

Do both boys and girls feel safe at school – and does it matter?

Amsterdam: IEA, 2019. 11 p.

Authors:

Prusinski, Ellen
Hastedt, Dirk
Dohr, Sandra

Organizations:

International Association for the Evaluation of Educational Achievement, IEA

Collection:

Compass Briefs in Education, Number 5

Description:

The relationship between feeling safe in school and academic achievement differs between boys and girls, and also varies between countries. Educational policymakers are advised to carefully analyze the complex interplay between gender, grade level and national contexts when developing strategies to enhance school safety.
