### **Activities in 2017**

As tasks associated with IUGS, the national committee has been responsible for the organization of the web-based geology portal ([www.geologia.fi](http://www.geologia.fi)) for students, teachers and the general audience. The committee has also been in charge of the operation of the Stratigraphic Committee of Finland, with a task to develop procedures for the formalization of the stratigraphic nomenclature in Finland.

### **Activities in the IGCP scientific board**

Prof. Ferenc Molnár has acted as a member in the scientific board of the Earth Resources Theme Group.
