

**26 – 30 March 2011**

**WHV – Festember**

**◆ Koutammakou, the Land of the Batammariba, Nadoba, Togo**

The main focus of the programme was promoting intangible heritages. As a result, volunteers worked with local residents and provide them the opportunity to express their cultures in various forms such as arts.

The traditional dance competition revitalized several original traditional dances. This was an opportunity to show the richness and the uniqueness of the Tammari culture. A concert of modern songs of Tamberna inspiration involved 5 Tammari artists from Benin that composed their songs in Tamberna languages. Moreover, a theatre play that showed the daily life of Tamberna was played in Taberna languages.

Each session of cultural debates and conferences were attended by more than 150 people and provided excellent opportunity to disseminate knowledge about the history of Tammari and the role of Koutammakou for the social and economic development of Togo.
