Hello Ashley and Gus

From our very poor office in Chuuk state. We are 100% support the nominations of navigation to ICH World Heritage.

I am Ranger Walter I approved this message!

Thanks

Rw

Tuwo Gus,

We have in our inventory and happy to support ICH safeguarding for navigation in FSM. Kulo for supporting this.

Kulo, Stan//khpo

Kaselehlie Maing,

Pohnpei State Historic Preservation is in full support for the nominating of the Intangible Cultural Heritage of Navigation or Wayfinding.

In the past, we were awarded grant from DOI, NPS (HPF grant) to document and build traditional and local canoes to preserve the skills and knowledge to the younger generation of our States. Dr. Takuya Nakaoga assisted Pohnpei State thru most of these canoe documentation projects.

Thank you,

Mordain David

Dear Gus and All:

In response to your subject matter, kindly be informed that there are information on navigation on Yap. Other papers/reports by other professionals such as Takuya are available although I've communicated to him of the error contained in the report. Such mistakes are obvious as they pertain to places names in the report. He should be working on the revision.

I hope this is sufficient for the project. But please advise further as Monday is a holiday here in Yap.

Kamagar,

Francis
