International Workshop on HIV & Adolescence

When:

Wednesday, October 2, 2019 to Friday, October 4, 2019

Where:

Nairobi Kenya

The third International workshop is set up as an inclusive summit for multidisciplinary experts working with adolescents affected by HIV. The program will cover the entire spectrum of developmental changes in adolescents including social, behavioral, physiological and biological aspects and the impact of an HIV positive status. Prevention programs, testing, treatment and support services among adolescents shall be discussed.
