Cross-cutting indicators

munlty stakeholder group collaboration

4. What experience or views do you have of indicators relating to the Internet which are concerned with gender and with children and young people?

safe internet for all.

gender balance

safe children from pornography

5. How do you think you might use the indicator framework for Internet Universality once it has been developed?

i can share to my community through Albania IGF

6. How do you think that other stakeholders might use the framework? I believe that is is a very good tool and framework for all Albania community

7. Please add any other comments that you think will be helpful to UNESCO in developing the indicators framework.

As a coordinator of Albania IGF and very much engage and contributor to Internet governance and for internet i would like to be member of UNESCO in order to contribute from my country and for my country using my educational, and professional overall experience.

8. Please upload any documents that you think will be helpful here.

Please indicate here if you do NOT want your contribution to be published on the UNESCO Internet Universality Indicators consultation platform.
