## Questions

**1. What are your priorities for issues that should be addressed through the Internet Universality framework in each of these five categories?**

---

Rights	100% agree
--------	------------

---

Openness	100% agree
----------	------------

---

Accessibility	100% agree
---------------	------------

---

Multistakeholder participation	100% agree
--------------------------------	------------

---

Cross-cutting indicators	I don't understand this correctly .
--------------------------	-------------------------------------

**2. Are there any existing indicators with which you are familiar that you think it would be useful to include in the ROAM indicators framework?**

---

---

Rights

---

Openness

---

Accessibility

---

Multistakeholder participation

---

Cross-cutting indicators

**3. What do you think are the most important gaps in data/evidence required for monitoring Internet Universality and the ROAM principles? What approaches do you think could help to address these in your country, region or area of work?**

---

Rights

---

Openness

---

Accessibility

---

Multistakeholder participation

---

Cross-cutting indicators

**4. What experience or views do you have of indicators relating to the Internet which are concerned with gender and with children and young people?**

I have not experience.....

**5. How do you think you might use the indicator framework for Internet Universality once it has been developed?**

I don't think about that and have not my opinion.

**6. How do you think that other stakeholders might use the framework? Just as a " listener " only.**

**7. Please add any other comments that you think will be helpful to UNESCO in developing the indicators framework.**

**8. Please upload any documents that you think will be helpful here.**
