

The 3rd UNESCO Training Course for Island and Coastal Biosphere Reserves Managers

19-22 October 2015 | Jeju Island Biosphere Reserve, Republic of Korea

Application Guideline

The World Network of Island and Coastal Biosphere Reserves (WNICBR) has provided training courses for the managers of island and coastal biosphere reserves. Since 2013, the island and coastal biosphere reserves are faced with common issues on climate change in relation to achievement of sustainable development. The purpose of this training course is to share their experiences and build the capacities for adapting to climate change and for achieving sustainable development. We are expecting your active participation.
