

2019 GAP Partner Network meeting

Lessons learned from the five years of GAP

Hanoi, Vietnam

4-5 July 2019

Background

The Global Action Programme (GAP) was launched at the World Conference on Education for Sustainable Development in 2014 (Aichi-Nagoya, Japan) for the period 2015-2019. After an extensive consultation process, which also included GAP Key Partners, UNESCO Member States will decide this year on a future of ESD framework to follow up on the GAP. Upon approval of the framework, UNESCO will elaborate it into a programme, including implementation structures.

UNESCO is convening the 2019 GAP Key Partner Network meeting in order to identify lessons learned from five years of GAP implementation. The meeting will also serve to take stock of where Key Partners stand on their current implementation activities and to share information with and among GAP Key Partners.

Objectives

The 2019 meeting of the GAP Partner Networks will:

- Take stock of the current status of GAP implementation on the basis of the recent GAP Key Partner survey
- Review the lessons learned from five years of GAP implementation
- Discuss the way forward on 'ESD for 2030' implementation

Participants

GAP Key Partners and concerned UNESCO staff

Organization

UNESCO

In cooperation with the Ministry of Education and Training of Viet Nam and the Viet Nam National Commission for UNESCO

With additional support of the Ministry of Education, Culture, Sports, Science and Technology of Japan (MEXT) through the UNESCO Japanese Funds-in-Trust for the Global Action Programme on Education for Sustainable Development
