## Climate mitigation and protection

KLIMA-STRATEGIE 2030

HAMBURG Climate Smart City

HAMBURGER KLIMAPLAN - TRANSFORMATIONSPFADE 2030

Hamburg Climate Protection Act (February 2020):
"Limiting global warming" included in the Hamburg
constitution as a state goal by 2030: CO2 minus 55\%
by 2050: Hamburg is climate neutral

## The „Hamburg ESD Master plan" supports the transformation of the city

- Systemic approach for all educational areas plus districts
- 2017-2019: 6 working groups
- 139 public institutions
- Resolution of the Senate (June 2021) - duration 2021-2030
- Over 100 measures planned
- Steering group: Government and NGOs
- Scientific evaluation
- 1.1 million € for 2021 and 2022

ESD Master plan 2030

## Best practice: Hamburg Climate Schools

All involved togther develop a holistic climate concept for the school

Copyright: LI Hamburg
$\checkmark$ Zero energy school buildings
$\checkmark$ Solar roofs everywhere
$\checkmark$ Less parking for cars
$\checkmark$ Free climate coaches
$\checkmark$ climate-resistant green space
$\checkmark$ District as a learning environment

By 2030: 4 billion $€$ for the construction of 44 new schools and 220 modernizations
