

Submission #68

Personal information

Name Oba Abdulkadir LA'ARO

Organisation University of Ilorin

Email address laaro.aa@unilorin.edu.ng

Country/region Nigeria/African

Gender Male

How would you define the stakeholder community or communities to which you belong?

- Academic
- Journalism/media

Questions

1. What are your priorities for issues that should be addressed through the Internet Universality framework in each of these five categories?

Rights	Citizen's right to use the internet for self expression BUT with strong emphasis on ethics of inter group interactions
--------	--

Openness	Openness about ownership and operation
----------	--

Accessibility	Access by the rural areas and non urban part of a metropolis
---------------	--

Multistakeholder participation	Low income earners and women
--------------------------------	------------------------------

Cross-cutting indicators	
--------------------------	--

2. Are there any existing indicators with which you are familiar that you think it would be useful to include in the ROAM indicators framework?

Rights	None
Openness	None
Accessibility	media literacy (skills to operate and use all media)
Multistakeholder participation	None
Cross-cutting indicators	None

3. What do you think are the most important gaps in data/evidence required for monitoring Internet Universality and the ROAM principles? What approaches do you think could help to address these in your country, region or area of work?

Rights	Misuse of the right of expression by media users.
Openness	None
Accessibility	None
Multistakeholder participation	None
Cross-cutting indicators	None

4. What experience or views do you have of indicators relating to the Internet which are concerned with gender and with children and young people?

None

5. How do you think you might use the indicator framework for Internet Universality once it has been developed?

to generate knowledge about the use of internet enabled media usage among family members. Also difference and similarity about the level of penetration of the internet among the youth.

6. How do you think that other stakeholders might use the framework? For solving practical issue of life, service and products.

7. Please add any other comments that you think will be helpful to UNESCO in developing the indicators framework.

I think it will be useful if the media literacy indicators and measures are included in the framework

8. Please upload any documents that you think will be helpful here.
