International Aids Society Conference on HIV Science

When:

Sunday, July 21, 2019 to Wednesday, July 24, 2019

Where:

Mexico City, Mexico

The International AIDS Society (IAS) Conference on HIV Science is the largest open scientific conference on HIV- and AIDS- related issues.

IAS 2019 is a unique forum for scientists, clinicians, public health experts and community leaders to examine the latest research developments in HIV science and explore how to realistically apply and implement that knowledge to address the epidemic.

More details on the [conference website](#) ^[1].
