

# NTCs LEADING IN CRISIS, REIMAGINING THE FUTURE

Concluding report of Teachers' Day for the NTCs

8th October 2020

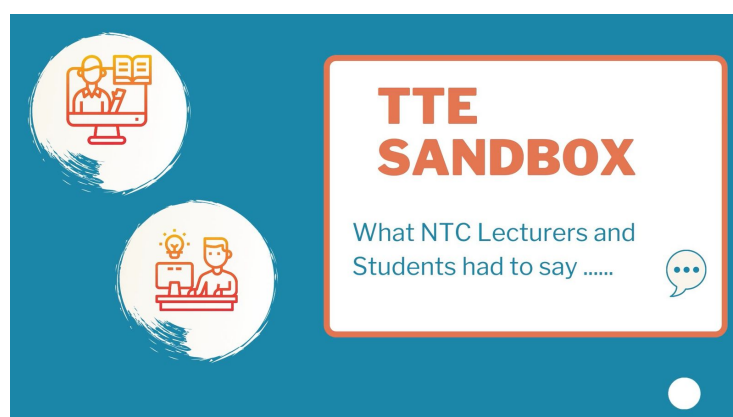

# CONTEXT

Internationally celebrated on 5th October, Teachers' Day aims to focus on **appreciating, understanding and improving** the practices of educators around the world and to provide an opportunity to consider issues related to teachers and teaching. This year was special, as it was the first time for the National Teachers' Colleges to celebrate the efforts of teachers online. On 8th October 2020, our focus was on the **innovations and initiatives** brought forward by NTC lecturers as they embraced new digital tools in order **to support distance teaching and learning**. This event was attended by many different and important stakeholders from Belgium, the Ministry of Education and Sports, NTC staff and students, Education Development Partners, medias, etc. This report summarizes the different celebrations that were targeted that day.

Video: NTC lecturers' experiences with distance learning

## TTE's CAPITALISATION DOCUMENT

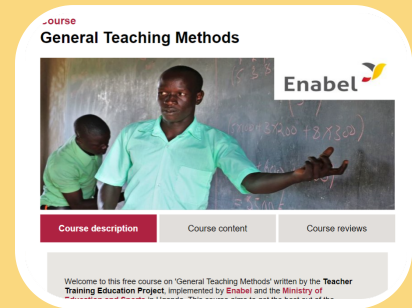

Key good practices of the Teacher Training Education (TTE) project aiming to reach others in similar sectors and inspire communities of change by adopting, adapting and scaling up practices previously implemented and approved

## TTE ONE-STOP PORTAL

This platform collects and assembles all learning content created by lecturers for all subjects across the five NTCs, as well as Communities of Practice, the ICT tutorials and the GTM Course. It is openly accessible and zero-rated by MTN

## GENERAL TEACHING METHODS ONLINE COURSE

A free course aiming to get the best out of the teaching practices from pre-service teachers, in-service teachers and anyone who is eager to contribute to quality education. This course is the first of its kind in Uganda and guarantees exciting, active and meaningful learning

## ICT TUTORIALS

A compilation of tutorials on different digital tools that can be used in distance teaching and learning, and which are equally helpful in the classroom. Here you will find a step-by-step guide, from creating your account to sharing your results

LAUNCHES
