Copenhagen: IFMSA, 2019. 12 p.

### Organizations:

International Federation of Medical Students' Associations

### Notes:

Adopted by the IFMSA General Assembly March Meeting 2019, in Portorož, Slovenia.

### Description:

The IFMSA acknowledges the relevance of Comprehensive Sexuality Education for ensuring the respect to sexual and reproductive rights in the different stages of the life cycle. IFMSA believes the inclusion of CSE in the national curricula will help youth to have a healthier sexual and reproductive lives, free from stigma and discrimination. Moreover, the IFMSA condemns gender based violence (GBV), as it poses a serious threat to all genders; so we promote CSE as a powerful tool to attack the roots of GBV since the beginnings of life.
