## OBJECTIVES

Information sharing and transparency are at the heart of the Convention.

Upon ratification of the 2005 Convention on the Protection and Promotion of the Diversity of Cultural Expressions, countries commit to submit "periodic reports" every four years on the policies and measures they have adopted, and the challenges encountered in implementing the Convention.

Periodic reports are **not only a statutory obligation** of Parties. They are **strategic tools for the development of innovative and committed cultural policies for the future** in your country.

Periodic reports have demonstrated their added value in **creating new spaces for dialogue**. They are key instruments that enable **government officials** and **civil society** to collaborate in assessing progress made in terms of protecting and promoting the diversity of cultural expressions and to identify areas where investment and human and financial resources may be required.

## SCOPE OF APPLICATION

The Convention deals with the diversity of cultural expressions, which manifests itself through various modes of artistic creation, production and distribution, whatever the means and technologies used.

In the periodic report, specific attention should be paid to contemporary artistic forms, to artistic expression conveyed through words (literature), sounds (music, radio), images (photos, television, films), movement (performing arts such as dance, theatre) and objects (sculpture, painting, design) as well as to cultural goods, services and activities produced and distributed by the cultural and creative industries.

Your periodic report will report on policies and measures implemented at the local, national, regional and international levels to:

- ❖ support the creation, production, distribution and access with regard to diverse cultural activities, goods and services;
- ❖ facilitate a balanced flow of cultural goods and services and promote the mobility of artists and cultural professionals around the world;
- ❖ integrate culture as a strategic dimension in sustainable frameworks;
- ❖ promote gender equality in the culture and media sectors;
- ❖ promote and protect artistic freedom (freedom of creation and expression, participation to cultural life).

For more information on the scope of application of periodic reports, please refer to the Convention's Monitoring Framework in the annex.

Please note that tangible and intangible cultural heritage are not covered by the scope of the 2005 Convention and should therefore not be covered in this report.

### WHAT IS THE PERIOD OF TIME COVERED BY THE PERIODIC REPORT?

If your country has not yet submitted any periodic report, you will need to report on policies and measures, achievements and challenges since the ratification of the Convention. You may also report on major policies and measures adopted before the ratification of the Convention when impact has since been monitored.

If your country has already submitted periodic report(s), you will need to report on policies and measures, achievements and challenges from the submission of your last periodic report. You may also report on major policies and measures adopted before and included in your country's previous periodic report when impact has since been monitored.

In principle, periodic reports should be submitted every four (4) years.

### TECHNICAL ARRANGEMENTS

In order to facilitate the processing and exchange of information relating to the protection and promotion of the diversity of cultural expressions, your periodic report should be submitted using an electronic form. This form is accessible via an online submission platform, hosted on the Convention's website.

The use of the electronic form guarantees a better exploitation of the information and data included in your report.

Only reports submitted online will be published on the [Policy Monitoring Platform](#). Reports submitted in electronic format will also provide information needed for the preparation of [Global Report series](#).

To learn more about how your policies and measures are being promoted, go to page 29 of this technical guide.

### WHAT IS THE SUBMISSION DEADLINE FOR PERIODIC REPORTS?

Every year, the submission deadline is 30 April. For your country's next year of submission, you can consult [this page](#).

### HAS MY COUNTRY ALREADY SUBMITTED A PERIODIC REPORT? HOW CAN I ACCESS IT?

To consult your country's submitted periodic report, if one has been submitted, you can consult [this page](#). Each periodic report submitted to the Secretariat is fully accessible and downloadable by clicking on the corresponding submission year.

Information sharing and transparency stands at the heart of the Convention. Upon ratification, countries commit to submit **every four years "periodic reports"** on the policies and measures they have adopted, and challenges encountered in implementing the Convention. These reports are key instruments for *civil society to engage with government officials in assessing progress made to protect and promote the diversity of cultural expressions.*

**The deadline for submission of periodic reports due in 2020 is the 15th of July.**

*The ideas and opinions expressed in the periodic reports are those of the submitting governments, Parties to the 2005 Convention. They are not necessarily those of UNESCO and do not commit the Organization.*

Following the adoption by the 7th Conference of Parties of the 2005 Convention in June 2019 of the revised Operational Guidelines on Article 9 "Information Sharing and Transparency", a new online form for periodic reporting has been developed. If your Quadrennial Periodic Report (QPR) is due in 2020 (check your submission deadline [here](#)), please note that you need to use the **new online form** for submission. **You can start preparing your Periodic Report offline and the Civil Society Organisation form.** The new online form will allow to better monitor the implementation of the 2005 Convention and will serve as a tool to inform the **Policy Monitoring Platform** and the third **Global Report**, to be published in June 2021. Should you need any further information, please write to [reports2005@unesco.org](mailto:reports2005@unesco.org).

- Click on "Create new account".

Please note that your password will be created at a later stage.

### WHO CAN BE AN ACCOUNT HOLDER?

The online account permits the completion and submission of periodic reports. Only one account can be created per country. We therefore recommend that the account holder be the person responsible for preparing the periodic report so as to facilitate the process of report submission. Generally, account holders belong to public institutions, such as the Ministry of Culture or Arts Council.

### IN WHAT LANGUAGE(S) SHOULD PERIODIC REPORTS BE SUBMITTED?

Periodic reports should be submitted in one of the Committee's working languages (English or French). To the extent possible, periodic reports can also be submitted in the two working languages of the Committee, as well as in additional languages (Decision 5.IGC 4).

# NAVIGATING THE FORM

---

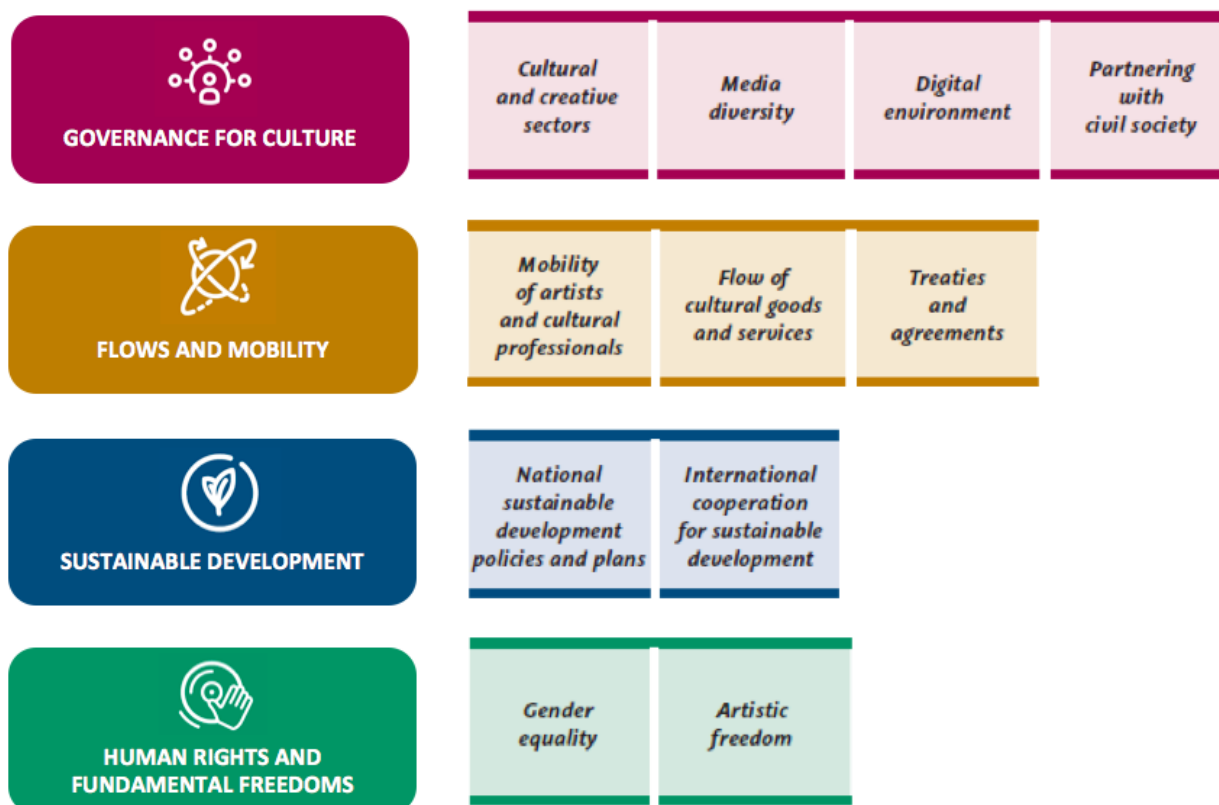

## STRUCTURE OF THE FORM

The structure of the periodic reporting form is aligned with the [Reporting Framework](#) annexed to Article 9 of the Operational Directives and is organized around the 4 objectives and 11 areas of the [Convention's Monitoring Framework](#).

4 OBJECTIFS

11 DOMAINES DE SUIVI

---

The electronic form consists of seven consecutive sections.

The "**General Information**" section (page 1) allows for the collection of information on the stakeholders contributing to the report, on the consultation process established and on the objectives and priorities of the current national cultural policy.

The "**Policies and Measures**" section (see pages 2 to 5) forms the core of your periodic report and is organized around the 11 monitoring areas of the Convention according to the following model:

- A *brief introduction* provides information on the type of information you are expected to report in relation with each area of monitoring.
- *Key questions* to facilitate a quick assessment of the level of implementation of each area of monitoring in your country. Your answers will directly inform the Convention's indicators.
- *Statistical data* might be required. Make sure to add them whenever such data is available in your country.
- A *narrative presentation* allows you to provide information on relevant policies and measures adopted in your country to implemented each area of monitoring of the Convention.

The "**Civil Society**" section (page 6) allows you to highlight the participatory processes established between civil society organizations and public authorities in the preparation of your country's periodic report. In relation to this section, you can, in particular, download and use the civil society form, which is a separate form available to Parties to facilitate the collection of information on civil society contributions. More information on the use of this form is available on page 25 of this guide.

The "**Emerging transversal issues**" section (page 7) allows you to present any other policies and measures that directly contribute to the implementation of the Convention and that would not necessarily be covered by one of the 11 monitoring areas of the Convention.

The "**Achievements and challenges**" section (page 8) allows you to present the main results achieved in implementing the Convention, the implementation challenges encountered or foreseen and the priorities identified for the next four years.

The "**Annexes**" section (page 9) allows you to upload relevant documents, such as a law, policy, agreement, or a strategy, but also studies and statistics related to the implementation of any of the 11 areas of monitoring of the Convention.

The "**Submission**" section (page 10) allows you to have the periodic report signed by the competent national authority, to submit it to UNESCO and to download it in its entirety in PDF format to facilitate its dissemination.

The table below provides a summary of the structure of the electronic form.

The links with the United Nations 2030 Agenda for Sustainable Development are highlighted to clarify how and why the Convention is an operational instrument for the implementation of the Sustainable Development Goals.

## WHAT ARE THE LINKS BETWEEN PERIODIC REPORTS AND THE 2030 UN AGENDA FOR SUSTAINABLE DEVELOPMENT?

The periodic reporting form has been designed to show how the implementation of the Convention contributes to attaining the [UN 2030 Sustainable Development Goals \(SDGs\) and targets](#).

## GUIDELINES FOR WRITING THE PERIODIC REPORT

The following guidelines shall be taken into consideration when collecting information and data, and writing reports:

- i) Declarative statements shall be supported by facts and explanations.
- ii) The reports shall be written in language consistent with the United Nations Charter and the 2005 Convention with a view to encourage dialogue and mutual respect among Parties and avoid politicisation.
- iii) Information and analysis are to be derived from a variety of sources and be illustrated with examples and, whenever possible, with data.
- iv) Long historical accounts are to be avoided.
- v) Key questions, relating to any of the 11 areas of monitoring of the Convention, inform the Convention's indicators and monitor its impact. They shall, as far as possible, receive answers and be justified.
- vi) The description of the policies and measures should be clear and succinct, focusing on priority lines of action and, where possible, achieved impact.
- vii) Intangible cultural heritage is not covered by the scope of the 2005 Convention and should therefore not be covered in this report.

The "Print entire form" button generates a print preview of your draft periodic report. You will find this button at the bottom of pages 2 to 10 of the electronic form.

Please note that you will also be able to download the final version of your periodic report after submission.

### **WHAT ARE THE MANDATORY FIELDS TO FILL?**

The mandatory fields are marked with an asterisk.

# FILLING THE FORM

---

## GENERAL INFORMATION

### ❖ Step 1: Fill in the technical information

1. Indicate the name of your country and the date of ratification of the Convention. As a reminder, the date of ratification is available here: <http://www.unesco.org/eri/la/convention.asp?order=alpha&language=E&KO=31038>
2. Indicate the contact details of the officially designated National Point of Contact (title, surname, first name, organization, address, country, email(s), telephone number(s), website(s)).
3. Save the contact details by clicking on the green "Create contact point" button.
4. Provide contact details of the stakeholders involved in the preparation of the periodic report, including contact details of civil society organizations (organization, type of organization, email, website).  
To add a new stakeholder, click on the blue "Add another item" button. You can add as many stakeholders as required.

### ❖ Step 2: Describe the multi-stakeholder consultation process established for the preparation of the periodic report

#### ARE THERE LIMITS ON THE NUMBER OF WORDS IN THE TEXT FIELDS?

There are no limits on the number of words in the text fields.

#### HOW TO FORMAT THE TEXT?

The electronic form has no text formatting option.

### ❖ Step 3: Provide an executive summary

1. The executive summary presents the main objectives and policy priorities of your country with respect to the implementation of the 2005 Convention. The executive summary is neither an introduction to the report nor an annotated table of contents. Please note that it will be presented to the Intergovernmental Committee and the Conference of Parties.

### ❖ Step 4: Save your changes

1. Click on the green "Save Draft" button to save your changes before moving to the next page or logging out.

## POLICIES AND MEASURES

As an example, this guide will focus on the first area of monitoring, the "Cultural and creative sectors", under **Goal 1 – Support sustainable systems for governance for culture**. Please note that all monitoring areas are structured in the same way.

- ❖ Step 1: Read the **Introduction** carefully
- ❖ Step 2: Answer the **Key questions**
  1. Most of the key questions have either "yes" or "no" answers. Some key questions are multiple-choice. In this case, please answer by checking as many boxes as necessary. More than one answer is possible.
  2. Remember to provide justification when requested.

### SHOULD ALL KEY QUESTIONS BE ANSWERED?

The key questions allow for systematic data collection on the implementation of each Convention goal and area of monitoring.

While answering all key questions is not mandatory to proceed to the next step, it is highly recommended that as many key questions as possible be answered, so as to provide a coherent and comprehensive picture of the work carried out at the national level to implement the Convention. If an answer is missing, you can reach out to relevant stakeholders.

### CAN I SELECT SEVERAL ANSWERS TO A KEY QUESTION?

Yes, more than one answer is possible.

- ❖ Step 3: Provide the required **Statistics**
  1. Please provide the required statistical data in the format requested if this is available in your country.  
For example, the share of the cultural and creative sectors in the Gross Domestic Product (GDP) is a percentage.
  2. When additional information is requested (for example, data broken down by sector, as below), you can import data tables by clicking on "Enable rich text".

## Statistics

Share of cultural and creative sectors in Gross Domestic Product (GDP)

Format: 2020

Please provide whenever possible disaggregated data by sector

Please provide whenever possible disaggregated data by sector

[Enable rich-text](#)

Various layout options will then appear.

To import a table, click on the icon: 

### ❖ Step 4: Add one or more **Relevant policies and measures**

1. Click on the blue "Add a measure" button. The inclusion of relevant policies and measures will serve to corroborate the answers to the key questions. This exercise must be repeated for all 11 monitoring areas. UNESCO can then include the policies and measures reported on the [Policy Monitoring Platform](#).

## Relevant Policies and Measures

[+ Add new Measure](#)

The Policy Monitoring Platform can help you gather information on cultural policies implemented at the national and regional levels.

You can seek inspiration among the policies and measures, categorized by geographical area, cultural field, objective and monitoring area of the Convention, to prepare your periodic report.

Visit the website: <https://en.unesco.org/creativity/policy-monitoring-platform>

2. Indicate the name of the policy/measure.  
This field is mandatory and must be filled in order to save the policy/measure.
3. Indicate the name of the agency responsible for the implementation of the policy/measure.  
To add a new agency, click on the blue "Add another item" button.  
This field is mandatory and must be filled in order to save the policy/measure.
4. Choose the cultural field(s) covered by the policy/measure.  
You can select more than one cultural field.

However, if you are reporting on a policy/measure that covers the cultural and creative sectors as a whole (e.g. a general cultural policy or law), please leave the boxes blank.

5. Indicate the website for the policy/measure if possible.  
To add a new website, click on the blue "Add another item" button.
6. Describe the main features of the policy/measure.  
This field is mandatory and must be filled in order to save the policy/measure.
7. Indicate whether young people are the main beneficiaries of the policy/measure.  
The United Nations defines persons between the ages of 15 and 24 years as "youth".
8. Specify if the [International Fund for Cultural Diversity \(IFCD\)](#) is involved in the implementation of the policy/measure.
9. Describe the results achieved so far in the implementation of the policy/measure.
10. Provide information on the financial resources allocated to the policy/measure.  
Please indicate financial resources in United States dollars.
11. Name and categorize the partners involved in the implementation of the policy/measure.  
To add a new partner, click on the blue "Add another item" button.  
For each partner, indicate whether it is a public, private or civil society actor.
12. Indicate whether the policy/measure has been evaluated and describe the main findings of the evaluation.  
Conducting an evaluation provides relevant information on the impact of a cultural policy. However, this is not yet a practice shared by all the Parties. Answering this question is therefore not mandatory.
13. Save each reported policy/measure by clicking on the green "Save this measure" button and then clicking on "Save Draft" at the bottom of the page.

If you wish to change or delete a saved policy/measure, you can do so by clicking on the white "Edit" button or the red "Remove" button.

#### Relevant Policies and Measures

[+ Add new Measure](#)

Be sure to save each policy/measure and then save your draft report before logging out.

## IS IT MANDATORY TO REPORT POLICIES AND MEASURES IN EACH OF THE 11 AREAS OF MONITORING?

While it is not mandatory to report policies and measures in each of the 11 areas of monitoring, it is highly recommended that as many areas of monitoring as possible be covered, so as to provide a coherent and comprehensive picture of the work carried out at the national level to implement the Convention.

## HOW MANY POLICIES/MEASURES CAN I REPORT PER AREA OF MONITORING?

There is no limit on the number of policies/measures to report per area of monitoring. We recommend that at least one policy/measure is reported per area of monitoring.

## MEASURES/INITIATIVES REPORTED BY CIVIL SOCIETY ORGANIZATIONS

In this section, you are invited to provide information on:

- how civil society organizations (CSOs) have been associated to the elaboration of the periodic report;
- relevant measures and initiatives implemented by CSOs during the last 4 years intended to implement the 4 Convention goals;
- priorities identified by CSOs to further implement the Convention.

To collect this information, we recommend that you use the CSO form, which has been developed to facilitate the collection of contributions from civil society.

The CSO form can be downloaded by clicking on the corresponding blue button.

# CIVIL SOCIETY (CSO) FORM

---

## PRESENTATION OF THE CIVIL SOCIETY FORM

The CSO form is a four-page Word document. It was developed to facilitate the collection of civil society contributions, in order to encourage the participatory preparation of periodic reports.

It is intended for civil society organizations and allows them to report on specific measures and initiatives they have taken over the past four years to implement the Convention, as well as recommendations to guide future action.

Only one measure/initiative can be reported per form. Civil society organizations willing to share multiple initiatives can fill out multiple copies of the CSO form.

## ACCESS TO THE CIVIL SOCIETY FORM

From the section "Measures and Initiatives Reported by Civil Society Organizations", you can download the CSO form. It is also accessible by following this link: [https://en.unesco.org/creativity/sites/creativity/files/cso\\_form\\_final\\_en.docx](https://en.unesco.org/creativity/sites/creativity/files/cso_form_final_en.docx)

## MEASURES AND INITIATIVES REPORTED BY CIVIL SOCIETY ORGANIZATIONS

### Introduction

Article 11 and related Operational Guidelines of the 2005 Convention acknowledge the key role of Civil Society Organizations (CSOs) in the implementation of the Convention. Paragraph 14 of the Operational Guidelines on Article 9 "Information sharing and transparency" also states that "Parties ensure the involvement of civil society in the preparation of the reports according to jointly-agreed modalities. The reports shall indicate the way in which civil society participated in the drafting process".

In this section Parties are invited to provide information on:

- how CSOs have been associated to the elaboration of the QPR
- relevant measures and initiatives implemented by CSOs during the last 4 years intended to implement the 4 Goals of the Convention
- priorities identified by CSOs to further implement the Convention.

To do so, Parties can:

- Download the CSO form and indicate the organization responsible for compiling the CSO responses as well as the deadline for contributions;
- Disseminate the CSO form among identified CSOs working in areas covered by the Convention; and/or CSOs selected on the basis of a call for interest; and/or through an open call for contributions;
- Include the contact details of the CSOs who reported measures and initiatives using the CSO form in the first section of the QPR form "General information";
- Complete the sections below by:
  - Describing the consultation process with CSOs;
  - Selecting the relevant CSOs measures and initiatives collected through the CSO form;
  - Consolidating the responses of the CSOs regarding their future priorities.

## HOW TO USE THE CIVIL SOCIETY FORM

The CSO form should be disseminated to civil society organizations in order to collect their contributions for inclusion in your country's periodic report. The person in charge of the preparation of the periodic report can choose the most appropriate modes of disseminating the form. Several possible modes are presented below in Step 2.

### ❖ Step 1: Fill in the contact information and deadline

1. On page 4 of the form in the "Section to be completed by the Party", fill in:
  - the contact details of the organization responsible for collecting the forms completed by civil society organizations
  - the deadline for receipt of contributions.

Civil society organizations will thereby know the deadline for submitting contributions and where to return the completed form.

<b>*** SECTION TO BE COMPLETED BY THE PARTY ***</b>	
<b>This form should be returned to:</b>	
ORGANIZATION:	_____
EMAIL: _____	PHONE: _____
ADDRESS:	_____
<b>To be considered for its inclusion in the QPR, this form should be returned before _____</b>	

### ❖ Step 2: Disseminate the form to civil society organizations

1. Choose the most appropriate consultation process to disseminate the form to civil society organisations working in the areas covered by the Convention:
  - a. Circulate the form to partner civil society organizations OR
  - b. Select contributing civil society organizations through a call for interest OR
  - c. Select contributing civil society organisations through an open call for contributions.
2. Disseminate the form to civil society organizations by mail or electronically, depending on the consultation process selected.

### ❖ Step 3: Compile civil society organization responses

Once the CSO forms have been completed and duly returned, the person responsible for the preparation of the periodic report will select the most relevant measures/initiatives, which will then be included in the electronic periodic report form.

For more information on the inclusion of civil society contributions in the periodic report, please refer to the section on "Measures and Initiatives Reported by Civil Society Organizations" on page 20 of this guide.

You will get a .pdf document that you can save, send electronically and/or print.

# DISSEMINATION OF THE PERIODIC REPORT

---

## STATUTORY BODIES

The Secretariat will register the periodic report and transmit it to the Committee and the Conference of Parties.

To facilitate the exchange of information relating to the protection and promotion of the diversity of cultural expressions, the periodic report is made public on the "[periodic reports](#)" page of the Convention's website before the session of the Committee at which it is considered.

## POLICY MONITORING PLATFORM

In order to enhance synergies between national and international monitoring processes, policy practices included in the periodic report could be listed on the Policy Monitoring Platform.

The [Policy Monitoring Platform](#) is a unique search engine that makes the most of the information from the periodic reports. It provides an opportunity to explore the many ways in which Parties promote the diversity of cultural expressions worldwide and highlights innovative practices that reflect the role of culture in the implementation of the 2030 Agenda for Sustainable Development.

## GLOBAL REPORTS

The [Global Report series](#) is designed on the basis of information and data derived from the periodic reports and other sources.

It monitors the implementation of the 2005 Convention and provides a set of data and information to inform the elaboration of cultural policies that place creativity at the heart of development.

Your periodic report is a unique tool for taking stock of the cultural and creative sectors at the national level. It allows the identification of achievements and best practices while preparing for future challenges.

We therefore encourage you to maintain the spaces for dialogue between public institutions, cultural professionals, artists and civil society organizations that were created during the preparation of the periodic report.

In order to enhance the value of the work accomplished, several initiatives can be implemented:

- Organize a public presentation of the periodic report;
- Translate the final report into the national language(s);
- Disseminate the final report to cultural and media actors, etc.
