There is the place when the story begin in
 Patrimonia in Malaysia i Mulu Cave Sarawak

Mulu Cave is about 100 km from Miri in the far north of
 Sarawak lies this amazingly compact area of 544 square
 kilometres.

It is full of fascinating limestone structures and is
 one of the most extensive limestone cave systems
 on Earth.

Day to day many people come to Mulu Cave to
 watch the beautiful scenery of the cave and also flora
 and fauna.

Inside the cave, here are the longest cave system in South East Asia (Clearwater Cave) and world's longest cave passage (Deer Cave)

5

Mulu cave is home to nearly 1500 species of flowering plants also species for mammals, birds, bat species, and hundreds of cave-limited creatures.

6

Sometimes, archeologists and scientists come to Mulu Cave to make investigation and make research about the cave.

7

At the town, businessman's salary was down and they need to explore and get more raw materials to overcome the problems.

So, they decided to explore Nulu Cave to get
 few materials such as bird nest and wooden

9

Now people start make destruction. They destroy
 and take everything to get what they want!

10

Sometimes, they scaring the animals in the cave when
 they took the bird nest and also limestone there.

11

It is worse when they build few factories
 near the cave.

When rain turns heavily the place becomes dirty and rubbish scatters everywhere. The land becomes muddy.

13

And now tourists and villagers there are rarely come to Mulu Cave as the place becomes very bad.

14

One day Patmonito came at Mulu Cave and saw what had happen there.

15

They saw rubbish scatters everywhere and thus it emits the foul smell.

Patrimonto gathers the people and he gives some advice about the awareness to keep the place clean and to preserve Nulu Cave.

17

After that many people come and help to clean up the area and they rebuild again the place and repair the signboard.

18

Everyone felt happy and they promise to take care of the place together.

19

Time to say goodbye! Patrimonto leaves Nulu Cave and come back to its place.
