HEADQUARTER

CULTURE

1st June

Circulation of cultural property and shared heritage: What new perspectives?

UNESCO will seek new modalities to respond to the debate on displaced cultural artefacts during a conference.

The conference, a forum for dialogue of exceptional scope, will bring together government ministers, academics, curators, and experts from all parts of the world as well as representatives of UNESCO's Member States.

EDUCATION

4 June

**Launch of guidelines to reduce prejudice and promote tolerance through
Education**

UNESCO and the Office for Democratic Institutions and Human Rights (ODIHR) of the Organization for Security and Co-operation in Europe (OSCE) will launch new guidelines on *Preventing Anti-Semitism through Education, Guidelines for Policy Makers*. The publication is designed to serve political leaders, teachers and young people with

concrete ways to combat anti-Semitism. It also provides education systems with tools to strengthen young people's resilience to anti-Semitic ideas, violent extremism and all forms of discrimination.

COMMUNICATION & INFORMATION

14-15 June

The World Conference on Intellectual Capital for Communities (14th edition)

Cyber attacks and other illegal online activities are often hidden phenomena and despite several regulations in place to report incidents, there is a cruel lack of analytical tools and comprehensive data. This conference entitled "Safe and Ethical Cyberspace, digital assets and risk: How to assess the intangible impacts of a growing " will analyze these new challenges.

UNESCO AROUND THE WORLD

INTERGOVERNMENTAL OCEANOGRAPHIC COMMISSION

4-8 June Washington DC, United States of America

4th International Symposium on the Effects of Climate Change on the World's Oceans

The 4th International Symposium will bring together experts from around the world to better understand climate impacts on ocean ecosystems – and how to respond.

The Symposium will:

- Highlight the latest information on how oceans are changing, what is at risk and how to respond;
- Identify key knowledge gaps;
- Promote collaborations; and
- Stimulate the next generation of science and actions.
