It is a social, ritual and festive event which is closely linked to the community's perception of its own history and memory.

The very essence of the Kumbh Mela lies in its Bathing Ritual which is an ancient form of worship and tradition. One of its major significance lies in the fact that it's a festival/gathering or Mela whose dates, time and place are declared 12 years ago, rather than annually. This pre-declaration of dates, time and place prepares the mentality of the pilgrims accordingly. Moreover it's the only Mela where people from all over the world congregate, therefore bringing with them different traditions, cuisines, cultures, languages, attires and dresses. The Kumbh Mela is also, in terms of the period and days, is one of the longest social gathering/festival/Mela in the world.

I/We have been and will be actively involved in the implementation of the safeguarding measures proposed in the nomination file.
