# Changes on Assessment Framework

## National Examination

Since 2015 the test blueprint explicitly stated cognitive level for all subjects. Since 2018, 10% of the items turn in to constructed response format. Since 2015, gradually the test administration has been switching to computerized based test.

## AKSI

Since 2017, AKSI grade 8 and 10 moved to computerized based assessment. Test blueprint also changed by introducing technology enhanced items format. This format influences the performance descriptor (for example in reading: students are able to navigate)

## Final school exam

Since 2017, final school exam based on standardized test blue print. 75% items developed by district, while 25% anchor from national center. The item format is no longer multiple choice only, but 10% of the items are constructed response.

...  
Mamma,  
Burung dara jantan yang nakal  
yang sejak dulu kau piara  
kini terbang dan telah menemu jodohnya  
Ia telah meninggalkan *kandang* yang kau buat  
dan tiada akan pulang  
buat selama-lamanya  
...

(Surat kepada Bunda tentang Calon Menantunya, Rendra)

The screenshot shows a WhatsApp chat interface. At the top, there are two tabs: 'Surat Izin' and 'Landuma messeng'. A red arrow points from 'Landuma messeng' to the text 'Text 2'. Below the chat header, there is a yellow system message: 'Pesan-pesan yang Anda kirimkan ke chat ini dan panggilan kini diamankan dengan enkripsi end-to-end. Ketuk untuk info selengkapnya.' The main chat content includes a green message from Oliver: 'Selamat pagi, Pak Suharjito, saya Oliver, orang tua Avelin, siswa kelas XII MIPA. Hari ini, Senin, anak saya tidak bisa masuk sekolah karena terkena demam berdarah. Dia harus beristirahat di rumah sakit' (06:00). A white reply from Bapak Suharjito asks: 'Baik,Bu, sudah berapa hari di rumah sakit?' (06:11). Another green message from Oliver says: 'Sudah sejak dua hari lalu.' (06:15). A white message from Bapak Suharjito says: 'Baik, Bu, terima kasih, kita doakan semoga ananda Avelin segera pulih, dapat belajar, dan beraktivitas kembali' (06:18). A green reply from Oliver says: 'Terima kasih, Pak' (06:22). A white message from Bapak Suharjito says: 'Sama-Sama' (06:25). At the bottom, there is a text input field with the placeholder 'Ketik pesan'. On the right side of the chat, there is an advertisement for 'Ojek Daring' with a map icon and the text 'PASANG IKLAN DISINI' and 'Hub : +621234567'. A small note at the bottom right says '\*klik untuk memperbesar'.

In 2018, AKSI introduced reading unit with hyperlink, multiple screen and interactive screen. These kind of stimulus make the performance descriptor elaborate the navigation skills within the descriptor.

# A lot more to come

**2017**- recent, developing automatic essay scoring to be able to assess essay items in large scale assessment. Encourage students on critical thinking

**2018**, developing automatic item generation to reduce item writers' workload. The aim is to get more critical thinking items

**2018**, capacity building on developing collaborative problems solving assessment

**2019**, developing digital reading assessment for primary school students

**2019**, elaborate financial, civics and moral domain into AKSI grade 10
