Gender Female

How would you define the stakeholder community or communities to which you belong? International organization

Questions

1. What are your priorities for issues that should be addressed through the Internet Universality framework in each of these five categories?

Rights	<ul style="list-style-type: none">• Information about women, children, key populations at higher of risk HIV are adequately represented and encouraged
Openness	<ul style="list-style-type: none">• No limitation on who can access the available information based on country or affiliation or ability to pay fees
Accessibility	<ul style="list-style-type: none">• Structured for ease to maneuver and shift from
Multistakeholder participation	Should include consultations with key populations, marginalized groups, people with disabilities, community representatives
Cross-cutting indicators	Inclusion of indicators for gender equity and human rights

2. Are there any existing indicators with which you are familiar that you think it would be useful to include in the ROAM indicators framework?

Rights

Openness

Accessibility

Multistakeholder participation

Cross-cutting indicators

3. What do you think are the most important gaps in data/evidence required for monitoring Internet Universality and the ROAM principles? What approaches do you think could help to address these in your country, region or area of work?

Rights	Who monitors? Or should monitor?
--------	----------------------------------

Openness	Who defines the limit; and from which mandate of openness is really anchored?
----------	---

Accessibility	Defining the platform that can reach everyone
---------------	---

Multistakeholder participation

Cross-cutting indicators

4. What experience or views do you have of indicators relating to the Internet which are concerned with gender and with children and young people?

5. How do you think you might use the indicator framework for Internet Universality once it has been developed?

6. How do you think that other stakeholders might use the framework?

7. Please add any other comments that you think will be helpful to UNESCO in developing the indicators framework.

8. Please upload any documents that you think will be helpful here.

Please indicate here if you do NOT want your contribution to be published on the UNESCO Internet Universality Indicators consultation platform.
