

Tackling the taboo: sexuality and gender-transformative programmes to end child, early and forced marriage and unions

2019. 40 p.

Organizations:

Child, Early and Forced Marriage and Unions (CEFMU) and Sexuality Programs Working Group

Description:

This report captures promising gendertransformative work taking place in politically and culturally conservative contexts, including programmes led by grassroots organisations. The findings are meant to be used: 1) as a learning tool for programme implementers, 2) to present gaps and opportunities for future research, and 3) as a tool for advocates to open dialogue with leaders and policymakers about how programming designed to address CEFMU can advance girls' and women's greater sexual agency, bodily autonomy, freedom and dignity.
