It's important to get young children ready to read by connecting the book to their life.

- 2) What have you heard adults saying?
- 3) How do those conversations make you feel?

Lessons Learned

What are the constraints and barriers?

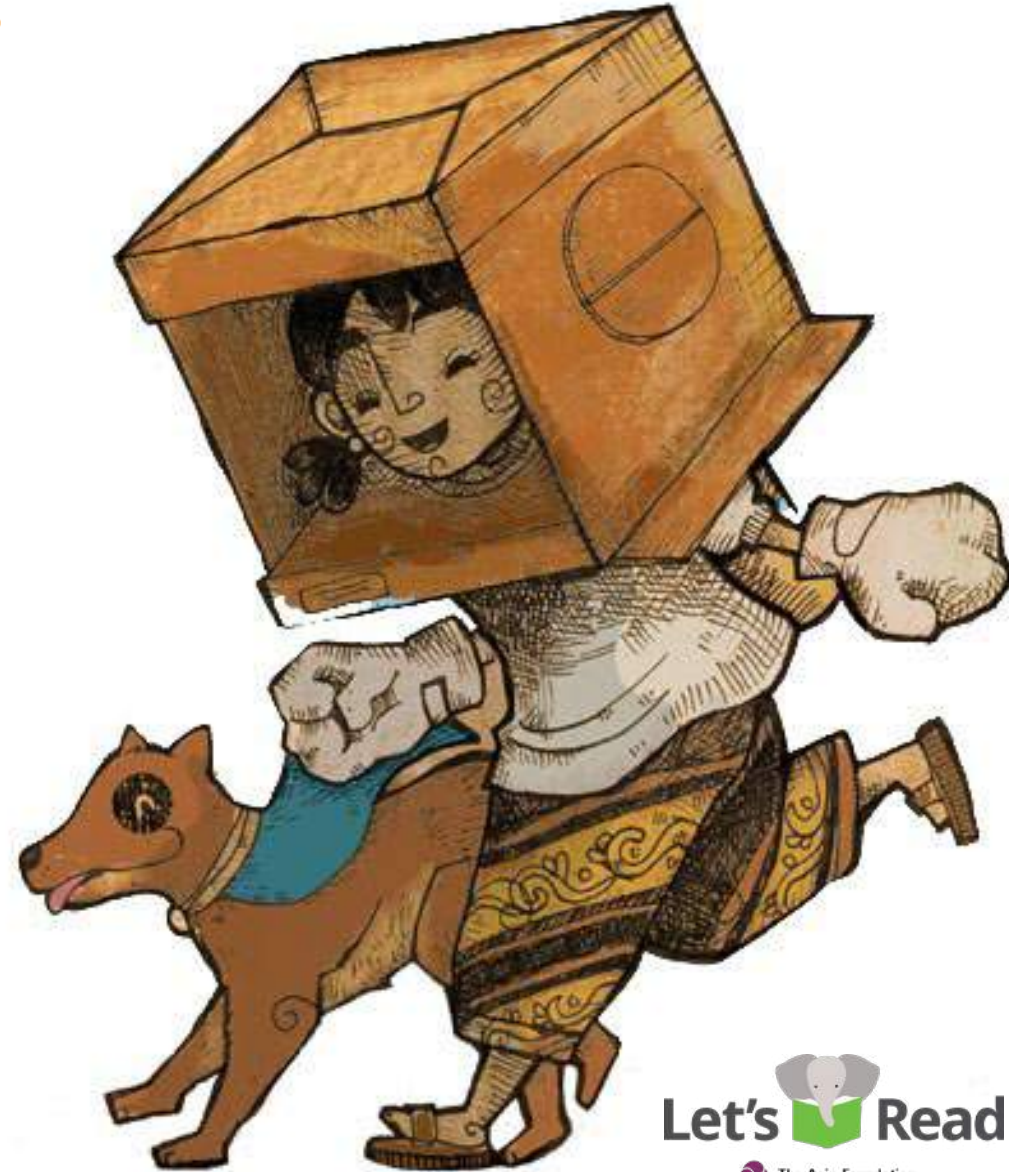

- Who is making the decisions about resources to be used?
- What motivates and concerns the decision makers?
- What do they need that others aren't providing?
- When do they need it?
- What are their own constraints?

Lessons Learned

How can we reach people during COVID-19?

- Social media
- Partnerships and networks
- Adjust
- Meet families' urgent needs first and/then layer resources for learning

Sofie Dewayani selaku Ketua Satgas Gerakan Literasi Sekolah memaparkan peluang pembelajaran #literasi selama #pandemi. Ia melihat bahwa PJJ adalah momen tepat untuk meningkatkan keterampilan: a) reseptif, seperti mendengarkan, membaca, dan melihat; serta b) produktif, seperti berbicara, berdiskusi, dan menyajikan gagasan. Hal tersebut dapat dicapai dengan pembacaan teks sebanyak mungkin baik secara mandiri maupun dipandu.

Pelajari selengkapnya dalam vErtual Talk #11 bertajuk "Extensive Reading: A Great Way to Promote Literacy" di kanal YouTube Sampoerna University. Presentasi Sofie dimulai pada menit 1:03:00: <https://www.youtube.com/watch?v=RE30Cu-FU8Y&t=6638s>

Presentasi memberikan peluang belajar bagi siswa dalam meningkatkan keterampilan literasi.
