Name Sam Bahour

Organisation Applied Information Management (AIM)

Email address sbahour@gmail.com

Country/region Palestine

Gender Male

How would you define the stakeholder community or communities to which you belong? Private sector

Questions

1. What are your priorities for issues that should be addressed through the Internet Universality framework in each of these five categories?

Rights	Freedom speech
Openness	User defined limitations only
Accessibility	Universral and tax-funded (like roads and sidewalks)
Multistakeholder participation	All sectors and mostly independent regulatory oversight
Cross-cutting indicators	Access, cost, speed

2. Are there are any existing indicators with which you are familiar that you think it would be useful to include in the ROAM indicators framework?

Rights

Openness

Accessibility		
Multistakeholder participation		
Cross-cutting indicators		

3. What do you think are the most important gaps in data/evidence required for monitoring Internet Universality and the ROAM principles? What approaches do you think could help to address these in your country, region or area of work?

Rights	Monitoring and reporting of violations	
Openness	Gov't imposed limitaitons on telecos and ISPs	
Accessibility	Universal Service	
Multistakeholder participation	Independent Telecom Regulator needed	

Cross-cutting indicators

- 4. What experience or views do you have of indicators relating to the Internet which are concerned with gender and with children and young people?
- 5. How do you think you might use the indicator framework for Internet Universality once it has been developed?

Advocate govt and ICT sector to adopt.

- **6.** How do you think that other stakeholders might use the framework? Be open to comparative analysis across countries so baselines can be set.
- 7. Please add any other comments that you think will be helpful to UNESCO in developing the indicators framework.
- 8. Please upload any documents that you think will be helpful here.
