

**SUSTAINABLE DEVELOPMENT GOAL (SDG) 4  
COUNTRY PROFILE**

<b>Country or territory</b>	<b>Lithuania</b>
<b>Region</b>	<b>Europe and Northern America</b>
<b>Income group</b>	<b>High income</b>

**National Context**

**Education System**

**4.1 - Free, equitable and quality primary and secondary education**

## 4.2 - Quality early childhood development, care and pre-primary education

**Indicator 4.2.1 - Proportion of children under 5 years of age who are developmentally on track in health, learning and psychosocial well-being, by sex**

Data for the country is not available

**What is this?**  
 The slices represent the percentage of children aged 36-59 months who are developmentally on-track in at least three of the following four domains: literacy-numeracy – to identify at least 10 letters of the alphabet, read 4 simple words and recognise and name all numbers from 1 to 10; physical – to pick up small objects easily and are generally well enough to play; socio-emotional – to undertake simple activities independently, get along with other children and do not usually kick, bite or hit other children or adults; and learning – participate in any type of organized learning including early childhood education, kindergarten or community care.

**Indicator 4.2.2 - Participation rate in organized learning (one year before the official primary entry age), by sex**

**What is this?**  
 The lines represent the percentage of children in the given age range who participate in one or more organized learning programmes, including programmes which offer a combination of education and care. Participation in early childhood education and in primary education are both included. The age range will vary by country depending on the official age for entry to primary education.

## 4.3 - Quality TVET and tertiary education

**Indicator 4.3.1 - Participation rate of youth and adults in formal and non-formal education and training in the previous 12 months, by sex**

**What is this?**  
 The percentage of youth and adults who have participated in a formal or non-formal education and training programme in the previous 12 months.

Year: 2016  
 Sources: Eurostat's Adult Education Survey (AES) and OECD's Survey of Adult Skills (PIAAC)

## 4.4 - Technical and vocational skills

**Indicator 4.4.1 - Proportion of youth and adults with information and communications technology (ICT) skills, by type of skill**

Proportion of youth and adults who have... (%)

The percentage of the population who declared that they can copy or move a file or a folder on a desktop computer, a laptop (portable) computer or a tablet (or similar handheld computer)

The percentage of the population who declared that they can connect and install new devices (e.g. modem, camera, printer)

The percentage of the population who declared that they can create electronic presentations with presentation software (including text, images, sound, video or charts)

## 4.6 - Youth and adult literacy and numeracy

Indicator 4.6.1 - Percentage of population in a given age group achieving at least a fixed level of proficiency in functional (a) literacy and (b) numeracy skills, by sex

Country

### What is this?

The slices represent the percentage of the population (aged 15 years and above) who have achieved or exceeded a given level of proficiency in literacy and numeracy.

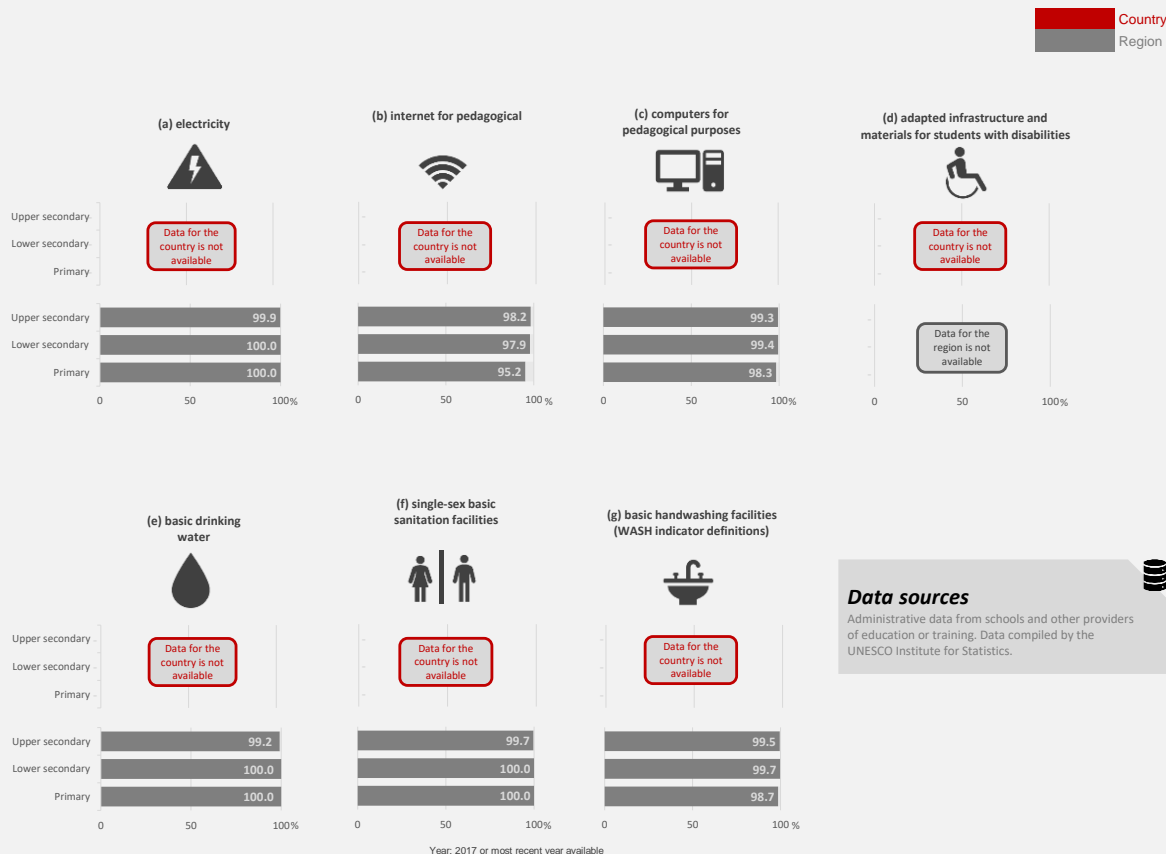

### Data sources

National household surveys coordinated by the OECD Programme for the International Assessment of Adult Competencies (PIAAC) and the World Bank's Skills Towards Employment and Productivity (STEP).

Year: 2015
