International Viral Hepatitis Elimination Meeting (IVHEM)

When:

Friday, November 22, 2019 to Saturday, November 23, 2019

Where:

Amsterdam, The Netherlands

The **6th International Viral Hepatitis Elimination Meeting (IVHEM)** is a global forum for knowledge exchange and discussion of practical experiences related to the clinical management of viral hepatitis. This two day meeting will also provide a toolbox for practical application of research & development for evidence based policy making.
