

OPEN DAYS

16 AND 17 MARCH 2017

UNEVOC CENTRE OF TECHNICAL SCHOOL OF NKOLBISSON

Analysis:

According to the calendar of the school year 2016-2017, the UNEVOC center of the Nkolbisson Technical High School hosted the opening ceremony of the open days of technical secondary schools in Cameroon. To this end, the focal point of the UNEVOC IPTI center joined the coordinator of the UNEVOC center at the Nkolbisson Technical High School to set up an information stand on the existence of UNEVOC and its role in strategy development and Training repositories through the sharing of ideas and good practices.

For this reason, the international center has put at our disposal a large number of documents to support our expression in the face of innumerable guests and the public.

Launched by the Secretary-General, personal representative of the Minister of Secondary Education, the visit took place at around 10 am. Several ministries were represented, namely:

- ✚ The Ministry of Higher Education
- ✚ The Ministry of Youth
- ✚ The Ministry of Small and Medium Enterprises
- ✚ The Ministry of Women and the Family
- ✚ The Ministry of Employment and Vocational Training

Observations:

It emerges here that UNEVOC is still unknown to all and the same questions return:

- ✚ What does UNEVOC?
- ✚ Why open a UNEVOC account?
- ✚ How to open a UNEVOC account?
- ✚ Publications UNEVOC are they accessible?
- ✚ Can I have a scholarship of UNESCO-UNEVOC?
- ✚ UNESCO-UNEVOC it provides financial assistance to TVET organizations?
- ✚ Is there an UNEVOC office in Cameroon?

Taken measures:

Distribution of flyers

Answering questions

Invitation from all parties to register on the website

Interview: Is it possible to open an UNEVOC office in Yaoundé - Cameroon?
