ancient motto Fides et Honor - Faith and Honor truly justifies its existence and activities. All of us from Boka should be proud to have such treasure and be a part of it. Kotor is a member of UNESCO, and it is thus necessary that Boka Navy also becomes a part of that organization. I wholeheartedly support this nomination and I hope that all those who feel love and connection to Boka Bay will support it as well.

Poštovani

Sa ponosom mogu istaći da sam član porodice, koja je svoje viševjekovno bitisanje vezala za Boku kotorsku. Još kao dijete, sam od djeda upijao priče kako se u našem gradu nekad živjelo, kako su bili periodi mirnog i turbulentnog vremena, kako je naš narod gradio svoju autonomiju i sačuvao je uprkos tome što su mnogi pokušavali da je potčine. Uz zidine našeg grada, garant našem opstanku je bila i Bokeljska mornarica. Ona je utkana u tkivu našeg naroda, jer su je sačinjavali članovi svih bokeljskih porodica. Kad je prestao njen odbrambeni značaj, mi bokelji, smo nastavili sa ponosom, da nosimo našu uniformu na svečanostima našeg grada.

Nama je u duši zvono katedrale sv Tripuna i kolo naše Bokeljske mornarice jer nas podsjećaju ko smo. Mi mještani ustreptimo pri svakom nastupu naše mornarice i sa uživanjem gledamo kako joj sa ushićenjem aplaudiraju gosti našeg grada.

Siguran sam da Bokeljska mornarica zavrijeđuje da bude upisana na listi Svjetske nematerijalne baštine.

To whom it may concern,

I can proudly say that I belong to a family that had centuries long ties to the Boka Bay. As a child, I listened to the stories of my grandfather, who spoke of the way things were, the periods of peace and turbulence, of our city and people building their autonomy and preserving it despite many who were attacking it. Along with our city walls, Boka Navy represented a guarantee of our survival. The Navy belongs to our people, because its members were members of all Boka families. When its defensive role ceased, the people of Boka carried on wearing its uniforms during the celebrations of our city.

Our soul is filled with the bells of St. Tryphon Cathedral and Boka *kolo*. They remind us who we are. We enjoy watching our Navy's performances and we take great joy in the applauses of our guests.

I am certain that Boka Navy deserves the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

NVO BOKELJSKA MORNARICA – KOTOR

Poštovani,

Spadam u mlađe članove ove kulturne organizacije i čast mi je hodati rodnim gradom u svojoj uniformi Bokeljske mornarice.

Takođe sam imao čast da da budem mali admiral. Ovu tradiciju prenjeo mi je tata, koji je dugogodišnji član Bokeljske mornarice sa nadom da ću ja isto to uraditi i prenjeti svojoj deci i drugovima. Zbog još mnogobrojnih razloga preporučujem nominaciju Bokeljske mornarice za upis na UNESCO Reprezentativnu listu materijalnog nasleđa.

NGO BOKA NAVY KOTOR

To whom it may concern,

I am one of the youngest members of this cultural organization and I am honored to walk the streets of my home town in the uniform of Boka Navy.

I also had the honor to be the Little Admiral. My father carried on this tradition, as he was a long term member of the Navy. It is my hope that I manage to transmit that tradition to my children and friends as well. For these and many other reasons, I recommend the nomination of the Boka Navy for the inscription in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

PODRŠKA INICIJATIVI DA SE NVO BOKELJSKA MORNARICA-KOTOR

UPIŠE NA LISTU SVJETSKJE KULTURNE BAŠTINE KOD UNESCO

Na ovaj način dajem svoju podršku inicijativi Ministarstva culture Crne Gore, da se NVO Bokeljska mornarica-Kotor upiše na listu svjetske kulturne baštine kod UNESCO-a.

To radim, zbog čvrstog ubjedenja da je ova organizacija, svojim dugim postojanjem, odnosom prema kulturnim, etničkim, etničkim, edukativnim i svakom drugom patrimoniju Boke kotorske, već davno zaslužila da bude posebno istaknuta na listi svjetske nematerijalne kulturne baštine.

Pravo za ovakvo mišljenje mi daju sljedeće činjenice:

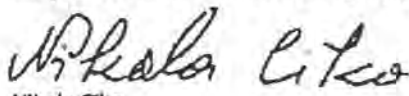

-Neprekinuto trajanje ove organizacije od 1208 godina, što je čini najstarijom pomoračkom organizacijom na svijetu i poslije hrišćanske crke, najstarijom organizacijom u Evropi, govori o vjekovnoj ljubavi i potrebi stanovnika Boke kotorske da tu organizaciju očuvaju i unaprijede.

-Ova organizacija vjekovima baštini visoke etičke i etničke principe, po kojima u članstvo ove organizacije mogu da budu birani svi koji dijele ove principe bez obzira na vjersko ili etničko opredjeljenje, čine ovu organizaciju još ozbiljnijim kandidatom za ovu nominaciju.

-Njeno viševjekovno postojanje je uslovalo očuvanje mnogih elemenata kulturnog nasljeđa Boke kotorske, kao što je izrada njenih srednjevjekovnih uniformi, dobrotske čipke, izrada i održavanje starog oružja naročito očuvanje Kola Bokeljske mornarica, muzike s tim u vezi i sl.

-Ova organizacija svojim postojanjem i ciljevima svog rada ostvaruje značajan rad na edukaciji svojih članova i stanovnika Boke kotorske, u vezi sa istorijom i tradicijom bokeljskog pomorstva podiže svijest stanovništva Boke kotorske o značajnoj ulozi koju su odigrali naši preci u kreiranju svijeta kakav je danas.

Ove činjenice i mnoge druge, za koje nema mjesta, daju mi za parvo i obavezu da snažno podržim ovu inicijativu i zahvalim se što sam došao u priliku da to uradim.

**SUPPORT TO THE INITIATIVE TO HAVE THE BOKA NAVY INSCRIBED IN THE UNESCO
Representative List of Intangible Cultural Heritage of Humanity**

In this manner I lend my support to the initiative of the Ministry of Culture of Montenegro to have the NGO Boka Navy Kotor inscribed in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

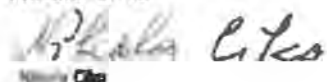

I do this due to my firm conviction that this organization, with its long existence, relation towards cultural, ethnic, ethic, educational and other values of the Boka Bay, has long since deserved the inscription in the UNESCO list.

The right to such an opinion I find in the following facts:

- The uninterrupted existence of this organization, starting with 1208, makes it the oldest maritime organization and the oldest organization, after the christian church, in Europe. This speaks to centuries long love and support of the people of Boka Bay to the improvement and strengthening of this organization.
- This organization has been treasuring high ethical and ethnic principles for centuries which state that the members of this organization can be all those who share these principles, regardless of their religious or other affiliations. This fact makes this organization a serious candidate for inscription.
- Its centuries long existence was a factor in the preservation of numerous elements of cultural heritage of the Boka Bay, such as the creation of its medieval uniforms, Dobrota lace, creation and maintenance of old weapons, and especially the preservation of Boka Navy *kolo*, its music and similar.
- This organization, with its existence and goals of its work, accomplishes a significant amount in the education of its members and population of the Bay, pertaining to its history and tradition, and it raises awareness of the population relating to the significant role our ancestors played in the creation of our modern world.

These facts and many others, for which there was no space, give me a right and obligation to strongly support this initiative and express my gratitude for the opportunity to do so.

Bokeljska mornarica – Kotor je reprezent kulturnog blaga Kotor i Boke Kotorske i Crne Gore. Nosilac je svega naprednog od svog osnivanja (razvoj pomorstva, kulture i ostalog što je karakteristika ovog kraja). Moja familija živi sa Bokeljskom Mornaricom tradicija se nastavlja, ja nastavljam tradiciju u upravi Bokeljske Mornarice.

Na osnovu iznijetog smatram da ova institucija mora biti upisana na listu nematerijalnog kulturnog nasleđa UNESCO. To je u interesu naše države i svjetske kulturne baštine

Boka Navy Kotor is representative of the cultural heritage of Kotor, Boka Bay and Montenegro. It has been a carrier of progress from its inception (development of maritime affairs, culture and other things characteristic of this region). My family has always had ties with the Boka Navy and I continue that tradition in the administration of the Navy.

Based on the aforementioned, I believe that this institution should be inscribed in the UNESCO Representative List of Intangible Cultural Heritage of Humanity, as that would represent the best interests of our state and the world cultural heritage.

U mailu ispod šaljem svoje pismo podrške:

Bokeljska Mornarica je tradicija. A tradiciju treba njegovati. Ne mogu zamisliti veću čast koju bi naša mornarica imala nego da postane dio UNESCO zaštićene baštine. Mi smo brižljivo vodili računa o opstanku mornarice i prenošenju tradicije sa generacije na generaciju i ovo bi bila kruna tog truda.

Bokeljska Mornarica je takode čast. Biti član ove organizacije izuzetna je privilegija, a mogu je osjetiti samo oni koji postanu članovi i prenose tu ljubav na svoje potomstvo.

Oblačenje za dan Bokeljske Mornarice je poseban trenutak. Taj dan proveden u odori koja je krasila tolike mornare tokom 12 vjekova nosi određenu težinu sa sobom, koju svi rado prihvatamo i iznova i iznova je nosimo sa sve većim ponosom.

Srdačan pozdrav i srećno!

Damir Moškov

To whom it may concern,

Boka Navy is a tradition, and a tradition should be nurtured. I cannot imagine a higher honor than to have our Navy inscribed in the list of UNESCO protected heritage. We were carefully taking care of the survival of the Navy and transmission of its tradition through generations, and this would represent the ultimate reward to that effort.

Boka Navy is also an honor. To be a member of this organization is a privilege that can be felt only by members, who then teach their children of that love.

Dressing up for the Boka Navy Day is a special moment. That day spent in the uniform of so many sailors during 12 centuries carries with it a certain gravitas that we all happily accept and always rejoice to wearing it, each time with more and more pride.

Kind regards,
Damir Moskov

....Everyone who has in his blood at least one gram of salt from this sea.... must know that the Boca Navy is the emblem of this city and of Boka...the institution... a synonym of the communion and the coexistence in this region. The *kolo* remains to be performed in the future as it was in the past. We all know the 12 figures and its famous words. UNESCO will gain a unique symbol of this region and we will preserve it as our ancestors did.

Kao bivši pomorac iz Dubrovnika koji sada živi u Texasu u potpunosti podupirem i pozdravljam sve napore i ideju da se Bratstvo "Bokeljska Mornarica Kotor" stavi na listu UNESCO-a. Organizacija koja traje preko 1000 godina i zaslužuje takav rešpet i da bude upisana i zaštićena od strane organizacije kao UNESCO!

Boka Navy Kotor

As a former sailor from Dubrovnik now living in Texas I fully support the efforts and the idea that the brotherhood Boka Navy Kotor be inscribed in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

The organization lasting over 1000 years deserves such respect and protection from an organization such as UNESCO!

To whom it may concern,

On this occasion we would like to send a note of our undisputed support to the initiative of inscription of Boka Navy in the UNESCO Representative List of Intangible Cultural Heritage of Humanity.

During the centuries, the countries ruling these areas changed, but Boka Navy remained, then and now, a brotherhood inspiring respect and pride. The values this ancient brotherhood of sailors has been preserving for 12 centuries are seen in every stone of this city.

Our Navy bears witness to the rich history of Boka Bay and it preserves and treasures its values for the future generations.

We are convinced that the competent bodies will recognize and valorize all that Boka Navy represents, through the centuries and today.

With respect,

Croatian Civic Society of Montenegro
