## South Africa

## African Union: Southern Africa

South Africa belongs also to the following regional aggregations:

SDG: Africa (Sub-Saharan)
WB: Upper middle income (July 2020)

GNI per capita, PPP (2019)
Population, total (2020)
\$ 12640
59.3 millions

This country profile presents the data available to monitor CESA Strategic Objectives (SO) and SDG 4 frameworks (correspondence). Data points for South Africa are available for SO1, SO3, SO4, SO5, SO6, SO8, SO9, and Finance. The arrow indicate the trend when at least two data points are available. A (1) indicates if change was positive from the first to the last observed value, and if it was negative. Differences of $+/-5 \%$ are considered stable and marked with $\Theta$. The gray area and line in the miniplot show the average for Southern Africa in the period.

需 Early Childhood - Post-Secondary Education
