## POSITIONS HELD

- **Chairman:** African Network on Man and the Biosphere (AfriMAB)
- **Vice Chair:** United Nations Educational, Scientific and Cultural Organization (UNESCO), Man and the Biosphere Programme International Co-coordinating Council (*MAB-ICC*)
- **Focal point:** Man and the Biosphere (MAB)

- **Director-General (DG-FRIN):** Forestry Research Institute of Nigeria, Ibadan (1<sup>st</sup> April, 2015 till date)
- ✓ **Infrastructural and Capacity building Developments (DG/CEO FRIN)**
  - Completion of Infrastructural Development at the Institute
  - Repositioning of Staff members for optimum performance: Sponsorship for Local and International conferences
  - Renovation of dilapidated structures
  - Reviving/repositioning of FRIN Outstations for better research focus
  - Turn-around of the operational structure of the FRIN consult
  - Purchasing of laboratory equipment for metrological stations
  - Refurbishment of generators and boreholes in the Institute
  - Landscaping of FRIN estate
  - Purchase of working equipment for outstations and operational departments.
- ✓ **Achievements and Commendation**
  - Development of a successfully implemented Green Economy model for communities around Biodiversity conserved environment (land mass) which has now been adopted by UNESCO for the region.
  - Coordination of the ongoing National Afforestation programme under the Green Bond concept of this Administration whereby over 500 hectares of indigenous tree species had been planted.
  - Strict compliance with the requisite International standards of CITES which earned Dr. Adepoju a laudable commendation accordingly.
  - Initiated the directive to amend the obsolete bill of the Institute which was passed into Law on 17<sup>th</sup> August, 2018
  - Successful Enactment of An Act to Establish the Forestry Research Institute of Nigeria for Forestry Research, Education And Training In Nigeria; and For Related Matters, 2018
  - Successful reduction of the gestation period of seven indigenous economic tree species from about 15 - 25years to 5 - 7 years.
  - Reclaimed and secured all encroached land and resources of the Institute.
  - Reconstituted and equipped the Biotechnology centre of the Institute for Mass propagation of seedlings to meet the National Afforestation programme requirement.

- Initiated and completed the documentation of two additional UNESCO adopted Biosphere Reserves and one National Transboundary Biosphere Reserve. This is quite notable, because prior to this time, Nigeria had only one of such UNESCO Biosphere Reserves which was established far back in 1977, over four decades ago.
- Established the Patency and Enterprise incubation Centre for the Institute that has added value and currently offers about fifteen (15) forest and medicinal products for the daily needs of Nigerians.
- Established a conservation Arboretum for rare, threatened and endangered tree species, wildlife and bird sanctuary measuring fifteen (15) hectares.
- Established a two (2) hectare herbal garden for the recently created Biomedical Research Centre of the Institute.
- Developed a policy document for the Institute titled “Organizational Design and Human Resource Planning” which has greatly aided the restructuring and repositioning of the Institute for optimal performance.
- Established a wood – plastic polymer mini factory at FRIN Headquarters in furtherance of the waste to wealth project of the Federal Ministry of Environment thereby ridding the environment of plastic waste.
- Established six strategic Rural Resource Centers for communities’ engagement, capacity building and extension services.
- Translated an English book on Nigerian tree species into major Nigerian languages for ease of reference by users.
- Digitalization of the collections of the Institute’s Herbarium which has over 150,000 plant species and has been recognized globally as the largest Herbarium in West Africa
- Won two International grants for the Institute from GBIF namely Biodiversity Information for Development (BID), 2017 titled “*Capacity Advancement for the Nigeria Node GBIF*” and Capacity Enhancement Support Programme (CESP), 2018 titled - Nigerian Node Mentoring.
- Actively participated at the roundtable on the project ”Biosphere and Heritage of Lake Chad” (BIOPALT) held on July 6, 2018 in New York and was thereby highly commended by UNESCO and given the rare privilege to take the lead on the BIOPALT project which involves 5 different Countries.

- ✚ UNESCO roundtable meeting on “Biosphere and Heritage of Lake Chad” (BIOPALT) held on July 16, 2018 in New York on the sidelines of the high level political forum of ECOSOC.
- ✚ “Your quality intervention enriched the discussions and greatly contributed to the success of the event. It testified our institution’s commitment to work fully towards poverty reduction and peace building in the Lake Chad Basin.”

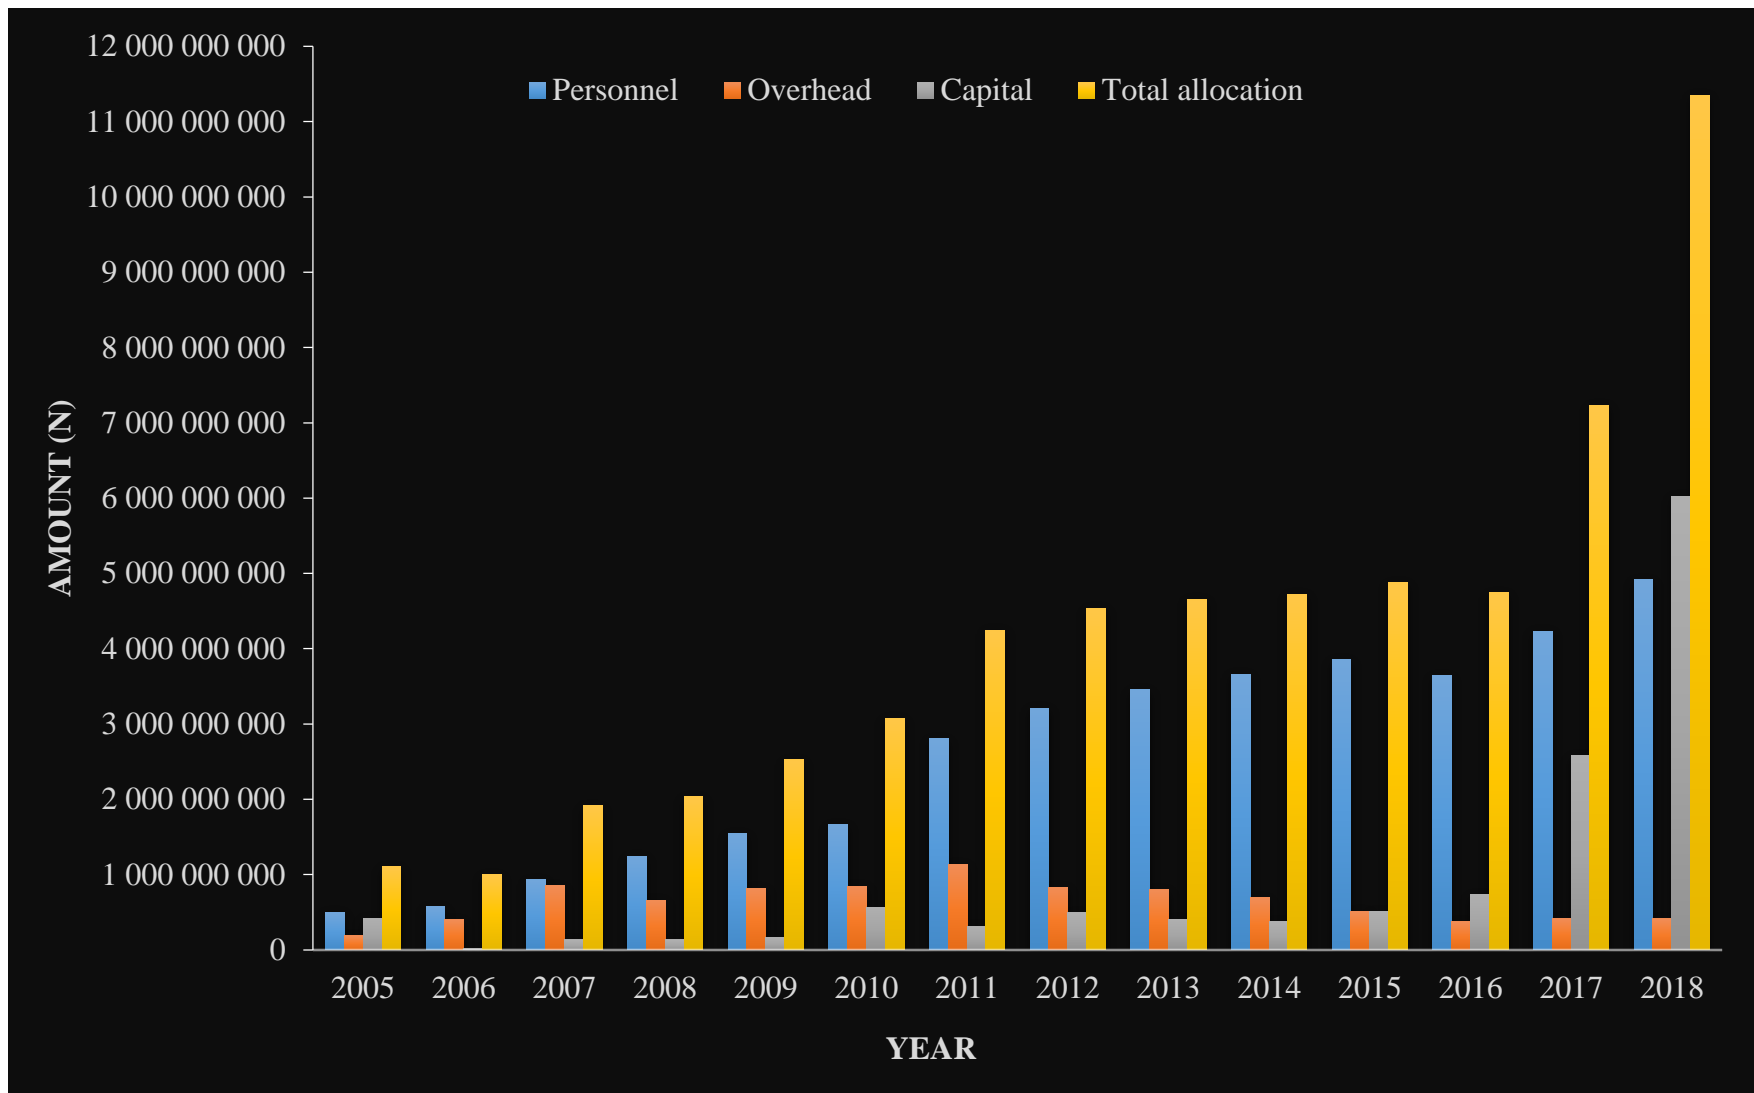

**The Assistant Director-General for Natural Resources (UNESCO)**  
**Flavia Schlegel**

- **Provost:** Federal College of Forestry, Jos Plateau State (28<sup>th</sup> March 2012 to April, 2015)
- ✓ **Developed the college and attracted the visit of USA Embassy for exchange programme between 2014 and 2015.**
- ✓ **Infrastructure and capacity building development**
