**ACT No. 111**  
On Higher Education Institutions dated 22<sup>nd</sup> of April 1998  
And on Modification and Amendment of Other Acts

**(THE HIGHER EDUCATION ACT)**

The Parliament has resolved upon the following Act of the Czech Republic:

**PART I**  
**FUNDAMENTAL PROVISIONS**

**Article 1**  
**Introductory Provisions**

Higher education institutions represent the highest level of the educational system. They are regarded as top centres of education, independent discernment and creative activity. Higher education institutions play the key role in scholastic, cultural, social and economic development of society by performing the following:

- a) Maintaining and augmenting acquired knowledge; cultivating scholarly, research, developmental, artistic or other creative activity according to the type and objectives of the institution;
- b) Facilitating access to higher education in compliance with democratic principles; providing adequate professional qualification and training for research work and other challenging specialised activities;
- c) Rendering other forms of education; facilitating acquisition, enlargement, elaboration and refreshment of knowledge from various areas of learning and culture and thus contributing to lifelong learning;
- d) Playing an active role in public discussion on social and ethical questions, cultivating cultural diversity and mutual understanding, shaping civil society and preparing young generation for their life in such a society;
- e) Contributing to the development on both national and regional levels while co-operating with various stages of state administration and municipalities as well as in the area of industry and culture;
- f) Developing international and namely European co-operation as a fundamental extent of its activities, supporting common projects with similar institutions abroad, mutual recognition of credits and diplomas, exchange of academic staff and students.

**Article 2**

- (1) Higher education institutions provide accredited study programmes as well as lifelong learning programmes. The type of higher education activities is determined by the type of accredited study programmes being provided. Each study programme is one of the following types: bachelor, master, or doctoral.
- (2) Higher education institutions represent legal entities.

- (3) Higher education institutions are either university type or non-university type.
- (4) University type higher education institutions provide master or doctoral study programmes as well as related scholarly, research, developmental, artistic or other creative activity. They can also provide bachelor study programmes.
- (5) Non-university type higher education institutions provide primarily bachelor study programmes as well as related research, developmental, artistic or other creative activity. Higher education institutions of this type are not divided into faculties.
- (6) The type of the higher education institution is declared in its Statute; it must comply with the standpoint of the Accreditation Commission.
- (7) Higher education institutions are public, private, or state. There are military and police state institutions of higher education.
- (8) Other legal entities involved in similar activities may participate in educational, scholarly, research, developmental, artistic or other creative activity of higher education institutions.
- (9) No entities besides higher education institutions are allowed to award academic degrees, perform procedures for obtaining "venium docendi" (habilitation), procedures for the appointment of professors, use academic insignia, and hold academic ceremonies.
- (10) It is prohibited to establish political parties and political movements and perform their activities at higher education institutions<sup>1)</sup>.

### **Article 3** **Academic Community of a Higher Education Institution**

The academic community of a higher education institution is created by its academic staff and students.

### **Article 4** **Academic Liberties and Academic Rights**

The following academic liberties and rights are guaranteed at higher education institutions:

- a) Freedom of science, research and artistic activities as well as making the results public;
- b) Freedom of instruction, namely its openness to variety of scholastic theories, scientific and research methods and artistic trends;
- c) The right of learning that includes free choice of study specialisation within the framework of study programmes as well as freedom of expressing one's opinion during lecturing;

## **CHAPTER III SCOPE OF AUTHORITY OF THE MINISTRY**

### **Article 36**

- (1) Internal regulations of a public higher education institution are subject to registration by the Ministry. The request for registration is submitted to the Ministry by the Rector.
- (2) The Ministry shall decide upon the request within ninety (90) days upon its submission. Should the request be accorded, the Ministry will designate the registration in a duplicate of the registered internal regulation. The resolution on registration is not issued.
- (3) Should an internal regulation of a public higher education institution contradict an act or another legal regulation, the Ministry shall reject the request for registration by means of its resolution.

- (4) Internal regulations come into effect by means of their registration.
- (5) Provisions in subsections 1 through 4 are also applicable to changes of internal regulations.

### **Article 37**

Should any provisions of a public higher education institution or its part contradict an act or another legal regulation and there is no other method of revision stipulated in the Act, the Ministry shall invite the higher education institution to make a remedy in due term.

### **Article 38**

- (1) Should a public higher education institution or its part:
  - a) Fail to constitute any of its independent academic bodies;
  - b) Fail to adopt any internal regulations the adoption of which is compulsory as per this Act;
  - c) Have no accredited study programmes or the accreditation of all its study programmes was temporarily interrupted;
  - d) Demonstrate significant deficiencies in its economic management, thus jeopardising fulfilment of its tasks; or
  - e) Significantly infringe its duties stipulated in this Act,
  - f) The Ministry may restrict the scope of authority of bodies of the public higher education institution or its part, or it may take away such scope of authority from the public higher education institution or its part.
- (2) Decision-making upon the extent of restriction or forfeiture of the scope of authority is based on the relevancy of insufficiencies as well as the type and the extent of detriment incurred or imminent. The restriction will be carried out in the extent necessary for making a remedy.
- (3) Should the provision as per subsection 1 be applicable to bodies of the public higher education institution, the scope of authority of these bodies is devolved to the Ministry or a public higher education institution delegated by the Ministry to perform this scope of authority on the basis of a mutual agreement. Should the provision as per subsection 1 be applicable to bodies of a part of the public higher education institution, the scope of authority of these bodies is devolved to the Rector.
- (4) If not precluded by the nature of the matter, the Ministry is bound to provide the public higher education institution with prior notification of facts mentioned in subsection 1 and invite it to make a remedy in due term.
- (5) Should the reasons for making a decision upon provision as per subsection 1 cease, the Ministry shall cancel the measures taken.

## **PART III PRIVATE HIGHER EDUCATION INSTITUTIONS**

### **Article 39** **State Permission**

- (1) Legal entities with domicile in the Czech Republic are authorised to act as private higher education institutions if granted the state permission by the Ministry.
- (2) Authorisation of private higher education institutions is non-negotiable and does not pass to their legal successors.
- (3) Upon a request of organisers or founders of a private higher education institution, the Ministry may grant the state permission prior to registering the legal entity that is to act as a private higher education institution into the companies' register or another register (hereinafter referred to as "the register") if a proof is provided that such a legal entity was constituted or established. This legal entity is bound to provide the Ministry with an abstract of record no later than fifteen (15) days upon the receipt of the pertinent document on registration in the register. The state permission comes into effect upon the legal entity coming into existence.
- (4) The request for granting the state permission contains the following:
  - a) The name, domicile and type of the higher education institution;

institutions. It is also possible to specify the maximum number of admitted students that have met the requirements; should there be more applicants that have met these requirements, their admission is based on the order of the best applicants.

- (2) Conditions pertaining to admission of foreign citizens to studies in study programmes must allow fulfilment of obligations resulting from international contracts binding for the Czech Republic.
- (3) Higher education institutions or faculties are at the liberty to specify different conditions of admission pertaining to those applicants that have already passed through a study programme or its part, or the applicants that are currently passing another study programme at a higher education institution in the Czech Republic or abroad.
- (4) Fulfilment of conditions specified in subsections 1 through 3 is subject to verification, generally by means of an entrance examination.
- (5) The deadline for submitting applications for admission, conditions of admission as per subsections 1 and 3 as well as the term and method of verification of meeting these conditions must be made public by a higher education institution or a faculty in advance, but no less than four (4) months ahead of time. Should an entrance examination represent a part of such verification, it is necessary to make public its form, an outline of its contents and criteria of its evaluation. This information must be posted on an official board of a higher education institution or a faculty. The maximum number of students admitted to studies in a pertinent study programme must be made public in the same manner.

#### **Article 50** **Entrance Proceedings**

- (1) Entrance proceedings are commenced upon receipt of a written application for admission to studies at a higher education institution or its part providing the pertinent study programme.
- (2) The decision on admission to studies in a study programme provided by the faculty is made by the Dean of this faculty. The decision on admission to studies in a study programme provided by the higher education institution is made by the Rector.
- (3) Admission to studies at private higher education institutions is decided by the body specified in their internal regulations.
- (4) Decision-making on admission to studies is not subject to general regulations on administration proceedings.
- (5) The resolution must be made in writing no later than thirty (30) days upon verifying conditions of admission to studies. The resolution must contain substantiation as well as information on the possibility of making an application for review. The resolution must take the form of personal delivery. The method of alternate delivery is stipulated in internal regulations. The delivery of resolution to applicants whose abode is not known takes the form of posting at the official board.

- (6) Applicants are entitled to examine all their materials that have an impact on making decision on their admission to studies.
- (7) Applicants may request a review of the resolution. The request must be submitted to the body that have issued the resolution no later than thirty (30) days upon its receipt; default of this deadline may be pardoned in the event of serious reasons. Should such a body be represented by the Dean, he/she may accord the request independently and change the resolution; otherwise, the Dean shall pass the request to the Rector who will then make the decision. The Rector shall alter decisions made in conflict with the Act, internal regulations of the higher education institution or its part, or conditions stipulated in article 49, subsections 1 and 3. Otherwise the Rector will reject the request and confirm the original resolution.
- (8) A higher education institution or a faculty shall make the course of entrance proceedings public no later than fifteen (15) days upon their conclusion. Should written entrance examinations constitute a part of entrance proceedings, the higher education institution or the faculty shall release statistical survey of all parts of entrance examinations.

#### **Article 51 Enrolment in Studies**

- (1) The applicant is entitled to enrol in studies upon receiving a resolution on admission to studies. Applicants enrol in the term specified by the higher education institution or its part.
- (2) The enrolment takes place at the higher education institution or its part that provides the pertinent study programme.

#### **Article 52 Arrangement of Studies and Academic Year**

- (1) Studies are divided namely into semesters, academic years or blocks. Each semester, year or block consists of lecturing periods, examination periods and vacations.
- (2) The length of an academic year is twelve (12) calendar months; the commencement of an academic year is specified by the Rector.

#### **Article 53 State Examinations**

- (1) State examinations take place in front of a board of examiners; the course of a state examination and its results are open to the public.
- (2) State examinations shall be conducted only by professors, associate professors (readers) and specialists approved by the pertinent Scientific Board.
- (3) The Ministry is to appoint remaining members of the board of examiners from distinguished specialists in the pertinent field.

### **Article 54** **Interruption of Studies**

- (1) Studies in a study programme can be repeatedly interrupted provided that conditions stipulated in the Study and Examination Rules are met. Study and Examination Rules specify the maximum total length for interruption of studies.
- (2) Persons lose their student status during the period of interruption. Upon expiration of the period of interruption, a person is again eligible to enrolment in studies.

### **Termination of Studies**

#### **Article 55**

- (1) Proper completion of studies consists in graduating in the applicable study programme. The date of completion corresponds to the date of passing the state examination required at the end of studies or the last part of this examination.
- (2) Completion of studies and acquisition of an academic degree are documented by means of the higher education diploma and the state examination certificate.

#### **Article 56**

- (1) Studies are also terminated in the following events:
  - a) A student has decided to quit the studies;
  - b) A student has failed to meet the requirements specified in the study programme as per Study and Examination Rules;
  - c) Withdrawal of the study programme accreditation;
  - d) Expiration of the study programme accreditation as per Article 80, subsection 4;
  - e) A student has been excluded from studies as per Article 65, subsection 1, letter c) or as per Article 67.
- (2) The date of termination of studies as per subsection 1, letter a) corresponds to the date of delivery of a written statement of terminating one's studies to the higher education institution or a faculty the student is enrolled in. The date of termination of studies as per subsection 1, letter b) is the date stipulated in Study and Examination Rules. The date of termination of studies as per subsection 1, letter c) is at the latest the date of expiration of the term stipulated in the decree of the Ministry. The date of termination of studies as per subsection 1, letter d) is the date of study programme cancellation by the higher education institution. The date of termination of studies as per subsection 1, letter e) is the date the resolution on exclusion from studies comes into effect.

- (3) The decision on the termination of studies as per subsection 1, letter e) as well as interruption as per Article 54 is made by bodies listed in Article 50, subsections 2 and 3; decision making is subject to Article 50, subsections 4 through 7 by analogy.

## **Article 57**

### **Documents on Studies**

- (1) Documents on studies in a study programme and documents certifying graduation in a study programme are listed below:
- a) Student's identification;
  - b) Student's book;
  - c) Higher education diploma;
  - d) Certificate;
  - e) Evidence of completed exams;
  - f) Document on studies;
  - g) Diploma supplement.
- (2) Student's identification is a document handed to students upon their entry in the register of students.
- (3) Student's book is a document used for registering individual courses, results of inspection of study achievements or study performance.
- (4) The higher education diploma represents an evidence of completing a study programme in the pertinent branch of study.
- (5) The certificate represents an evidence of completed state examination and its parts, or possibly a defence of a thesis.
- (6) Evidence of completed exams and the document on studies are provided to:
- a) Persons that have completed studies in the pertinent study programme as per Article 56, subsection 1;
  - b) Students upon their request;
  - c) Graduates of study programmes upon their request.
- (7) The diploma supplement is handed to students upon their request.
- (8) Higher education diplomas and certificates bear the national emblem of the Czech Republic<sup>16)</sup> in addition to designation of the pertinent higher education institution and the academic degree awarded; higher education diplomas are usually presented at an academic ceremony.

---

<sup>16)</sup> Article No. 1, subsection 2 of the Czech National Council Act No. 68/1990 on the Usage of the National Emblem and the National Flag of the Czech Republic, in the wording of later regulations.

## **Study-Related Fees**

### **Article 58**

- (1) Public higher education institutions are at the liberty to set fees related to entrance proceedings. The maximum amount of these fees is 20% of the base.
- (2) The base for setting study-related fees is 5% of the average amount corresponding to one student from total non-capital expenditures provided by the Ministry from the State budget to public higher education institutions in the particular calendar year. The base will be announced by the Ministry at the beginning of a calendar year; the base applies to the academic year starting at this calendar year. Data pertaining to the past calendar year are used for calculation of the base.
- (3) Should student's enrolment in a bachelor or a master study programme exceed the standard length of study by more than one year, the public higher education institution shall set a fee corresponding to at least 1/4 of the base for each commenced month of study.
- (4) Should a graduate of a bachelor or a master study programme be enrolled in another bachelor or master study programme, the public higher education institution shall set an annual study fee not exceeding the base as per subsection 2; this provision is not applicable to graduates of a bachelor study programme that are enrolled in a consequent master study programme, or several regular study programmes not exceeding the standard length of study of one study programme. Should the total length of additional studies exceed the standard length of study, the public higher education institution shall set a study fee as per subsection 3.
- (5) Should a public higher education institution provide study programmes for foreign students in a foreign language, it shall set study fees in bachelor, master or doctoral study programmes. Setting study-related fees in this case is not subject to provisions in subsections 2, 3 and 4.
- (6) A public higher education institution shall announce the amount of study-related fees for the next academic year as per subsections 1 through 5 before the date of submitting applications for study. The amount of this fee, its form of payment and due date shall be stipulated in the Statute of the public higher education institution.
- (7) Study fees with the exception of those in subsection 5 are deemed an income of the scholarship fund of the public higher education institution.
- (8) The Rector is at the liberty to reduce, waive or defer the due date of study-related fees as per subsections 2 through 4 taking account of study results and social standing of a student as per provisions in the Statute of the public higher education institution.

- (9) Study-related fees set as per subsections 1 through 5 are not subject to general regulations on fees<sup>17)</sup>.

### **Article 59**

Study-related fees at a private higher education institution are set by the private higher education institution by means of its internal regulations.

### **Article 60**

#### **Lifelong Learning**

- (1) Higher education institutions may provide – either free of charge, or subject to payment – lifelong learning programmes within the framework of their educational activity and beyond the scope of their study programmes. Lifelong learning can be either vocation-oriented or interest-oriented. Detailed conditions pertaining to lifelong learning are stipulated in internal regulations. These must be provided in advance to all participants in lifelong learning programmes.
- (2) Higher education institutions shall issue certificates of graduation to all graduates in lifelong learning programmes.
- (3) Participants in lifelong learning are not regarded as students as per this Act.

## **PART VI STUDENTS**

### **Article 61**

- (1) An applicant becomes a student on the date of enrolment in studies; a person whose studies were interrupted becomes a student on the date of repeated enrolment in studies.
- (2) A person loses its student status on the date of terminating one's studies as per Article 55, subsection 1 and Article 56, subsection 1 and 2, or interrupting one's studies as per Article 54.

### **Article 62**

#### **Student's Rights**

- (1) A student is entitled to the following:
- a) Study within the framework of one or several study programmes;

---

<sup>17)</sup> Czech National Council Act No. 337/1992 on Administration of Taxes and Fees, in the wording of later regulations. Czech National Council Act No. 368/1992 on Official Fees, in the wording of later regulations.

- b) Choose subjects of study and design his/her curriculum as per the rules of a study programme;
  - c) Choose a teacher for the subject of study lectured by several teachers;
  - d) Take examinations under conditions stipulated in the study programme or the Study and Examination Rules;
  - e) Enrol in the next part of the study programme upon fulfilling requirements stipulated in the study programme or the Study and Examination Rules;
  - f) Propose a topic for one's bachelor thesis, diploma thesis, rigorosum thesis, or dissertation thesis;
  - g) Use equipment and information technologies needed for studies in a study programme in compliance with the rules stipulated by the higher education institution;
  - h) Elect members and be elected as a member of the Academic Senate, should this body be established;
  - i) Be granted a scholarship from financial means of the higher education institution upon fulfilling conditions for granting a scholarship stipulated in the Scholarship Rules.
- (2) Students performing practical training are subject to general regulations on work safety and health protection and working conditions of women<sup>18)</sup>.

### **Article 63**

#### **Student's Duties**

- (1) Student's duties pertaining to his/her studies result from the study programme and the Study and Examination Rules.
- (2) A student is obliged to abide by internal regulations of the higher education institution and its parts.
- (3) Furthermore, a student is obliged to:
- a) Cover study-related fees and provide data needed to set the amount of these fees;
  - b) Report one's delivery address to the higher education institution or its part he/she is enrolled in;
  - c) Come upon being called forth by the Rector, the Dean or a higher education institution's employee authorised by them to discuss questions pertaining to the course of study or the termination of study;
- (1) A student guilty of neglecting his/her duties as per subsection 3 is bound to compensate the higher education institution for costs such incurred.

#### **Disciplinary Misdemeanours**

### **Article 64**

A disciplinary misdemeanour represents a caused infringement of one's duties stipulated in legal regulations or internal regulation of a higher education institution or its parts.

---

<sup>18)</sup> Articles 132 through 138 and Article 150 of the Work Code.

### **Article 65**

- (1) The following sanctions can be inflicted for disciplinary misdemeanours:
  - a) Admonition;
  - b) Exclusion from studies on probation, including the term and conditions of acquittal;
  - c) Exclusion from studies.
- (2) Should a discussion of disciplinary misdemeanour alone result in a remedy, the infliction of a sanction can be relinquished.
- (3) While inflicting sanctions, regard is paid to the pattern of behaviour with which the misdemeanour was committed, circumstances of the misdemeanour, consequences caused, the extent of guilt, as well as former behaviour of the student who committed the misdemeanour and demonstrated effort to make a remedy of consequences. Exclusion from studies is possible only in case of intentional commitment of a disciplinary misdemeanour.

### **Article 66**

A disciplinary misdemeanour cannot be discussed upon expiration of a one-year term from its commitment or cognisable condemnatory verdict in the matter of the criminal case.

### **Article 67**

#### **Special Provisions on Exclusion from Studies**

Students admitted to studies consequent upon their fraudulent act will be excluded from studies.

#### **Decision Making on Students' Rights and Duties**

### **Article 68**

- (1) Decision-making on students' rights and duties is not subject to any general regulations on administration proceedings. The decision must be made no later than thirty (30) days upon receipt of an application or a notification of the subject matter.
- (2) Resolution on students' rights and duties must be delivered to students in an evincible manner. The resolution is designated in the documentation on students administered by the higher education institution or its part in which the students are enrolled.
- (3) Resolution on the following issues:
  - a) Consent to extraordinary examination re-sit should such an option be allowed for in the Study and Examination Rules;
  - b) Consent to repeating a part of studies designated in Article 52, subsection 1, should such an option be allowed for in the Study and Examination Rules;
  - c) Consent to the interruption of studies;

- d) Recognition of examinations and assignment of differential examinations;
- e) Granting a scholarship;
- f) Failure to meet requirements as per Article 56, subsection 1, letter b);
- g) Disciplinary misdemeanours;
- h) Exclusion from studies as per Article 76

must be issued in writing and it must contain substantiation as well as information on the possibility of making an application for review. The resolution must take the form of personal delivery. The method of alternate delivery in case of subject matters a) through e) may be stipulated in internal regulations of the higher education institution or its part.

- (4) Students may request a review of the resolution. The request must be submitted to the body that have issued the resolution no later than thirty (30) days upon its delivery as per subsection 3; default of this deadline may be pardoned in the event of serious reasons. Should such a body be represented by the Dean, he/she may accord the request independently and change the resolution; otherwise, the Dean shall pass the request to the Rector who will then make the decision. The Rector shall alter decisions made in conflict with the Act or internal regulations of the higher education institution or its part. Should there appear facts substantiating suspension of proceedings, the resolution on disciplinary misdemeanours and exclusion from studies as per Article 67 will be annulled.
- (5) In consequence to the resolution as per subsection 4, the bodies of a public higher education institution or its parts shall take such measures to restore student's rights and eliminate or alleviate consequences of an erroneous decision.

### **Article 69**

- (1) Disciplinary proceedings are initiated by the disciplinary commission of a public higher education institution upon a proposal of the Rector. This applies to discussing disciplinary misdemeanours of students that are not enrolled in any of the faculties. In case of students enrolled in a faculty, the proposal is made by the Dean. The proposal contains a description of an act, and possibly any supportive evidence as well as justification for regarding the act as a disciplinary misdemeanour. The disciplinary proceedings are initiated upon notifying the student with the proposal. Disciplinary misdemeanour is discussed orally while student being present. Should a student be absent albeit invited, the oral discussion could take place only in case he/she does not make one's excuse. Neither the Rector nor the Dean may inflict a sanction more severe than the one of the Disciplinary Commission.
- (2) The disciplinary proceedings shall be suspended should it become clear that the act does not represent a disciplinary misdemeanour or there is no evidence it was committed by the student or such a person is no longer a student.
- (3) The request for review always has a dilatory effect.
- (4) Subsections 1 through 3 are applicable to proceedings on exclusion from studies as per Article 67 by analogy.

## **PART VII ACADEMIC STAFF**

### **Article 70**

#### **Academic Staff**

- (1) The academic staff is represented by employees of a higher education institution performing pedagogical, scholarly, research, developmental, artistic or other creative activity. The academic staff is to take heed of the good name of the higher education institution.
- (2) The academic staff consists of professors, associate professors, senior assistants, assistants, lecturers as well as scientific, research and development workers taking part in pedagogical activities.
- (3) The academic staff at a higher education institution performs duties of teachers.
- (4) Other specialists may take part in lecturing on the basis of work contracts beyond the scope of regular employment.
- (5) The statute of visiting professors is stipulated in internal regulations of the higher education institution.

### **Article 71**

#### **Appointment of Associate Professors**

An associate professor in the pertinent field is appointed by the Rector on the basis of procedure for obtaining "venium docendi" (habilitation procedure).

### **Article 72**

#### **Procedure for Obtaining "Venium Docendi" (Habilitation Procedure)**

- (1) The habilitation procedure is to prove scientific or artistic qualifications of an applicant, particularly on the basis of habilitation thesis and its defence, other scholarly, special or artistic work as well as applicant's competence based on evaluation of his/her habilitation paper and previous lecturing experience.
- (2) Habilitation procedure is initiated upon a proposal of the applicant. The proposal must be accompanied by applicant's curriculum vitae, papers documenting acquired higher education and pertinent academic degrees awarded, documents proving lecturing experience, a list of scholarly, special or artistic work, a list of completed scholarly, special or artistic research fellowships both at home and abroad, or possibly other documents demonstrating scholarly or artistic qualifications. The proposal also designates the field of pertinent higher doctorate. The applicant is to submit his/her habilitation thesis.

- (3) Habilitation thesis is specified as follows:
- a) A written thesis comprising new scientific knowledge; or
  - b) A collection of published scholarly papers or technical papers supplemented with a commentary; or
  - c) A published monograph introducing new scientific knowledge; or
  - d) An artistic work or an artistic performance or a collection of these, e.g. an outstanding public artistic activity.
- (4) The proposal is submitted to the Dean of the faculty that is accredited in the pertinent field of habilitation, or the Rector, should the higher education institution be accredited in the pertinent field. Should there be insufficiencies in the proposal and the applicant fails to eliminate these in due term, the Dean or the Rector shall end the habilitation procedure.
- (5) In case the habilitation procedure is not terminated as per subsection 4, the Dean or the Rector shall submit this matter to the Scientific Board of the faculty or the higher education institution together with a draft of composition of a five-member Habilitation Board. The Habilitation Board consists of professors, associate professors and other distinguished representatives of the pertinent or a related field. The Board must be chaired by a professor. At least three members of the Board must come from a higher education institution other than the one performing the habilitation procedure.
- (6) The Scientific Board may waive the requirement of higher education in case of applicants in artistic fields.
- (7) The Habilitation Board in a composition approved by the Scientific Board shall appoint three opponents of the habilitation thesis. At most one opponent may come from the higher education institution performing the habilitation procedure.
- (8) The Habilitation Board shall assess scholarly or artistic qualifications of the applicant in the pertinent field and his/her previous lecturing experience. It shall assess the habilitation thesis based on opponents' reviews. The Habilitation Board shall then vote by ballot in order to make decision on appointing the applicant an associate professor. Should the nomination acquire minority of votes of all members of the Habilitation Board, the Board shall recommend termination of the habilitation procedure. Upon making a decision on the subject matter, the Habilitation Board resolves upon substantiation of the proposal by means of majority of votes of all its members. The proposal together with its substantiation shall be presented to the Scientific Board by the Chair of the Habilitation Board or a member authorised by the Chair.
- (9) Habilitation paper and the defence of the habilitation thesis take place at a public meeting of the Scientific Board. During a debate the applicant has an opportunity to make a statement upon opponents' reviews, defend his/her habilitation thesis and enlarge upon his/her scholarly, artistic and pedagogical work performed hitherto. Upon the debate, the Scientific Board takes a vote by ballot whether or not the applicant should be appointed an associate professor.

- (10) Should the nomination receive minority of votes of all Scientific Board members, the habilitation procedure shall be terminated by the Scientific Board. Should the Scientific Board make a resolution conformable with the proposal of the Habilitation Board, the substantiation of resolution made by the Scientific Board is the same as the substantiation put forth by the Habilitation Board. Otherwise, upon making a resolution in this matter, the Scientific Board decides upon the substantiation by a majority of votes of all members.
- (11) The Scientific Board shall pass the nomination of an associate professor to the Rector. Should the Rector disagree with the proposal, the Rector shall submit the proposal together with his/her substantiation to the Scientific Board of the higher education institution. The Scientific Board shall discuss this issue and take voting by ballot whether or not the applicant should be appointed an associate professor. Should the nomination receive a minority of votes of all Scientific Board members, the habilitation procedure shall be terminated. Upon making a resolution in this matter, the Scientific Board decides upon the substantiation by a majority of votes of all members. Otherwise, an associate professor is appointed by the Rector.
- (12) In case of terminating the habilitation procedure, the habilitation thesis together with attached documents and substantiation shall be returned to the applicant.
- (13) The habilitation procedure is not subject to general regulations on administration proceedings.
- (14) The applicant is entitled to raise objections to steps taken during the habilitation procedure. Should the Dean fail to accord the objections, he/she shall pass them to the Rector. The resolution of the Rector is deemed a final one.
- (15) If so stipulated in internal regulations of the higher education institution, the habilitation procedure can take place in front of the Scientific Board of an institute of the higher education institution. Duties of the Dean are then performed by the director of the institute.

### **Article 73**

#### **Appointment of a Professor**

A professor in a specific field is appointed by the president of the Czech Republic upon a proposal of the Scientific Board of a higher education institution presented by the mediation of the Minister.

### **Article 74**

#### **Procedure for the Appointment of a Professor**

- (1) Procedure for the appointment of a professor is to demonstrate pedagogical, scholarly or artistic qualifications of an applicant, who represents an outstanding and distinguished personality within his/her field. Initiation of this procedure is conditioned by person's previous appointing an associate professor pursuant a habilitation procedure should a

presentation of habilitation thesis constitute its part. The Rector upon a proposal of the Scientific Board of the higher education institution can waive foregoing appointment of an associate professor in exceptional cases. This applies to nominating persons who are already acting as professors at renowned higher education institutions abroad.

- (2) Procedure for the appointment of a professor is initiated upon applicant's proposal supported by at least two written references made by professors in the same or a similar field, or upon a proposal of the Dean or the Rector presented to the Scientific Board of the faculty that is accredited for the pertinent field of appointment, or to the Scientific Board of the higher education institution should the accreditation for this filed be awarded to the higher education institution. The procedure can be initiated by the Scientific Board of the faculty or the higher education institution at its own incentive. The proposal is to contain appurtenances detailed in Article 72, subsection 2, clause 2; the proposal also specifies the field within which the procedure for the appointment of a professor is initiated.
- (3) In order to review the proposal, the Dean or the Rector charges the pertinent Scientific Board with approving a five-member Evaluation Board consisting of professors, associate professors and other distinguished representatives of the pertinent or a similar field. The Board must be chaired by a professor. At least three members of the Board must come from a higher education institution other than the one performing the procedure of appointment.
- (4) The requirement of higher education may be waived by the Scientific Board in case of applicants in artistic fields.
- (5) The Evaluation Board shall assess qualifications of the applicant and vote by ballot in order to make decision upon appointing the applicant a professor. Should the nomination acquire a minority of votes of all members of the Evaluation Board, the Board shall recommend termination of the procedure of appointment. Upon making a decision upon the subject matter, the Evaluation Board resolves upon substantiation of the nomination by means of a majority of votes of all its members. The proposal together with its substantiation shall be presented by the Chair of the Evaluation Board or a member authorised by the Chair to the Scientific Board that have approved the Board. This Scientific Board shall invite the applicant to make a lecture at a public meeting of the Board, putting forth conception of scholarly or artistic work and lecturing in the pertinent field.
- (6) The Evaluation Board shall then vote by ballot in order to make decision upon appointing the applicant a professor. The nomination in case of the Scientific Board of a higher education institution is upon its approval presented to the Minister. The nomination in case of the Scientific Board of a faculty is upon its approval passed to the Scientific Board of the higher education institution that takes voting by ballot on submitting the nomination to the Minister. Stipulations as per Article 72, subsection 10, apply in both cases by analogy.
- (7) The procedure for the appointment of a professor is not subject to general regulations on administration proceedings.

- (8) The applicant is entitled to raise objections to steps taken during the procedure of appointment at a faculty or a higher education institution. Objections are evaluated by the Rector. The resolution of the Rector is deemed a final one.
- (9) If so stipulated in internal regulations of the higher education institution, the procedure for the appointment of a professor can take place at the Scientific Board of an Institute of a higher education institution that performs the same functions as the Scientific Board of a faculty. Duties of the Dean are then performed by the director of the Institute.

#### **Article 75**

### **Releasing Information on Habilitation Procedures And Procedures for the Appointment of Professors**

- (1) A higher education institution or its part shall post information on initiation of habilitation procedures and procedures for the appointment of professors at an official board without delay. This information shall include the schedule of public meetings of Scientific Boards. Information on termination of these procedures must be made public immediately as well.
- (2) A higher education institution shall provide the Ministry with the following information:
  - a) At initiation of a habilitation procedure or a procedure for the appointment of a professor: first name, surname, citizen's card-index number, family statute and permanent address; in case of foreigners, also the date of birth, sex, place of abode in the Czech Republic, nationality and data on employment of the applicant.
  - b) During a habilitation procedure or a procedure for the appointment of a professor: changes in the data listed under a), or reasons for and the date of interrupting the procedure.
  - c) At termination of a habilitation procedure or a procedure for the appointment of a professor: the date and the result of the procedure.
- (3) The Ministry shall make information on initiating a habilitation procedure or procedure for the appointment of a professor public in an appropriate manner. The same applies to making the results of these procedures public.

#### **Article 76 Sabbatical**

- (1) Six-month sabbatical is provided to academic staff of higher education institutions once in seven (7) years. Sabbatical is not provided if prevented so by serious circumstances pertaining to pursuing educational tasks of the higher education institution.
- (2) Academic staff on sabbatical is entitled to wage.

#### **Article 77**

### **Tender at a Public Higher Education Institution**

- (1) Posts of academic employees at public higher education institutions are filled on the basis of tenders. Organisation of a tender is not deemed necessary in case of repeated employment of an academic employee at the post already occupied by this employee.
- (2) Organisation of a tender must be made public at the official board of a higher education institution or its part as well as in public mass media covering the whole republic at least thirty (30) days prior to the deadline for submitting an application.
- (3) Details on tender organisation are stipulated in internal regulations of a public higher education institution.

## **PART VIII ACCREDITATION**

### **Accreditation of a Study Programme**

#### **Article 78**

- (1) Study programmes are subject to accreditation awarded by the Ministry.
- (2) In case of non-accredited study programmes, it is impossible to admit any applicants, hold lectures, examinations or award academic degrees.
- (3) Within the framework of accreditation of master study programmes, a decision is also made upon the right to award academic degrees as per Article 46, subsection 5.

#### **Article 79**

- (1) A written application of a higher education institution for study programme accreditation includes the following:
  - a) Designation of the higher education institution or its part in charge of providing the study programme;
  - b) Components of the study programme as per Article 44, subsection 2;
  - c) Evidence of staff, financial, material, technical and information provisions pertaining to the study programme for at least the standard length of study;
  - d) Objectives of the study programme, its motivations and expected number of admitted applicants;
  - e) In case of study programmes in the field of health services, it is necessary to acquire the standpoint of the Ministry of Health concerning possible employment of graduates in this field<sup>19)</sup>.
- (2) The Ministry is to convey the application immediately to the Accreditation Commission that shall make its judgement no later than 120 days from the date of receipt.

---

<sup>19)</sup> Article 53 of the Act No. 20/1966 on People's Health Welfare, in the wording of Czech National Council (ČNR) Act No. 548/1991.

- (3) Should it be possible to eliminate any insufficiencies that may occur in the Application, the Accreditation Commission shall call upon the higher education institution to eliminate these in due term and at the same time it shall interrupt its reviewing procedure. Should the higher education institution fail to eliminate the insufficiencies in due term, the Accreditation Commission shall issue its standpoint based on original documentation.
- (4) No later than thirty (30) days upon receiving the standpoint of the Accreditation Commission, the Ministry shall make its decision upon awarding the accreditation. While doing so, it must pay regard to the general conception of educational, scholarly, research, developmental, artistic or other creative activity of the higher education institution as well as assessment of its activities.
- (5) The Ministry shall not award the accreditation in the following cases:
  - a) The study programme does not comply with requirements listed in Part 4 of this Act;
  - b) Sufficient staff, equipment and information provisions are not granted for the study programme;
  - c) Implementation of the study programme is not backed up by sufficient financial, material or technical resources;
  - d) The higher education institution is not deemed capable of providing sufficient guarantees for lecturing;
  - e) The Application contains incorrect data deemed crucial for awarding the accreditation;
  - f) The Accreditation Commission has issued a negative standpoint.
- (6) On the ground of reasons listed in subsection 5 letters a) and b), the Accreditation Commission shall not issue an affirmative standpoint to the Application for study programme accreditation.
- (7) Upon agreement with the Accreditation Commission, the Ministry shall issue a decree detailing the contents of the written application for study programme accreditation.

### **Article 80**

- (1) An accreditation of a study programme is awarded for at most double of the standard length of study. The period of accreditation shall not exceed ten years in case of doctoral study programmes starting the date the resolution comes into effect.
- (2) Validity of an accreditation can be extended repeatedly. Proceedings on the extension of accreditation's validity are subject to stipulations in Article 79.
- (3) While providing an accredited study programme, the higher education institution may request an accreditation of its extension.
- (4) An accreditation of a study programme expires upon higher education institution's declaring cancellation of the study programme. An accredited study programme can be cancelled only if a higher education institution provides students with an option to

continue their studies in the same or a similar study programme at the same or another higher education institution.

### **Article 81**

- (1) An accreditation of a study programme may be requested by legal entities with domicile in the Czech Republic undertaking educational, scholarly, research, developmental, artistic or other creative activity. Such a request is made together with a higher education institution.
- (2) The legal entity shall present a request for accreditation as well as a contract on mutual co-operation while providing a study programme made with a higher education institution. The higher education institution shall issue a certificate documenting the change of academic-scientific degree abbreviation upon a request.

- (11) The academic degree of "doktor" (abbreviated as "Ph.D.", used after the name) is awarded to graduates in medical and veterinary studies that have completed their studies as per Article No. 22 of the Act No. 172/1990. The higher education institution shall issue a certificate documenting an award of this degree upon a request.

#### **Article 100**

- (1) The study of scientific postgraduates leading to the award of the scientific degree "kandidát věd" (i.e. "Candidate of Science", abbreviated as "CSc.") will no longer be open upon the new Higher Education Act coming into effect. Participants in these scientific education programmes that had started as per hitherto regulations may complete their education as per these regulations provided they finish the defence of their dissertations by 31<sup>st</sup> of December 2001.
- (2) Postgraduate students taking part in scientific education programmes may request their admission to doctoral study programmes. Their acceptance is subject to evaluation of their hitherto scientific education and completed candidate exams.

#### **Article 101**

- (1) As of 1<sup>st</sup> of January 1999, public higher education institutions are represented by higher education institutions listed in Appendix No. 1; military and police higher education institutions are represented by military and police higher education institutions listed in Appendix No. 2.
- (2) Higher education institutions named in subsection 1 shall submit their internal regulations modified as per this Act for registration by first of July 1999.
- (3) The effectiveness of appointment or election of academic officials and their term of office with respect to this Act remain intact.
- (4) Students enrolled in higher education institutions listed in Appendix No. 1 and Appendix No. 2 as of first of January 1999 are regarded as students as per this Act. Higher education institutions are due to enter these students into the Register of students by 1<sup>st</sup> of March 1999.
- (5) As of 1<sup>st</sup> of January 1999, the Ministry's right to manage is extended to the state property which was subject as of this date to the right to manage by higher education institutions listed in Appendix 1. Upon a discussion with a public higher education institution, the Ministry may resolve upon transferring this property to the possession of the pertinent public higher education institution; upon a request of a public higher education institution it shall be so decided always in the event of property needed for providing educational, scholarly, research, developmental, artistic or other creative activity while implementing accredited study programmes. The resolution must specify the designation and domicile of the public higher education institution, itemisation of the property being transferred as well as liabilities relating to this property and the date of transferring the property and related liabilities onto the public higher education institution. This resolution is not subject to general regulations on administration proceedings.

- (6) Property that was transferred to the right to manage by the Ministry on 1<sup>st</sup> of January 1999 as per subsection 5 as well as inherent property of the public higher education institution is not subject to general regulations on bankruptcy and compensation.<sup>13)</sup>
- (1) Rights and liabilities of the faculties that constitute a part of higher education institutions listed in Appendix 1 and Appendix 2 as of first of January 1999 are transferred onto the pertinent higher education institution.

### **Article 102**

Academic degrees, professional designation and other degrees awarded to graduates of higher education institutions as per former regulations with the exceptions listed in Article 99 remain intact. Scientific degrees "kandidát věd" (i.e. "Candidate of Science", abbreviated as "CSc.") and "doktor věd" (i.e. "Doctor of Science", abbreviated as "DrSc.") awarded as per former regulations remain intact.

### **Article 103**

- (1) Newly established public higher education institutions and military or police higher education institutions are bound to constitute their bodies no later than two (2) years upon their foundation. Duties of the bodies specified in Article 7 are performed in the necessary extent by persons delegated by the Minister until the time these bodies are constituted.
- (2) Newly established faculties are bound to constitute their bodies no later than one (1) year upon their foundation. Duties of the bodies specified in Article 25 are performed in the necessary extent by a person delegated by the Rector until the time these bodies are constituted.
