Description:
This manual provides practical principles and activities for planning and implementing vision screening and deworming in the education sector in Cambodia, Ethiopia, Ghana, and Senegal, based on the School Health Integrated Program (SHIP). The manual is divided into four different sections aimed at different audiences: Part 1: For Global Partnership for Education partners, including donors, country partners, civil society organizations, private organizations, and foundations. Part 2: For Ministry of Education staff who work with school health and nutrition programs. Part 3: For technical counterparts, such as health experts, who handle the technical aspects of implementation. Part 4: For anyone seeking to learn about school health and nutrition.
