### Periodical title:

Journal of AIDS & Clinical Research, 8 (3)

### ISSN:

2155-6113

### Description:

Methods: The HIV and Sexual Reproductive Health Status of Young People in Swaziland analysis were prepared in stages: desk review and analysis, consultations/interview meetings with key stakeholders, data analysis and compilation of the report. Results and discussion: Early sexual debut, high adolescent fertility rate, unmet need for family planning, and on-going problems with sexual and gender based violence (GBV) are some of the key issues faced by young people in terms of reproductive health in Swaziland.
